EDITOR'S FOREWORD

Believing that the trail blazed last year by the "M" Book Staff to be very satisfactory and with few exceptions to be improved upon we the staff of the "M" Book of 1926-27 do send this book to press.

The generosity of the campus organizations listed in another part of this book and the advertisers has made this book possible. We wish to thank them and hope that they may be well rewarded.

This book is a guide to the incoming students and a reminder to those who have already become acquainted with the customs and traditions of Miami. We hope that it will meet with your approval and that it will accomplish the purpose for which it is published.

ALFRED F. PORTER, Editor.

PRESIDENT R. M. HUGHES

THE PRESIDENT'S GREETING

To New Students Entering Miami University.

It gives me great pleasure to extend through this booklet a word of greeting to the men and women who are coming for the first time to the halls of Miami University, I wish for you the same satisfaction and happiness and success in your life at Miami which many of us have enjoyed here. I hope that you will find the old college a pleasant place to work, that you will meet true friends here, that you will come to love the paths and walks of her campus, and that you will find stimulus in her class rooms to develop into the strongest personalities which lie within you.

Miami has had a long history, noble men and women have gone out from her halls, great opportunities await those who take advantage of their privileges upon her campus.

R. M. HUGHES.

Old Miami

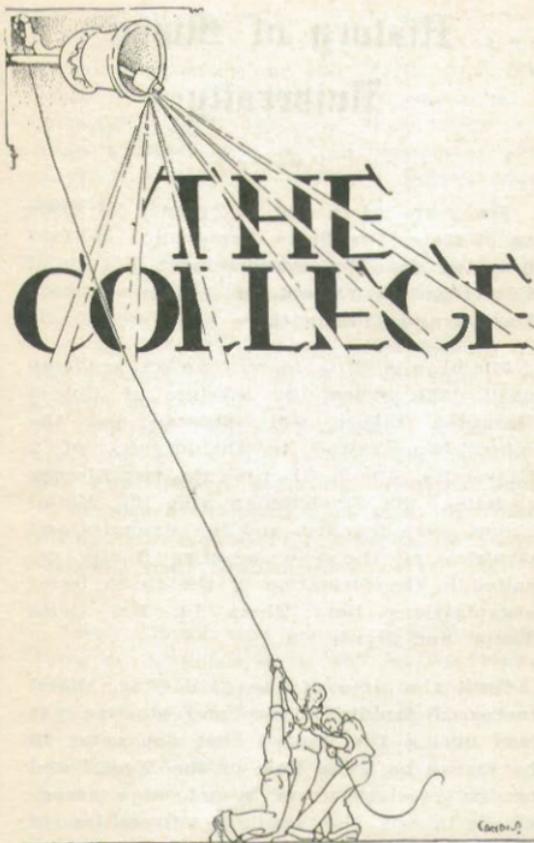

(Alma Mater)

Old Miami, from thy hill crest
Thou hast watched the decades roll,
While thy sons have quested from thee
Sturdy hearted, pure of soul.

Old Miami! New Miami!
Days of old and days to be
Weave the story of thy glory,
Our Miami, here's to thee.

Aging in thy simple splendor,
Thou the calm and they the storm,
Thou didst give them joy in conquest,
Strength from thee sustained their arm.

Thou shalt stand a constant beacon,
Crimson towers against the sky,
Men shall ever seek thy guiding
Power like thine shall never die.

History of Miami University

Six years after the acceptance of Ohio as a state, the State Legislature of 1809 provided for the establishment of Miami University in Oxford, a village between Dayton and Cincinnati.

Miami was little more than an academy until 1824, when the services of Robert Hamilton Bishop were secured and the school was raised to the dignity of a University. About this time the two literary societies, the Erodelphian and the Miami Union, were founded, and the struggles and rivalries of the two societies finally resulted in the formation of the Greek letter organizations Beta Theta Pi, Phi Delta Theta, and Sigma Chi.

Until the time of the Civil War, Miami increased rapidly in size and prestige. It was during this period that she came to be known as "The Yale of the West," and credits received from Miami were recognized in all the leading universities of America. But the coming of the Civil War

marked the beginning of a dark period in Miami history. Many of the students joined the armies of the North and the South so that the attendance was greatly curtailed. After the war there were no funds available for the continuance of the university, and in 1873 the school was closed.

In 1885 the University reopened under the leadership of President McFarland. From this time on the rise of the school was rapid and without interruption. In 1887 women were allowed to enter the College of Liberal Arts for the first time. In 1902 the Teachers College was added, affording a thorough course for prospective grade-school teachers. The Bachelor of Science in Education courses for those wishing to prepare for teaching in high schools were added in 1914.

Today Miami stands as one of the best equipped universities in the Middle West. Nine new buildings or additions to buildings have been made in the past four years at an approximate cost of \$1,500,000. Considerable additions are being made to the faculty each year in order to keep her classes small and maintain a closer connection between the teacher and student.

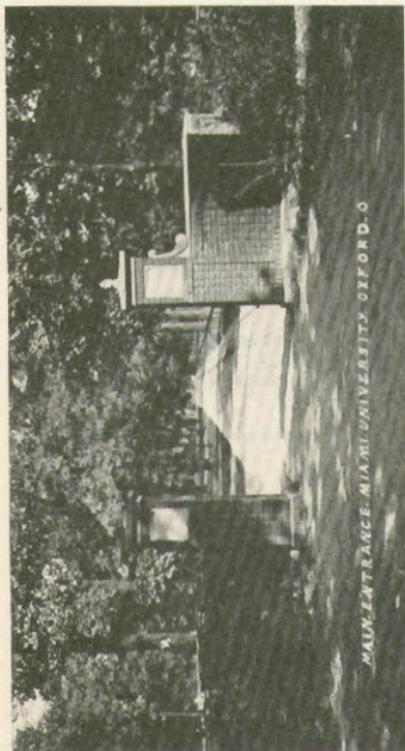

ADMINISTRATIVE ORGANIZATION OF THE COLLEGE

THE ADVISORY SYSTEM

In order to facilitate the handling of all students with the least amount of trouble for any one member of the faculty, the men and women of the three colleges have been divided into Advisory Divisions. In this way, much work which would otherwise fall on two or three people is distributed over a number. Each man and woman is assigned to an adviser who advises him concerning his course, and to whom he presents all excuses for absences, etc. The divisions are as follows:

College of Liberal Arts: First Division, men, Dean Brandon; Second Division, men, Mr. Morris; Third Division, women, Miss Emerson, Fourth Division, School of Business, Professor E. S. Todd

Bachelor of Science in Education: First Division, one-half of B. S. classes, Professor McMillan; Second Division, one-half of B. S. classes, Dr. Davis; Third Division, Home Economics and Industrial Arts, Professor Whitcomb; Fourth Division, Music, Professor Martin.

.....

WHAT A FRESHMAN OUGHT TO KNOW.

NEW STUDENTS

When you arrive in Oxford, whether by train or bus, you will find a Y. W. or Y. M. representative waiting for you. He or she will tell you where to go and what to do. Do not be afraid to ask questions; that is what they are here for, and, furthermore, they were freshmen once themselves and can sympathize with you.

If you do not know the number of your room, women should go immediately to the Dean of Women, and men to Mr. Morris, both of whom you will find in Benton Hall, and arrange for your room. Then hunt up the expressman and have your trunk delivered as soon as possible. Make your room comfortable the first day. You may not have time to pay much attention to it for a week afterwards, and a comfortable room is a great panacea for homesickness.

GET SETTLED

Having secured a room, get settled promptly. But remember that your landlady, or the University, has some few rights. In spite of the fact that you have come to live with them, please remember that someone will have to live in the same place after you are gone and conduct yourself accordingly.

Miami is a state school and therefore state supported. You are a part of the state and therefore help to support it. What you destroy is yours and you are the one who has to pay. Damages are levied upon any student or group of students who in any way injure the property of Miami University.

MEMORANDUM

RULES FOR FRESHMAN MEN

These customs have grown up as a result of years of usage. They are few in number, but every first year man should take pride in following them in spirit as well as in letter.

1. All freshman men buy their little gray and green caps the first Monday after registration. This rule applies to all except those who have complied with a similar requirement at another school for the period required. These caps are to be worn at all times while in Oxford, except when leaving or arriving in town. They are also to be worn between semesters and during the various holidays before the Spring Recess, while in Oxford.

2. On the last night before the Spring Recess, the freshman class burns their caps with appropriate ceremonies in a huge bonfire on Cook Field. After the cap-burning, a dance is given in the Gymnasium.

3. Pledges to Dagger and Chain, the sophomore Honorary Society, are selected immediately after the cap-burning, from members of the freshman class.

4. All freshman men help to gather wood for the bonfires before each pep meeting in the fall. There is usually a good deal of competition at this time, as each freshman class tries to build a bigger pile of wood than any previous class.

5. Freshman men meet all visiting athletic teams at the depot and carry their luggage. This is one of the most important regulations, for it is on its hospitality that a school is largely judged, and it is the duty of every freshman to do all in his power to make Miami respected by the other schools with which she comes in contact.

6. In addition to carrying their luggage from the depot, freshman men aid visiting teams in every way possible, both before and after the game. They also run errands for players and coaches of both the visiting and home teams during a game, keep the water jugs filled, and make themselves useful in every possible way.

