OXFORD, OHIO

Handbook and Calendar

Miami University

1916-1917

*To the Students of Miami:*

It affords me great pleasure to extend a cordial greeting to you at the beginning of this new college year of 1916-17. It should be the best year in Miami history, and it will be if each of us does his part.

It has been the desire of the Christian Associations to publish a handbook for the students and it has been my desire to print in advance a calendar of the college year, listing as many appointments as possible. We have combined these enterprises in this little book. The calendar was edited in the college offices and represents the action of the University Calendar Committee. The rest was edited by officers of the Association. We trust all will be of value.

With my best wishes, and hoping that this year may be a bright and valuable one in the life of each of you, I am

Yours faithfully,

R. M. HUGHES

## How to Register

1. The registration headquarters are in the Alumni Library, situated on the south side of the campus.

2. Appear at the Library upon arriving in Oxford and get a time card which indicates the time at which you are to return and register for the year.

3. Return to the Library at the time indicated upon the time card. Then, if you have not decided upon your course, you will be given necessary instruction regarding the courses offered. At this time arrange for the payment of all fees.

4. While waiting for your turn to register, all arrangements should be made for rooms. This can also be attended to in the Library.

5. It is advisable, when possible, for all new students to make arrangements with the Deans concerning their course and their rooms.

6. Women students are asked to acquaint themselves as soon as possible with the regulations for their college life suggested by the Student Government Organization. These regulations are posted in the halls of residence and in all cottages in the town where women students are housed.

## Some Hints on How to Study

Many students come to college **Not Knowing How to Study**. As a result, they waste considerable time and energy, many get very low grades, and some fail entirely. **Study is Largely Habit**. Correct study means correct methods of procedure and application. Economy of time and energy is the result. Nothing is more important to the college student. Therefore start right, begin immediately upon entrance to college to form good habits of study.

These hints may aid you to be a **Better Student**.

- 1 Have a **Definite Time** to study. Study the same subject at the same time each day. Make a **Schedule of Study** to correspond to your schedule of recitations.
- 2 Work when you work. Don't mix work and play. Begin and end your work promptly. **Get Down to Business Immediately**.
- 3 Apply yourself **Diligently for Short Periods**, then rest. Concentrate all your energy on the work at hand until you begin to tire, then **Rest**,—do something different. After a short period of rest resume your work.
- 4 Read the **Entire Lesson** thru at first. Determine now the main problem or topic of the lesson. Get a big viewpoint.
- 5 Second, separate the **Essential** from the **Non-Essential**. The secret of study is knowing **What to Omit**. Books are filled with details and repetitions. **Find the Elephants**.
- 6 **Underlining Important Sentences** in your texts is valuable and saves time in review. The better practice is to write out the essentials in a **Note Book**.
- 7 **Learn** the important facts or principles (1) by simply recalling them, (2) by asking yourself questions bearing on the lesson and answering them in reference to the principles or facts at hand, (3) by applying these new facts and principles to your previous knowledge or experience.
- 8 Ideas must be systematized. **Isolated Facts** in consciousness have **No Power** to function. Make each **New Idea a Part of Yourself**. Relate it or connect it to something you already know. **Unify Your Mental Content**.
- 9 **Do Not Cram**. It has no permanent value. **Review** the essential often. Begin your study with a review of previous lessons and end your study with a review of the present lesson. **Review Makes Knowledge Permanent**.

## Tips to Freshmen

("He that hath ears to hear, let him hear.")

Join one of the Christian Associations, and get into the work.

Humility is a good thing for all men, but especially for freshmen.

Subscribe for The Miami Student.

Ask questions: a better way to learn has never been invented.

Buy an athletic ticket: you will be saving money and supporting a good cause.

Don't worry about appearing green: you are merely showing signs of life.

You need the Lyceum Course in your education.

You have come here to learn: do it.

Don't begin to specialize too soon.

Strive for a "sound mind in a sound body," don't cultivate one to the injury of the other.

Seek truth: it is the end and aim of all learning.

Don't offer yourself to a fraternity or sorority; there is no surer way to be left out. Don't think that your life depends on belonging to one. But if you make one don't forget there are strong people outside.

Try to be natural and to forget yourself.

Remember that Miami has social standards to maintain as well as athletic, and that Miami girls have a lot to do with this phase of college life.

A losing team needs more rooting than a winning one.

Have class spirit as well as school spirit.

Don't build a high board fence around your col-

lege course and stay inside it: there is a whole world of other worth-while things in college life.

Conceit is a common fault of fools.

If you're down and out, keep your heart singing, and you'll get up again.

A smile on your own face will put to shame a frown on your neighbor's.

Honor thy father and thy mother that thy days may be long in the college to which their hard earned money hath sent thee.

In every good thing—boost.

## Varsity Songs

### MIAMI MARCH SONG

Miami old to thee our love we bring,  
To thee our hearts and minds will ever cling,  
Thy fame of other days, thy gifts so free,  
Call us to-day, to sing our praise to thee.

#### *Chorus:*

Love and honor to Miami,  
Our College old and grand,  
Proudly we shall ever hail thee,  
Over all the land.  
Alma Mater, now we praise thee,  
Sing joyfully this lay,  
Love and honor to Miami,  
Forever and a day.

Thy elms, thy hills, thy skies of azure hue,  
To them is deepest inspiration due,  
Thy stately towers upon the hilltop fair,  
To them do we our grateful homage bear.

On land and sea, our hearts will ever be,  
The truest, bravest man can show to thee,  
Our duty ever in our loyalty,  
To guard thy name through all eternity.

### OLD MIAMI

Old Miami from thy hill crest,  
Thou hast watched the decades roll,  
While thy sons have quested from thee,  
Sturdy hearted, pure of soul.

#### *Chorus:*

Old Miami, New Miami,  
Days of old and days to be,  
Weave the story, of thy glory,  
Our Miami, here's to thee!

Aging in thy simple splendor,  
Thou the calm and they the storm,  
Thou didst give them joy in conquest,  
Strength from thee sustained their arm.

Now of late thy self invigorated,  
Larger usefulness awaits,  
Hosts assemble for thy blessing,  
Youth and maiden throng thy gate.

Thou shalt stand a constant beacon,  
Crimson towers against the sky,  
Men shall ever seek thy guiding,  
Power like thine shall never die.

### THE SCALP SONG

The tribes go forth to war,  
Their scalp songs ring afar,  
Bright the blood-red campfires gleaming  
Mad with thirst the war-hawks screaming;  
Signal smoke soars high,  
Beckons in the sky,  
Old men shake their calabashes,  
Warriors dance amid the ashes,  
Maidens sobbing, war drums throbbing,  
War!  
Sweet the victory and the conquest,  
Calm the rest among the slain;  
Sons of centuries of heroes,  
Seek the fruit, despise the pain,  
Watch Miami, now,  
See her foemen bow,  
Far and wide their hosts are scattered,  
Spears are broken, shields are battered;  
Miami! Yuh! Yuh! Yuh! Yuh!  
Miami! Yuh! Yuh! Yuh! Yuh!  
Race them, chase them, hound them, pound them,  
Wow!