7. After every athletic victory, whether played at Oxford or elsewhere, the freshmen ring the bell in the Main Building for at least an hour. The longer the bell is rung, the better the impression gained of the freshmen by their elders. Nuff sed?

8. No freshman shall bring a date to any pep meeting or University athletic event.

9. All loyal freshmen help decorate the Athletic Field for the Homecoming game. This is the big game of the year at Oxford, because of the return of a great number of alumni.

10. No freshman is allowed to wear a tuxedo or formal dress suit. This does not bar him from attending any of the formal social events such as fraternity dances or the Junior Prom.

UNIVERSITY RULES

1. Smoking in any University building other than the men's dormitories is strictly forbidden.

2. Drinking of intoxicating liquors in any form whatsoever is punishable by suspension.

3. Any organization wishing to use a room in a University building must present a written request to the Calendar Committee, which meets in the President's office, Benton Hall, at 11:00 o'clock each Friday.

4. All social events must have the sanction of the Dean of Women.

5. Rules governing absences.

Believing that the practice of passing upon absences for reasons other than those stated below, in Rule a, is unsatisfactory to student, instructor, and director, the faculty proposes to enact the following regulations:

a. No excuse for absences from class attendance or other University appointments shall be granted except for confinement in the hospital for sickness or in case the student is debarred from class by order of the University physician. In such cases the absences shall be cancelled.

b. For every twenty uncancelled absences the student shall have one hour deducted from his credits made during the semester and any fraction over twenty shall be carried over to the next semester.

c. Uncancelled absences incurred in a class in excess of the number of times that class meets per week shall be doubled in the operation of paragraph two.

d. Absences incurred the day preceding and the day following a holiday shall be trebled in the operation of paragraph b.

e. Absences incurred by being taken from town for athletic, debate, or other performances under the direction of a member of the faculty will be cancelled. Regularly chosen delegates to conventions of University societies, fraternities, and sororities, may have such absences cancelled in case they were honor students in the preceding semester.

f. Whenever a student is specifically reported, in writing, by an instructor to a director as being absent from class to such an extent as to make his own work notably inefficient or impair the morale of the class, the director shall drop the student from that class with a grade of "F."

g. Students who make 122 1-2 or above (high honor students Missouri rating) in a semester shall have all absences of that semester cancelled.

h. Any student having three uncancelled absences in physical education will be called before the Executive Committee and is liable to suspension.

E. E. BRANDON.

6. No student may maintain an automobile in Oxford, except during the first and last week of school. Violation of this rule is followed by suspension.

FRESHMAN WEEK

At press time for this book all the arrangements for freshman week have not been made so we can give but a small and meager idea of it all.

Upon arrival in Oxford a more definite schedule will be given you and you will be expected to be informed as to when and where you will be and what you will do the first four days.

All freshmen are to be present by 11:00 A. M., September 13.

Four days are set aside and will include:
(1) Division of students into sections of twenty-five or thirty each.

(2) Assignment of divisions to different members of faculty.

(3) Tests:

(a) Intelligence.

(b) English.

(c) Physical Education.

(4) Explanation of the use of the library.

(5) Presentation of methods of study.

(6) Registration of freshmen by advisers.

The upperclassmen will arrive Thursday and will enter into the swing of affairs. Classes will be held the rest of the week and by the following Monday everyone should be well in line and hitting the line hard.

FROSH-SOPH FIELD DAY

The Frosh-Soph field day has been held on the first Saturday. During the morning, the two classes engaged in a baseball game, a track meet, and several other events arranged by the Physical Education Department. These usually take the form of a Sack Rush or a Football Melee. A certain number of points is given to the winner of each event, the side receiving

the highest number of points being declared the winner of the day.

According to plans which are to be formulated during the summer, the various freshman-sophomore contests will be arranged this year for Friday afternoon and evening. The details of these events will be explained to the freshmen during Freshman Week.

Take pride in obeying all Miami traditions both in spirit and in letter. To disregard them is neither clever nor loyal.

Don't attempt to conceal the fact that you are a Freshman. Be proud of it.

THE HONOR SYSTEM

To be allowed to take a test without the presence of an instructor is what Miami calls the Honor System.

The Honor System is one of Miami's most cherished traditions. It is with pride that we can point to it. No true Miami man or woman ever violates it, either in spirit or in letter. It is the outgrowth of the principles for which Miami stands: fair play, justice, and a fair deal for everyone. Anyone who violates this system by cheating in any form is not only hurting himself, but is also trampling upon the most sacred and cherished ideals which a long series of men and women have built up. It is with a sure trust that you will not do anything to harm it, but on the other hand do all in your power to help it in every way that we welcome you new Miami men and women.

Liars need good memories.

It is a wise man or woman who will take a compliment and forget it.

GREEK-LETTER SOCIETIES

There are thirty Greek-letter organizations at Miami; thirteen fraternities and seventeen sororities. Each one of these has from twenty-five to forty members. All fraternities have their own houses and boarding clubs, but the members of the sororities live and board in the University dormitories.

There will be no discussion of fraternity and sorority matters with freshmen by upper class students prior to 4:00 o'clock Thursday. The details of pledging this year will be explained during Freshman week.

The invitation always comes from the organization, and is NEVER by application.

In making your choice of an organization, do not jump at the first bid you receive. Remember that on your decision at this time will depend much of your social life during the next four years. Weigh carefully in your mind whether or not the members and pledges of the organization are the people you would like to be closely associated with during your college life. Ask yourself the following questions:

1. Do the members of this organization have the right attitude toward the members of other similar societies?
2. Are their principles as applied to life in general and to conduct while at college the ones that I myself hold?
3. Am I financially able to join without embarrassment?
4. Will I be able to make myself a part of the group as it now stands?

If you do not receive an invitation from some organization, do not take it too much to heart. Your success in college

THE LIBRARY

does not depend primarily on whether or not you join a fraternity or a sorority.

Miami has a large and well equipped library. The main reading room seats approximately 250 people, and the reserve reading room about 150. In all, the library contains about 83,000 volumes.

Library rules which apply to all students, and, if learned, will save new students much inconvenience, are as follows:

1. Books may be secured by signing for them at the desk in the rotunda. A fine of two cents per day is charged for books kept longer than the specified time.

2. Books may ordinarily be kept for two weeks.

3. A card-index of all volumes is provided, listing them by title and author. Books can be called for by number only.

4. Admission to the stacks may be obtained by application to the Librarian. In special cases, a card is issued allowing the bearer to enter the stacks at any time.

5. Back numbers of magazines may be obtained at the desk.

6. Reserve books may be obtained at the reserve desk in the basement.

7. Reserve books may not be removed from the library except at the close of the day, and must be returned at 7:30 the next morning. Books withdrawn Saturday evening may be retained until Monday morning at 7:30.

8. A fine of ten cents an hour for the first two hours, and five cents an hour after the first two, is charged for every reserve book kept after the time limit expires.

9. The Library is open on Sunday afternoons from 2:30 until 5:00, but the stacks are not open and no books may be withdrawn.

READ THE HANDBOOK

This handbook is printed for your convenience. Read all of it, especially the parts that have to do with rules and regulations, customs and traditions. You will be held responsible for these rules at school; ignorance of them will not be accepted as an excuse.

There are a good many things here that will save you much bother and unpleasantness if you note them carefully. The rest of us have had to learn by experience. Many have had to leave school because they have not known how to get to feel at home and get down to work. We hope that you will profit by these suggestions to the mutual benefit of Miami and yourself.

The person who lives on a bluff deserves a good shove.

Forget you came from any particular prep school. You are a part of Miami now.

Remember that Miami courtesy at athletic events is of the finest kind. Do your part to keep it so.

MIAMI MARCH SONG

Miami old, to thee our love we bring,
To thee our hearts and minds will ever
cling,

Thy fame of other days, thy gifts so free
Call us today to sing our praise to thee.

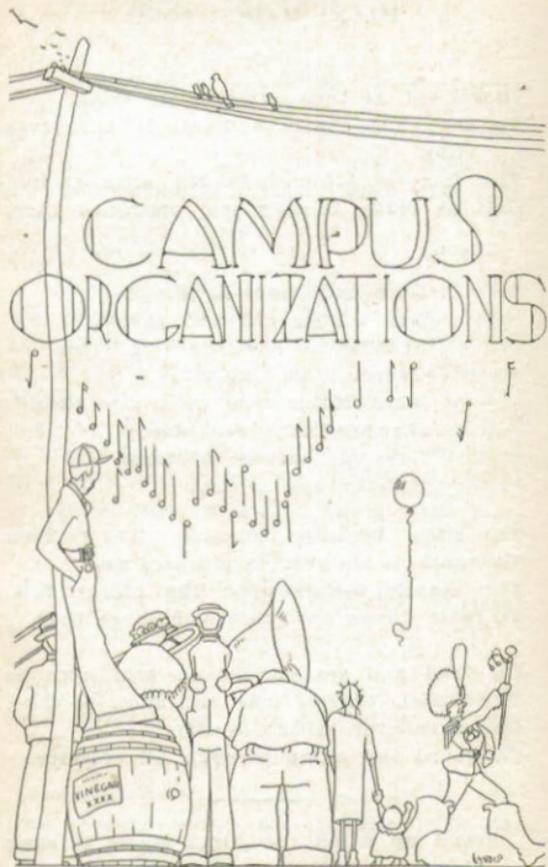

Chorus

Love and honor to Miami,
Our college old and grand,
Proudly we shall ever hail thee
Over all the land;
Alma Mater now we praise thee,
Sing joyfully this day,
Love and honor to Miami
Forever and a day.

Thy elms, thy hills, thy skies of azure hue,
To them is deepest inspiration due,
Thy stately towers upon the hilltop fair,
To them do we our grateful homage bear.

On land and sea our hearts will ever be
The truest, bravest man can show to thee,
Our duty ever in our loyalty,
To guard thy name through all eternity.

Stand up when the Alma Mater is sung
or played.

MIAMI STUDENT GOVERNMENT

Several years ago, a form of Student Government was instituted at Miami. During the time since it was inaugurated, it has proved itself a success in many ways. However, as the constitution which was used before was deemed inadequate to take care of the problems of an ever increasing student body, a new constitution was drafted last spring. This constitution as printed here, was first passed by the student body, and then referred to the faculty.

CONSTITUTION

(Corrected to February 1, 1926)
OF THE STUDENT GOVERNMENT ASSOCIATION OF MIAMI UNIVERSITY

The Senate shall choose their other officers, and also a President **pro tempore** in absence of the Vice-President, or when he shall exercise the office of the President of the Student Electorate.

The Senate shall have sole power to try all impeachments.

When the President of the Student Electorate is tried, a Chairman **pro tempore** shall be chosen by the Senate from the members in the Senate to preside; and no person shall be convicted without the concurrence of two-thirds of the members present. Judgment in cases of impeachment shall not extend further than removal from office and disqualification to hold and enjoy any office of honor or trust under the Student Electorate, but the party convicted shall, nevertheless, be liable and subject to trial, judgment, and punishment, as decided by the Senate.

In the temporary absence of the President all the powers and duties of the said officer shall devolve on the Vice-President.

the Senate or any part of the Senate, as a sub-committee acting in the capacity of a jury with the President of the Student Senate or any member appointed by him acting as judge and the said jury may fix such penalties as it may deem just.

All defendants in cases stated above, tried by the Senate sub-committee or any other committee, shall have the right of appeal to the Student Senate as a whole. All defendants shall also have the right of appeal to the Executive Committee of the University Senate.

Section Three

An Honor System shall exist at Miami University. Each student shall sign the following pledge on or before the second Saturday after his matriculation in Miami University: **In view of the introduction of the Honor System of examination, I pledge myself to support that system to the best of my ability, and not only myself to act in accordance with what I conscientiously believe to be its spirit, but also to encourage others to do the same.**

Each student in order to make his examinations, tests, or quizzes valid, must sign the following pledge before handing in his paper: **I pledge myself that I have neither given nor received aid during the preparation of this paper.**

Fraud in examinations, tests, or quizzes shall consist in any attempt to give or receive assistance from written or printed aids, or from any person or his paper. This rule shall hold within and without the examination room during the entire time in which the examination is in progress.

If any student should suspect another student of cheating during any examination, test or quiz, it is his duty to rise and declare such suspicion (without naming the person) to the class, with the remark, that if his suspicion is justified by a continuance of questionable actions, he will report same to the Senate.

No person shall take his paper from the room during an examination, test or quiz.

No one shall leave the room without permission from the person in charge.

Papers will be collected at the end of the period.

Any attempt by any means at other times to secure credit dishonorably shall render any student liable to action under these rules.

The President of the Senate shall appoint three members of the Senate to investigate alleged violations of this Honor System. The trial of the accused shall take place before the Senate as a whole, or a sub-committee appointed by the President of the Senate. Any member of the Senate having fraternal affiliation with the accused or any other connections or prejudices which might bias his opinion shall not be eligible to serve as a juror.

The Senate shall make provisions for printing and distributing and otherwise bringing to the attention of the Student Electorate all rules regarding the Honor System.

The Senate shall be the final authority for the interpretation of traditions, customs, and rules, whether embodied in this Constitution of the Student Electorate of

Miami University or enacted by the Congress.

ARTICLE IV

Section One

Proposed amendments to this Constitution must first be passed by a two-thirds vote of the Congress; amendments passed by the Congress must be presented in writing to the Student Electorate a week before a final decision can be reached for ratification or rejection.

A written petition signed by fifty members of the Student Electorate shall compel the President of the Senate to present a proposed amendment of this Constitution to the Congress.

A two-thirds vote of the Student Electorate shall be necessary in order to ratify an amendment.

ARTICLE V

Section One

A ratification of two-thirds of the Student Electorate of Miami University, together with the attached signatures of the Secretary of the Miami University Faculty Senate, the President of Miami University shall be deemed sufficient for the establishment of this Constitution.

Y. W. C. A.

A. needs you and you need the Y. W. C. A. The Association is an outlet for all kinds of talent, ambition, and pep; and it gives wonderful opportunities to develop them.

ORGANIZATION

The Young Women's Christian Association is a voluntary organization of students the purpose of which is the promotion of a Christian program on the campus, to the end that a Christian attitude of mind and principles of life should be further inculcated in the student body.

The administration of this student association rests with a group of students known as the cabinet:

MEMBERSHIP

The Y. W. C. A. gladly welcomes every girl into fellowship of those who seek to live as true followers of Christ. No membership fee is required.

MEETINGS

The Y. W. C. A. holds regular meetings every Thursday evening at 6:30 in McGuffey Auditorium where interesting and varied programs are given. Practically all the girls of the University attend these meetings which, besides being inspirational, serve as "get togethers."

SOCIAL

Mixers and parties for freshmen are given the first few weeks of the year, and

other parties throughout the year. Some parties are given in conjunction with the Y. M. C. A. Among these are the Y. M. Y. W. Mixer early in the fall, and the weekly Y dances.

HEADQUARTERS

All girls are invited to come to the Y. W. C. A. rooms in Main Building where the Secretary is at your service. Freshmen desiring information or assistance are especially welcome.

The office of the Y. W. C. A. also makes an effort to find part-time employment out in town for girls desiring to earn some money during their free hours.

RELIGIOUS EDUCATION

The Y. W. C. A. is not only interested in co-operating with churches and Bible classes, but is also instigating week-day Bible classes.

FRESHMAN COMMISSION

A committee of most promising freshmen is elected for the purpose of training them for future leadership and to acquaint them with the ideals, traditions, and organizations of the Miami Campus; and to interest other freshmen in Y. W. C. A. work.

BIG SISTER MOVEMENT

Each freshman has a Big Sister who is an upper-class girl. Your Big Sister writes to you during the summer. Then when you arrive at school she meets you at your train, takes you to your room, and helps you in any way she can while you get registered and established in the life of the school.

The Y. W. C. A. extends greeting to all new girls. We are very glad you are com-

ing, and we want you to feel free to come to any Y. W. C. A. girl for any kind of information and help.

Go around to the Y. M. or Y. W. offices and get acquainted with the secretaries and members of the cabinets.

THE LAKE GENEVA SUMMER CONFERENCE

Each year, during the summer months, several delegates are sent from the Miami Y's to the Lake Geneva Conference, Wis. The Y. M. C. A. conference is usually held in June, while that of the Y. W. C. A. is held during the month of August.

The conferences last for ten days each. Part of the expenses of the delegates is paid by the local Associations, which usually send six or seven members to each conference.

Speakers of national prominence address the students on the pressing problems of the day, not only of the country as a whole, but also as applied to the individual campus.

Trips through the country near the conference meeting place are provided, and every effort is made to provide those in attendance with ten days of fun as well as inspiration.

Every person should have a fair-sized cemetery in which to bury the faults of their friends.

There is no reply to a stupid question.

Y. M. C. A.

The Y. M. C. A. at Miami is an organization for the purpose of bringing a closer relationship between the worthwhile things of life and the men of the University. It is presided over by an Executive Board composed of ten members of the faculty and student body who regulate the general policy of the Association. In addition to the Executive Board which meets once a month, the activities of the Y. M. C. A. are planned and regulated by the cabinets and the General Secretary, Mr. Huntley Dupre.

PURPOSE OF THE Y. M. C. A.

1. To promote a positive moral and religious college spirit.
2. To lead students into membership and service in the church.
3. To lead students to faith in God.
4. To challenge students to devote themselves, in united effort, to making the will of God effective in human society, and in extending the Kingdom of God throughout the world.

THE GENERAL SECRETARY

Mr. Huntley Dupre came to Miami as General Secretary of the Y. in the fall of 1924. He is a graduate of Ohio State University where he also served as student secretary for some time. During the war, he was engaged in active work in Europe, later taking over the Y. M. C. A. at Prague, Czecho-Slovakia, where he worked with great success for over four years. Miami is very fortunate in having such a secretary, and much of the progress during the past two years is due to his efforts.

FRESHMAN CABINET

The Freshman Cabinet is composed of men from the first year class. During the year they co-operate with the upper cabinet in their work. Last year they gave several smokers for freshman men, assisted the upper cabinet with the financial campaign, and served lunches to the basket-ball teams after games. Most of the men on this cabinet succeed to places on the Upper Cabinet and are trained with that purpose in view.

Any fool can stay up all night, but it takes a good man to get up in the morning.

CAMPUS SERVICE

This department of the Y takes care of the incoming new students during the first few days of school, provides information, and makes itself generally useful. Later in the year it helps with social events, decoration of the athletic field, and publicity.

CONFERENCES

Conferences with visiting speakers are arranged through one of the cabinet who gives the greater part of his time to arranging the programs of the speakers brought to Miami by the Y.

PUBLICITY DEPARTMENT

During the year, the Publicity Department has charge of the advertising of all announcements read in chapel in the bulletin board, so that those students who do not attend will be able to see them. At the beginning of the school year it erects signs on the campus to direct new students to important points on the campus.

THE EXTENSION TEAM

This is an organization composed of members of the Y. M. C. A. cabinets and others interested in the work of the Y. The Team conducts services in the churches of communities near Oxford, and establishes a closer relationship between the community Hi-Y's and the Miami Y. Oftimes the Team makes week-end trips and cooperates with local organizations in their work.

THE SOCIAL DEPARTMENT

During the year, the Y. M. C. A. arranges for a number of social events. The first of these is a Get-Together for freshman men only and is held in the Gym. Here the first year men have a chance to become acquainted. Speeches by the coaches, President Hughes, and Mr. Dupre were features of the one held last year. Eats are served and a general good time is enjoyed by everyone there.

One week later, the Y. M. and Y. W. cooperate in giving a party for all first year men and women. Eats, games, and dancing occupy the evening. Every member of the freshman class should attend this "Mixer," because it is very easy to make new friends at an affair of this kind, and that is just what a first year man or woman needs.

During the fall, the freshman cabinet gives several smokers for the men of their class. Eats and smokes are furnished, together with a short program of snappy songs and music. Small social gatherings are held from time to time at the homes of various members of the faculty with the purpose of establishing a closer per-

sonal contact between the first-year men and women and their instructors. During the second semester of last year, the two Y's gave a weekly dance in the Recreation Room in Wells Hall. A nominal admission was charged and the dances met with such success that they will probably be continued during the coming year.

THE FOOTBALL BANQUET

The Football Banquet which is managed by the Y. M. C. A. is given each year after the close of the season. It is attended by men only, and the players and coaches are guests. Speakers of repute are invited for the occasion and every effort is made to make the affair a memorable one. Only one hundred and fifty tickets are sold to the banquet which prevents overcrowding of the Commons where it is held and assures a really enjoyable time for all. The toastmaster is usually some man of prominence in the State, Judge Baggott, of Dayton having assumed the position last year. Speeches by the coaches, the president and prominent players are features of the evening. It is at this time that the new captain for the coming year is elected, and the letters are awarded to the players.

DISCUSSION GROUPS

Discussion groups are held on Thursday evening from 6:30 to 7:30 in the Y Assembly Room in Ogden Hall. Each series of three or four meetings is led by some member of the faculty. The subjects chosen are those which usually present rather perplexing problems to college students. Free discussion by the attending students is encouraged, the leader only giving enough of his own opinions to stimulate the thoughts of the others.

TOWN SERVICE

This department is under the sophomore and freshman members. The sophomores fostered the HI-Y in McGuffey High School, which is meeting with great success. The club is growing, and a real field for service is being developed. Members of the freshman cabinet have charge of the Oxford Boys' Club, whose membership consists of boys of the community under high school age, and which is supervised by the Oxford Community Chest.

STUDENT CONFERENCES

Members of the Y attend a number of student conferences during each school year and during the summer months. A representative from Miami is sent to the Ohio State Student Council meeting at which all the college Y's in the state are represented.

The Council meets twice or three times a year and the members discuss the various problems which are drawbacks in their work.

FRESHMAN ADVISORY DEPARTMENT

Each freshman is assigned to some upper-classman as he registers. This upper-classman watches over the men in his charge during the first few weeks of school and advises them when advice is needed. He also corresponds with them during the summer months so that the new men will not feel themselves strangers when they arrive in Oxford.

BOYS' WORK DEPARTMENT

This department takes care of the younger boys of Oxford in the direction of their recreation and in the supervision of a play-room which is provided by the Oxford Community Chest.

WOMEN'S STUDENT GOVERNMENT AT MIAMI

The Women's Student Government Association is an organization of all the women of Miami the purpose of which is to create a sense of unity and fellowship among the women, to promote and maintain high standards of university life, and to regulate all matters of student interest not falling under the jurisdiction of the faculty. It is felt that the best results are obtained for the entire college by placing on the individual student a personal responsibility for the development on the campus of a sense of loyalty to the traditions of the college, a sense of honor in academic work, in athletic activities, and in social plans.

The Women's Student Government is a part of the general government for men and women expressed in the Student Forum and its governing body, the Student Senate. Since there are, however, many separate considerations which belong exclusively to the life of the girls, the women's organization meets regularly as a separate body.

The governing body of the Women's Student Government is known as the Student Council. This council is made up in a representative way of all interests and classes in the college. The Student Government president and secretary, the hall and cottage chairmen, presidents of classes, Y. W. C. A., Girls' Athletic Association, and literary societies, elected as they are by popular vote, become members of the council by virtue of their office. The Big Sister Chairman is director of the upper

class girls chosen to be counselors to the freshman girls.

The Student Government regulations list certain things for which permission must be obtained from a student officer or head of hall. If freshmen live in a hall they go to the hall chairman and faculty head of that hall to report whatever should be referred to them. If freshmen live in cottages, they refer their permissions to the Big Sister Chairman, who is their student officer, and to the Dean of Women. Proctors are chosen in halls and cottages to assist in the administration of regulations.

These regulations are made by Miami girls for the protection of all their interests. In entering Miami a girl automatically pledges herself to support and uphold the plans and ideals of Student Government.

Closing Hours: The regular closing hour of halls and cottages is 9:30 P. M. on Sunday, 10:00 P. M. on week days, except as they are kept open on Friday and Saturday evenings for those who may attend the second show or dances.

Guests: In a hall: Sign for guests in the guest book. In a cottage: Speak to the housemother concerning guests. Guests are expected to abide by University regulations for women.

SOCIAL LIFE

All students may have social engagements on Friday and Saturday evenings until 10:00 P. M.

Callers must leave the halls and cottages promptly at 10:00 P. M. Afternoon engagements end at 5:45 P. M.

Walking: Walking in the evening with men is forbidden except in the immediate vicinity of the halls and uptown. Boundaries: the square included within Spring Street, Campus Avenue, High Street, and Ogden Drive.

Driving: It is a rule of the University that students may not keep automobiles during their residence in college. Driving permission is therefore given only under conditions where this rule is not violated. Permission for driving must be obtained from the Dean of Women or the heads of halls.

Dances: Girls must sign in the offices of the heads of halls for dances and parties twenty-four hours before the affair. Girls living in cottages must sign with the Dean of Women.

Girls do not attend any dance not given by a college organization except by permission of the Dean of Women.

Permission for attending any dance involving an absence from Oxford can be

given only when the request is accompanied by a letter from the girl's parents specifying the arrangements for travel, escort, and hostess.

Restaurants: Permission cannot be given for being uptown in restaurants after 10:00 P. M. Nights on which there are dances or other entertainments are not excepted.

Dancing or card playing in restaurants is discouraged by the proprietors and disapproved of by the Oxford community. Miami girls are asked to refrain from these forms of recreation in restaurants.

Absence from Oxford: Girls returning home for visits must sign in the office register. No girl may leave Oxford, except for visits to her home, without permission from the Dean of Women or the heads of halls. However, a shopping trip to Hamilton or Cincinnati during the day—if it involves no social engagements—may be made without special permission. Such an absence must be signed for in the office register.

Girls returning on Sunday evenings may use the 10:30 train. If they return by automobile or bus, they must be at their residences by 9:30 P. M.

Overnight Visiting: Girls visiting overnight must sign out at their own residences and into the halls or cottages where they spend the night. At both places they must state their hostess.

Excessive overnight visiting during the middle of the week is discouraged.

Girls are requested to return to their own halls or cottages after a dance.

Chaperonage: Approved chaperonage is required for all meetings, dinners, or calls

for whatever purpose at a men's chapter house or dormitory.

Swimming: Since there are no bath-houses near the creeks around Oxford, permission for swimming cannot be given either in parties of girls or with men.

Smoking: Smoking is absolutely forbidden. Suspension from college is the probable penalty.

"Free Rides:" "Bumming" rides to or from Oxford is forbidden.

Picnics: Permission from the Dean of Women or heads of Halls must be obtained for picnics with men.

Sunday Regulations: Sunday is kept free from social engagements with men except in the exercise of upper class privileges and in the general calling permission which is open to all students in the afternoon. Students living in campus dormitories are free to have callers in hall living rooms or on the campus. Cottage householders have not been asked to give the use of their living rooms on Sundays, and cottage girls must therefore come to halls or campus in order to use this afternoon calling privilege.

Special permission must be obtained for Sunday evening engagements except in the exercise of upper class privileges.

Permission is not given on Sunday for Miami men and women to picnic together.

Western College: Students are asked to remember that the attractive grounds of Western College are not a public park, and that while students will be welcome if they go there as guests, they should be careful not to intrude.

4. Freshmen may attend a movie on Tuesday evening with girls by signing in the register of their place of residence. If, because of her schedule, a girl finds it more convenient to attend some other evening in place of Tuesday, she may arrange to do so by reporting to the head of her hall or cottage.

5. After 6:30 P. M. freshmen must sign in the register of their residence for any absence whatsoever.

6. Freshmen may attend the second show with special permission only on Friday and Saturday nights.

7. Freshmen may go uptown after dinner on week nights with permission or with a junior or senior.

TEACHERS—COLLEGE SOPHOMORES

The same privileges that are accorded to Seniors are given to Sophomores of the Teachers College during their second semester, on the ground that they are the outgoing class of the college. Their priv-

leges are secured in the manner described above for Seniors.

STUDENT CHEST

Several years ago separate campaigns for funds were launched by each of the Christian Associations, and by any other benevolent or charitable organization which was allowed to do so each fall. In order to obviate the monotony and annoyance of many drives during the year, many of which meet with only very small success, the funds necessary for the maintenance of the Christian Associations and all other altruistic organizations which may need money during the course of the school year will be raised and administered under the name of the Student Chest.

Last year this system was tried and proved successful on the Miami campus. Only one drive for funds will be made; sometime in October. The partition of the money raised will rest in the hands of a committee including the President, several faculty members, and prominent members of the student body.

Lazy people are no better than dead ones, and they take up more room.

And remember ALL the time that your studies merit some consideration and that it is much easier to keep up than to make up.

ATHLETICS

Intercollegiate Athletics

Miami has this year regained her enviable position as one of the strongest schools in the state in athletic as well as scholastic standing. With a winning football team and conference champions in track and baseball, the Big Red teams have resumed their "place in the sun."

The football team of 1925 did not win the conference title, but nevertheless finished the season with a record of five victories and three defeats against powerful opponents—a record of which any eleven would be justly proud.

The high lights of the season were the thirty to nothing trimming handed Wittenberg, and the soul-satisfying thirty-three to nothing spanking given the Cincinnati Bearcats in the last game of the year, Thanksgiving Day.

With plenty of letter men left as a nucleus for next year, and good material available from the 1925 Freshman squad, the Big Red Eleven seems destined for even higher honors in the season of 1926.

The court team suffered many reverses when playing away from home, but made up for these defeats by annexing seven of eight games played on the home floor. Though the team could not be considered of championship caliber, it must be remembered that only one veteran was left from the year before, and, in addition, the new candidates were all very small in stature—the team as a whole being probably the smallest that has ever represented Miami

in the court game. The combination of the two forced Miami fans to eat cold turkey on several occasions. Prospects for next year look very bright, however, for all the members of this year's five will return, and several members of the Frosh five look as though they will make a real battle for a Varsity position when the call for candidates is issued in November.

Injuries, inexperience, and lack of material caused Miami's wrestlers to drop all three of their meets. The memory of these setbacks was somewhat erased, however, when Captain Ed Thomas won the Buckeye Conference light-heavyweight title, and Steve Buchanan captured the runner-up position in the welter class.

In Spring sports, the Big Reds were absolutely peerless. The track team defeated Ohio University, Oberlin, and Cincinnati in quick succession in the dual meets of the season, and then stepped out and acquired both the Buckeye A. A. and "Big Six" crowns. New stars and old stars shone with added brilliance in this most brilliant of track campaigns. Tom Sharkey, Captain Ed. Weil, Abner Riddle, Weaver Emery, Wrecker Mills, and the relay team all setting new records. Sharkey was perhaps the most brilliant performer that Ohio Track circles have ever seen, the tow headed tape buster equalling the World record of 9.6 seconds in the Century dash, and smashing the Ohio Record in the two-twenty dash when he negotiated the distance in the "Big Six" meet at Oberlin in the record time of 21.1 seconds. Close on Sharkey's heels followed Emery. Everlasting Red broke records in both the mile and two-mile runs, being

defeated only once during the season. His record for the mile was 4:25 flat, and for the two-mile, 9:50.3, the fastest two-mile yet run in Ohio. The performances of the other stars were phenomenal too, Weil setting a record of 1:58.2 in the half mile and the others strutting their stuff almost equally as well in their events. The whole season was a huge success, and there seems to be no reason why the Big Red Tracksters should not repeat.

In baseball, Miami's representatives were just as successful as their mates on the track team. The Big Red Nine finished the season with a record of fifteen wins and one defeat, the setback being an early season one at the hands of Ohio University which was wiped out when the two teams met again later in the season. The champions revived interest in baseball which had been slack at Miami, and huge crowds turned out to see the boys in action, and the crowds were not disappointed, for Coach Pittser's maulers displayed a brand of ball that would do credit to any nine. The most satisfying wins of the year were the two annexed from Miami's ancient rivals the Cincinnati Bearcats. Not only did these victories serve to wipe out the memory of the defeats in basketball and wrestling, but they won the Burkhardt Trophy for Miami. This is a twenty-year cup, being retained by the school that secures an advantage in dual athletics during the year, and becoming a permanent award at the end of twenty years to the school winning it the greatest number of times. The 1926 win gives Miami one 'leg' on the cup which was just donated this year by A. E. Burkhardt of Cincinnati.

ATHLETIC ADMINISTRATION

ATHLETIC ASSOCIATION

All students of Miami are members of the Athletic Association. By the payment of a student activity fee of five dollars at the beginning of each semester, each student becomes a member of the Association and receives a book of tickets which admit him or her to all intercollegiate contests at Oxford in which Miami participates. These tickets are not transferable and unused tickets at the end of the semester are not redeemable.

THE ATHLETIC BOARD OF CONTROL

This board is composed of six faculty members appointed by the president of the University and three students elected by the members of the Athletic Association. This organization awards letters, approves schedules, and has general control of all questions and policies regarding athletics at Miami.

THE UNIVERSITY LETTER

The official "M" shall have but two standard sizes; the 6x7½ inch white block "M" called the major, and the 4x5½ inch white block "M" called the minor. The major letter shall be granted only to men who have fulfilled the requirements in a major sport; the minor letter shall be granted in all other cases.

The major sports shall be four in number and are as follows: football, basketball, baseball, and track. All others are classified as minor.

For performance of unusual merit in minor sports, the Athletic Board may by a two-thirds vote grant a major "M."

The official "M" is awarded only for intercollegiate competition in athletics. The

award rests with the athletic Board of Control and the letter does not become the property of the individual meeting the technical requirements laid down until the Board makes the formal award. If in the judgment of the coach or the Board an individual meeting these technical requirements has failed to render loyal, obedient, and earnest service at all times during the season, or has violated the rules of clean sportmanship, the Board reserves the right to withhold the letter.

The Athletic Board may by a unanimous vote and upon the recommendation of the coach of the particular sport in which the person in question participated, take away a Varsity emblem or any other award which it has previously made if sufficient cause is given.

No one shall be eligible to receive any award who does not finish the season of the sport he is participating in, unless prevented from doing so by illness or injuries.

The Athletic Board shall withdraw all awards from men who sell, or cause to be sold, complimentary tickets to Miami athletic events.

VARSITY ATHLETIC EQUIPMENT

All Varsity athletic teams are furnished equipment by the University. Each individual is expected to return all equipment at the close of the season. Failure to make prompt return, or a satisfactory settlement will be considered sufficient

reason for withholding all varsity awards. It is a rule of the University that semester grades will be withheld until all equipment is satisfactorily accounted for.

THE "M" CERTIFICATE

The "M" certificate, bearing a complete record of their athletic achievements while in the University, shall be presented to all "M" men at the close of their senior year.

RULES FOR ELECTION OF CAPTAINS OF ALL VARSITY ATHLETIC TEAMS

1. The election of captains of all varsity athletic teams engaging in intercollegiate contests shall be held under the general authority and direction of the Athletic Board of Control.

2. No captains shall be elected until M's have been officially awarded by the Athletic Board for that particular sport. Only those individuals shall participate in the election who have received the official "M" awarded by the Athletic Board of Control for that particular sport.

3. The election of captains shall be under the management and supervision of the Director of Athletics with the assistance of the Head Coach of that particular sport.

4. The election shall be held without nominations, but instead the election shall be conducted by means of a secret ballot. The member receiving the majority of all votes cast becomes the captain-elect.

5. In case of a tie or failure to elect after a reasonable number of ballots, the Director of Athletics, assisted by the Head Coach of that particular sport shall appoint the captain.

RULES FOR SELECTION OF VARSITY ATHLETIC TEAM MANAGERS MANAGER OF FOOTBALL

During the freshman year, men are to report as candidates for football managers. From these candidates, three men will be selected for sophomore managers. From these three sophomore managers, two assistant or junior managers will be appointed. From these two assistant or junior managers, the senior manager will be appointed. In each case, the appointment of these men will come from the Athletic Department.

MANAGERS OF BASKETBALL, BASEBALL AND TRACK

From these two assistant or junior managers, the senior manager will be appointed. In each case, the appointment of these men will come from the Athletic Department.

THE BUCKEYE ATHLETIC ASSOCIATION

In the winter of 1925, several Ohio coaches met at Columbus to arrange more suitable schedules for their teams. At this meeting, a schedule-making group, called The Buckeye Association, was formed with Miami, Cincinnati, Wittenberg, Ohio University, Denison, and Ohio Wesleyan as members. These schools did not formally withdraw from the old Ohio conference at that time but did so in the latter part of May, 1926, because of the demand of the Ohio officials that the Buckeye dis-

solve. Thus there was brought into existence a new conference which was christened The Buckeye Athletic Association with the six original schools as members.

The rules of the Conference serve as a guide for our competition in intercollegiate athletics. Each student is urged to read and study the rules of the Conference which follow.

RULES OF THE BUCKEYE ATHLETIC ASSOCIATION

1. No one shall participate in any intercollegiate sport unless he be a bona fide undergraduate student, doing full work in a regular or special course as defined in the curriculum of his college.

2. No student shall so participate until he shall have been in attendance in his college for one full collegiate year subsequent to attaining the equivalent of freshman rank in the liberal arts course, or in a four-year engineering course. (INTERPRETATIONS—(1) A second year of residence shall not be required of the student who changes college and then returns to his original college, unless he shall have participated in intercollegiate athletics during his absence; (2) Summer Session work shall not be counted in determining length of residence).

3. No student shall participate in intercollegiate athletics upon the teams of any college or colleges for more than three years in the aggregate, and any member of a college team who plays in any part of any intercollegiate athletic contest does thereby participate in athletics for the year. (INTERPRETATIONS—(1) Students who play in the first contest after the opening of the respective season, and in no

other contest of the season, shall not be considered as having participated; (2) A student who begins his college work at the middle of the year and then satisfies the year of residence requirement of Rule 3 shall not be debarred by this rule from three full years of athletic participation).

4. No student shall be permitted to participate in any intercollegiate contest who is found by the faculty to be delinquent in his studies.

5. No student shall play in any game under an assumed name.

6. Any person participating in any athletic contest as a member of a collegiate team, while not a student in the institution represented is thereafter debarred from participating in intercollegiate contests under these rules.

7. A student who participates in intercollegiate athletics and does not complete the work of that term or semester shall not be permitted to compete in the same sport in his next year of residence.

8. No person shall be admitted to any intercollegiate contest who receives any gift, remuneration, or pay for his service on the college team. (INTERPRETATION—Any student receiving any gift, remuneration, pay, loan, or scholarship in consideration of athletic ability or for present, past, or prospective service on any athletic team shall be thereby rendered permanently ineligible to participate in any intercollegiate athletic competition or any conference team. The following interpretation is added: loans or gifts granted for athletic reasons by alumni, fraternities, or other groups or individuals are intended to be covered by the above rule. (Vote of Con-

ference, May 27, 1921). (The Secretary suggests that all "jobs" for which the student does not perform adequate and regular service, as judged by the pay and working standards common among non-athletic students, be included in interpreting this rule).

9. No student shall participate in any intercollegiate contest who has ever used, or is using, his knowledge of athletics or his athletic skill for gain. (INTERPRETATION—In the application of this rule the words "athletics" and "athletic skill" shall be interpreted as including gymnastics and gymnastic skill).

10. Participation of college students in athletic sports as members of professional or semi-professional teams shall render such students ineligible to membership in college teams; a semi-professional team being one which contains one or more members who are engaged for the whole or a part of the season for pecuniary compensation.

11. Athletic committees shall require each candidate for a team to represent the institution in intercollegiate contests to subscribe to a statement that he is eligible under the letter and spirit of the rules adopted.

12. All intercollegiate games shall be played on grounds either owned by or under immediate control of one or both of the colleges participating in the contest; and all intercollegiate games shall be played under student or college management, and not under the control of any corporation or association, or private individual.

13. The election of managers and captains in each college shall be subject to the approval of the faculty committee on athletics.

14. College football teams shall play only with teams representing educational institutions.

15. Teams other than the regular college or "varsity" teams in all branches of athletics shall play only with teams of their own institutions.

16. Pre-season training for football shall not be permitted. Football training may begin in any Conference College on its own grounds on its first day of fall registration and in all on September 15.

17. The maintenance of a training table (in the sense of a table conducted wholly, or in part, at the expense of others than the boarders) shall not be permitted.

18. Before every intercollegiate contest the respective chairmen of the athletic committees of the institutions concerned shall submit to each other certified lists of the players eligible under the rules adopted to participate in said contest. It shall be the duty of the captains of the respective teams to exclude all players from the contest except those certified.

19. All athletic funds and accounts shall be controlled and audited by faculty members, or by committees containing faculty members.

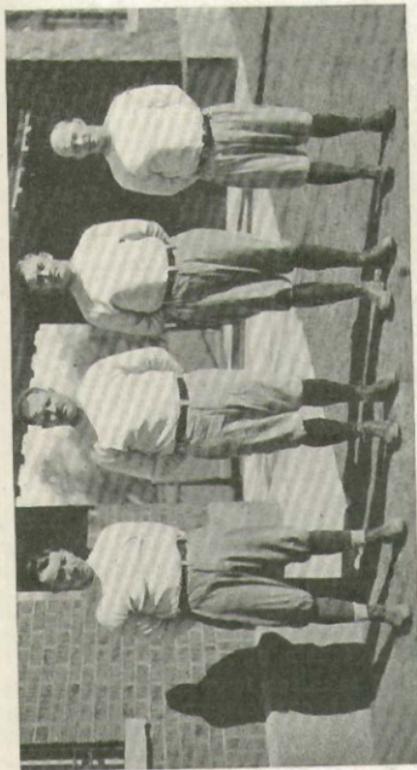

20. College students who during term time participate in athletics in connection with athletic clubs shall be disqualified from participation in intercollegiate sport; participation in connection with athletic clubs during vacation shall not disqualify.

Intramural

Athletics

Not many years back in the history of our colleges and in the memory of most of us, there was only one system of athletics in the average size college and university. This system of intercollegiate athletics took care of a few over-trained and highly specialized athletes. Large sums of money were expended each year on the different branches of intercollegiate sport. Out of this costly system of athletics only a very few students received any physical or body-building benefits.

Especially during the intensive training periods of the War did mass athletics and organized games bring out the excellent results of a systematic athletic training for the average individual. Large groups of men were taught games of different nature and variety, and they in turn taught many other men. Organized play took on an importance which the high army officials readily used.

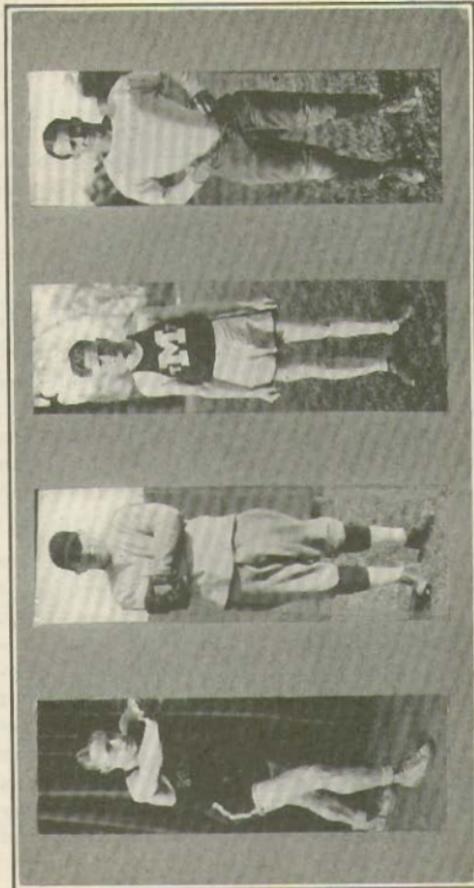

PITTSER, RIDER, TILLOTSON, VAN
VOORHIS

Men were intensely interested in physical exercise if offered to them by the method of physical combat, that is: baseball, boxing, wrestling, etc. The morale of the camps and training centers was kept on a higher level because of this clean cut development of the average soldier; his training and practice in athletics, his ideas of fair play, and his desire for action made him a better soldier.

This very important system of athletics was introduced into our colleges a few years ago, and at the present time most of the universities and colleges are making Intramural Athletics a feature of their campus activities.

Here at Miami University the intramural program is divided into the three seasonal periods—Fall, Winter, and Spring. During the Fall season most of the activities take the form of outdoor sports, such as speedball, playgroundball, tennis, horseshoes, cross-country runs, and handball. In the Winter season the Herron gymnasium is the center of festivities; basketball, boxing, wrestling, foul shooting, indoor track, and athletic tests. Immediately after the Spring vacation Cook Field is again the scene of baseball, volleyball, horseshoes, outdoor track, while the courts are always filled with tennis players.

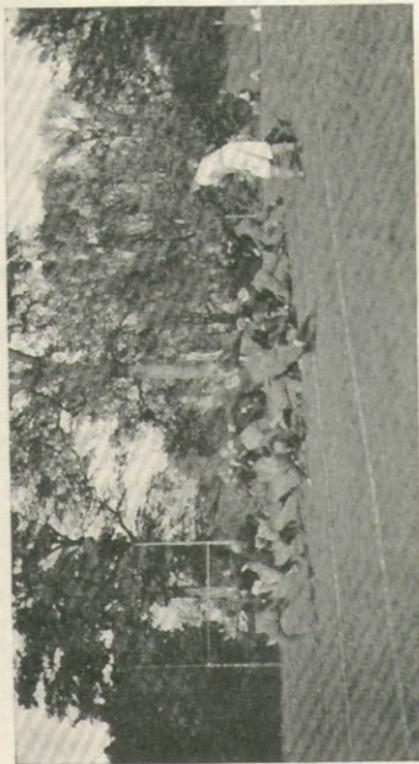

It would take too long to give a detailed description of our system of intramurals here on the Miami campus, but it is understood that Miami University is second to no other college in organizing and conducting Intramural Athletics.

Every student is expected to participate in some athletic activity. An individual record is carefully checked after the close of each season. There is no penalty for not participating and the regular fellow and he-man always finds something to do during his leisure time. Usually the best students in the University have a keen interest and take an important part in intramurals.

The spirit of keen rivalry exists on the campus, yet in no way does the desire to win over-step the few important principles upon which Intramural Athletics are based; everybody out and in the game all the time, fair play, clean habits and clean speech in the game, win without too much exultation and lose without crabbing.

The Department of Intramural Athletics has the entire support of the members of the Faculty as well as the student body, and to the student coming to Miami University for the first time it extends a welcome and offers to you any number of shares in its company for only the cost of participating. These shares will pay large dividends to you while you are a student on the Miami Campus in the way of health, enthusiasm for your college, and good fellowship.

Women's Athletics

Athletics for Miami women are now approaching the high plane set by the Men's Intramural Organization. As a result, a larger and larger percentage of the women here are afforded an opportunity to participate in some sport.

During the fall, sports such as hockey, soccer, and archery are played while a schedule of inter-class games is played between the six classes.

Basketball is the big sport during the winter months. Both inter-class and inter-sorority games are played, each sorority placing an "A" team and a "B" team in the running. A number of "A" and "B" teams are chosen from the non-organization women, and enter into competition against those of the various organizations.

Spring sports include baseball, track, and archery. An interclass track meet is held during May, and inter-class baseball games are played throughout the season.

Chances to gain special merit by means of making special courses in Physical Education are also open to upper-class girls who have already fulfilled their graduation requirement in this department.

Remember: that "collegiate" is not a synonym for "asinine."

Dramatics

YE MERRIE PLAYERS

Ye Merrie Players is THE dramatic organization at Miami. Membership can only be attained through hard work and much active interest in dramatics. A point system is used in order to prevent partisanship, so that no one can become a member until he has secured the required number of points by taking part in Ye Merrie Players productions.

The organization was founded in 1910, and has been very active ever since. It is under the auspices of this organization that the two leading plays of the year are presented. Officers are elected annually, from those who are most active in dramatic work. The aim of the organization is to promote a greater interest in dramatics.

THE DRAMATIC WORKSHOP

This organization acts as a feeder for Ye Merrie Players, which is the major dramatic organization at Miami. Plays are produced before a selected audience approximately once every two weeks. During each semester, the best plays produced by the Workshop are again presented, but this time before a paid audience in the workshop theatre, main building. Oftimes the plays produced are the works of the members themselves. The work of the organization is supervised by the Dramatic Department.

MID YEAR PLAY

Each year, just after the end of the first semester, a play is presented by the students, under the auspices of Ye Merrie Players. The play is always of the best quality obtainable, and its presentation is looked forward to by all the student body. A small admission is charged in order to pay expenses of presentation.

Credit hours are allowed by the executive committee of the University to go toward the graduation requirement. The number of credit hours given is in accord with the part taken.

COMMENCEMENT PLAY

During commencement week, a play is presented by Ye Merrie Players for the benefit of the visitors who are in Oxford for the exercises of the week. The same regulations as to the credit given for parts apply to this play as to the Mid Year Play.

Publications

RECENSIO

At the close of each academic year, an annual makes its appearance on the campus. This annual is known as The **Recensio** and is published under the direction and supervision of the Junior class. The editor of the Recensio is chosen in May of each year by a faculty committee, acting upon the recommendation of the retiring editor. Each editor is permitted to choose his own staff, which is composed of about ten members of the Junior class. Sophomore candidates for the editorship work along with the regular staff throughout the entire year.

The business manager is chosen by another faculty committee acting upon the recommendation of the retiring manager. Sophomore candidates form the entire business staff during the year.

Both the editor and business manager receive compensation for their work, this being in the form of five per cent for each of the gross receipts on the year.

The Recensio, as its name suggests; attempts to make a complete review of everything that has taken place during the scholastic year that it appears. Greater attention is paid to the Juniors than to any class, but the book, in its final form, is a complete pictorial and written record of any particular year.

Learn every Miami song and yell.

STUDENT

Coming out on Friday, **The Miami Student**, the weekly newspaper of the University, gives a complete review of everything that has taken place on the campus during any particular week.

The subscription price of **The Student** is included in the activity fee paid by every student entering the University, so the circulation of the paper is one hundred per cent on the campus.

The Editor of **The Student** is appointed by a committee composed of President Hughes, Dr. Rea, and the retiring editor, his successor being recommended by the latter. The editor appoints his own staff by means of tryouts to which any student in the University is eligible. The editor is compensated for his work by a four per cent commission of the gross receipts during the year, and an additional three hours credit in English.

The business manager of **The Student** is appointed by President Hughes and Mr. Roudebush, acting on the recommendation of the retiring manager. He, too, receives compensation for his work.

THE MIAMI DIRECTORY

Published annually by the University the directory is a publication containing primarily the names, addresses, and phone numbers of all the students registered in the University, and also the members of the University staff. It also contains a calendar for the academic year, a list of the class presidents, the members of the Student Senate, the Student Council, the

Officers of the Y. M. C. A. and the Y. W. C. A., cabinets, and a schedule of all athletic events.

CRIMSON TOWERS

Crimson Towers is the literary annual of the University. It appears toward the close of the year, and comprises the best literary work done by students during the previous nine months. All students interested in writing and the furtherance of literary expression on the campus unite their efforts, in the shape of contributions or of assistance on the staff, in the publication of **Crimson Towers**.

THE HANDBOOK

This is it.

THE NEWS LETTER

The News Letter is a University publication which is issued with the purpose of keeping a close bond between Miami and her alumni who are scattered all over the world. It retails the doings of the different departments of the school in a brief and concise manner, gives the results of athletic contests, and contains all other information of interest to the Alumni.

Musical Organizations

THE MIAMI MUSICAL ASSOCIATION

This organization is composed of a group of elected students and one faculty member. Its duty is to handle as a whole, the musical activities of the University. One member is elected from each musical organization on the campus, and one man and one woman from the student body at large. Elections occur in the spring, and plans are immediately laid by the new members for the program during the coming school year. Early in the fall, a drive is made to sell season tickets for the whole course which lasts throughout the school year, and includes many artists of national fame as well as the campus musical organizations.

MUSICAL TRYOUTS

During the fall of each year, notices are posted on the campus announcing tryouts for all persons interested in music. Individual tryouts are given, and from those selected, the casts of the various musical productions of the year are chosen. A fee of four dollars is collected at the time of the tryouts, in order to cover absences should the person trying out be selected. In case of his failure to make any organization, the money is refunded.

MIAMI MEN'S CHORUS

Under the leadership of Professor Ross, the Miami Men's Chorus, formerly the Glee Club, has materially broadened the scope of its activities during the past year. Last

year it gave several home concerts, and entertained numerous audiences near Oxford. In addition, during the Christmas holidays the Chorus chartered a special Pullman coach and traveled through Ohio, giving concerts in Cleveland, Dayton, Akron, Hamilton, Troy, Greenville, Ploua, Kent, and Cincinnati. The Chorus also sang from WLW, the Crosley Radio Corporation broadcasting station in Cincinnati. At the annual Ohio College Glee Club contest which was held at Ohio Wesleyan, Miami was awarded second place. Membership is restricted to the three upper classes except in the case of freshmen having a B average or over.

OPERA CLUB

The Opera Club is one of the most popular musical organizations on the campus. A list of those who are to make up the Opera cast is selected from those who try out in the fall. The Opera is presented in the Auditorium some time before the Christmas holidays, usually during December.

The membership of the Opera Club is composed of both men and women. It has produced such works as, "The Pied Piper of Hamelin," which was written by Professor Clokey of Miami. "The Sorcerer," by Gilbert and Sullivan, "Yeh Ying," by Jones and Clokey.

THE MADRIGAL CLUB

One of the oldest and best established organizations sponsored by the music department is the Madrigal Club, composed

of women's voices and ranging in enrollment from 25 to 30 members. Since 1909 the club has given a delightful and varied annual concert. The highest quality of choruses arranged for women's voices have been presented by the club and have been well received by the local music lovers as well as those in the surrounding country. Several trips are taken throughout the year to nearby towns where a similar concert to that of the local one is given. Regular rehearsals are held throughout the year and an assessment paid at the beginning of the term takes care of absences. The president of this organization automatically becomes a member of the Women's Student Governing body. A small gold "note" presented by the club signifies membership in the organization.

Good freshmen make good upper-classmen.

BAND

Miami, like all other universities, has a Band consisting of some thirty pieces. Eligibility for membership is based on ability and the interest shown in the work. The Band accompanies the football team to Dayton for the annual Miami-Denison classic, also journeys to Cincinnati on Thanksgiving. Regular weekly rehearsals are held, and attendance is taken.

ORCHESTRA

The University Orchestra, conducted by Professor Roy Williams of the Music Department, holds rehearsals twice a week. It usually consists of about thirty members. A concert is given every spring, and the organization also furnishes music for plays and operas held during the school year.

Honorary Organizations

ALETHENAI LITERARY SOCIETY

Three's chapter of the Alethenai Literary Society was installed at Miami University for the purpose of stimulating interest in creative literary work among the students of the Liberal Arts College. Those eligible must have a genuine interest in writing, a B average, a B-plus average in English, and recommendations from three professors.

DELTA OMICRON

Delta Omicron, a national musical sorority, was installed at Miami University in 1923 as an honorary organization, membership being open to those girls who were taking the public school music course. An average of "B" must be had and maintained for membership. At present, there are twenty active girls wearing the sorority insignia, a gold lyre jeweled with pearls. Musicals are given monthly and an annual twilight recital is given the first Sunday of May which is free to the student body. The organization encourages original composition work and the advancement of music by American women.

KAPPA DELTA PI

Kappa Delta Pi is a national honorary fraternity for those who have done outstanding work in preparing themselves for the teaching profession. The Nu chapter was established on the Miami Campus in the spring of 1923. Candidates are elected from the junior and senior classes on a strictly B average.

KAPPA PHI

Kappa Phi is a national Methodist university women's club, founded at Kansas University in 1916. The Lambda chapter was installed at Miami in 1922. The purpose of the organization is to provide religious training and a wholesome social life for college women. The slogan is, "Every university girl of today, a leader in the church of tomorrow." All Methodist girls attending Miami are eligible for membership. Sponsor: Mrs. H. J. Jewett.

LAMBDA TAU

Lambda Tau is an honorary literary-journalistic society for women, and is composed of those who have shown exceptional ability in creative work. The organization was founded at Miami with the idea of promoting literary interests in the University, and of publishing a literary magazine—The Miami. During the last two years, however, with the origin of Crimson Towers, this work has been taken over by another group and Lambda Tau has remained distinctly an honorary society.

LIBERAL ARTS CLUB

The Liberal Arts Club of Miami University was organized in 1903 for the purpose of promoting the social life and literary interest of the girls in the Liberal Arts College. Until 1908, all were eligible for membership. Since that year the entrance requirements have been a B average in all subjects, and a B-plus average in English.

MIAMI UNION

Miami Union, which last year celebrated the one-hundredth anniversary of its found-

ing, is one of the two literary societies existing at Miami.

Its membership is limited to twenty-five, and is filled by the selection of men from the three upper classes. Those who have distinguished themselves in the fields of literary and public speaking activities are eligible for election to Miami Union.

Meetings are held at irregular intervals. The programs consist of talks, debates, discussions of important public questions, and the reading of papers presented by the members.

PHI BETA KAPPA

The Iota of Ohio Chapter of Phi Beta Kappa was established at Miami in 1911. Members are selected from members of the junior and senior classes. Eligibility for membership is dependent on the attainment of the required scholastic average.

PHI BETA PHI

Phi Beta Phi, an honorary journalistic fraternity, was founded at Miami in the spring of 1925. Membership is limited to thirteen men who have shown superior journalistic ability. Election is made after the first semester of the sophomore year. Nationalization is one of the primary objects of the present organization, which was founded to take the place of Sigma Delta Chi, which withdrew from Miami because of the discontinuance of the Journalistic Department.

PHI GAMMA PHI

Phi Gamma Phi, the French honorary society, has a two-fold purpose: First, to

honor those students who have done especially meritorious work in French; second, and essentially the main purpose, to stimulate an interest in French literature, art, and history. The conversational side is much emphasized. It provides for that personal interest that one cannot obtain in the classroom. Phi Gamma Phi holds sixteen meetings during the school year. The programs are usually parts read from plays, and talks on the various phases of French life.

PHI EPSILON

This organization chooses its members from those men doing advanced work in botany, zoology, or geology, and who have maintained a high scholastic average in their particular field. Meetings are held every two weeks, at which time the members are addressed by prominent members of the faculty on the problems confronting them in their particular fields of study.

PHI MU ALPHA

This organization, oftentimes called Sinfonia, is a men's national professional musical fraternity. Election to the organization is based on ability, interest shown in music, and standing in college. There is no set limit to the number of members, although the role usually runs between ten and twenty active members, including those of the faculty. It is the policy of the fraternity to present to the campus at least one program of American music each year. Regular meetings are held, and a definite program of events is followed throughout the year.

PHI SIGMA

Phi Sigma is an honorary biological fraternity whose members are selected from the three upper classes in botany, zoology, and geology. The Upsilon chapter of Phi Sigma was installed on the Miami campus May 7, 1926. Meetings are held every two weeks, at which time the organization is addressed by members of the faculty and visiting scientists. Membership is based on scholastic achievement in any particular field of natural science.

TAU KAPPA ALPHA

Tau Kappa Alpha is a national honor society for the recognition of those who have distinguished themselves in public speaking and debate. Election and initiation of new members takes place each spring. Participation in an intercollegiate debate is requisite for membership in Tau Kappa Alpha. The Miami chapter was established in 1909.

Class Honoraries

CWEN

Cwen is an honorary organization of sophomore women. Its members are chosen for their scholarship, their activities, and their personality. The purpose of the organization is to encourage the development of like qualities among the girls of the freshman class.

Cwen was established on the Miami campus in the spring of 1925. Chapters of the same society are already active at the University of Pittsburgh and the University of Wisconsin.

DAGGER AND CHAIN

This organization was established as the honorary sophomore organization of the campus, in order to enforce the tradition of the school upon the delinquent members of the freshman class.

GRAIL

Grail is a junior honorary organization composed of ten of the foremost men in the junior class. They are chosen in the spring of each year.

The purpose of the organization is to better and advance conditions on the campus in regard to traditions, athletics, and similar issues.

MORTAR BOARD

Mortar Board, a senior honorary fraternity for women, was founded in 1918 at Syracuse, N. Y., by representatives from existing Senior honorary organizations at Cornell, University of Michigan, Ohio State, and Swarthmore. At the present time there are thirty-one chapters located in the leading universities of the country.

Members of Mortar Board are chosen from the junior class on the three-fold basis of service, scholarship, and leadership. The purpose of the organization is to provide co-operation between senior honorary societies for women, and the purpose of each chapter is that of service to the school of which it is a part.

PODACS

This society was organized for the purpose of creating a spirit of friendliness and good feeling among the girls of the different social organizations. Every year Podacs selects a girl from each group. The girl chosen is an outstanding freshman in her particular group, and is known for her friendly attitude and interest in campus life.

RED COWL

Miami's senior honorary organization contains the eight leading men of the senior class. Those prominent in athletic activities on the campus are eligible for membership.

Its purpose is to foster the advancement of the University in all directions.

Departmental Clubs

THE BOTANY CLUB

The Botany Club is an organization for the advancement of Botanical science. Meetings are held every two weeks on Tuesday afternoon or evening in the lecture room in Brice Hall. Usually reports are given by members of the club on topics of general interest to science. Occasionally speakers are brought in from the outside to address the club. Those taking first-year botany may become associate members, while those taking advanced courses are eligible for membership.

THE CLASSICAL CLUB

The Miami Classical Club has for its purpose the promotion of interest in the classics. Its membership is open to all the students in Latin or Greek courses. Meetings are held every two weeks and the programs consist of talks on interesting subjects, lantern slides, and short plays. The social side of the club is not neglected, and some evenings are entirely given over to it.

THE GERMAN CLUB

The German Club is an organization consisting of all students in the German de-

partment who have been entered in the second year of German. German is spoken throughout these meetings. The members of the German Department provide the programs which vary from speeches to plays. It is a great help to the student inasmuch as it stimulates the German tongue in the student.

THE SOCIOLOGY CLUB

The Sociology Club was formed under the auspices of the sociology department in 1924. The purpose of the club is to hold informal discussions on questions dealing with the field of social service. Those eligible to membership are students taking advanced courses in the department, and those receiving a grade of A in the elementary courses.

ZOOLOGY CLUB

This club was organized last year, and includes as its members upperclassmen and all freshmen making a B or over in Zoology. The purpose of the club is to foster and stimulate interest in Zoology. Meetings are held every two weeks, at which time papers on subjects of zoological interest are presented by the members.

MISCELLANEOUS

GENERAL INFORMATION

Miami has five dormitories for women which house about two-thirds of the number of Miami women in residence at any one time. The three halls, Bishop, Hepburn, and Wells are assigned largely to upper-class students, Seniors, T. C. Sophomores, and a few Juniors and four-year Sophomores. East and West Halls are filled with all upper-class girls not assigned to other halls, and as many Freshmen as there are places for. Names move up on the hall lists in order of receipt of deposit fees, and as vacancies occur more Freshmen become eligible to hall places. A large number of Freshmen, however, are assigned to University Cottages, which are homes located in the town of Oxford. There are in use now about twenty-two cottages varying in capacity from four to fifteen.

They are administered by responsible matrons, and students there are subject in every way to the Student Government regulations prevailing in campus dormitories. The girls from the cottages come into the hall dining rooms for their meals and are thus brought into constant contact with larger numbers than their immediate cottage group.

Each hall is under the direction of the Hall Chairman elected by the students.

She co-operates with the faculty member resident in the hall, appoints such committees as she desires to carry on the hall interests, and selects the proctors.

The furnishings of students' rooms in dormitories are fairly uniform. They consist of single beds (provided only with mattress), dresser, study table, and straight chairs. The students should supply pillow and all other bed clothing, and such other personal furnishings as they desire in the way of curtains, rugs, etc.

Many of the beds in cottages are double and bed clothing should therefore be furnished accordingly.

It is possible to make some definite selection of a cottage room by corresponding with the matron of the cottage, but it is more frequently the case that the Dean of Women assigns to a cottage its full capacity, and the selection of rooms and combination of room mates is made at the opening of the college year.

When assignments of rooms are made and students are settled for the semester, it is impossible to change without forfeiting one's room rent or making some provision to fill the place in hall or cottage. It is possible between semesters, however, to make some change in rooms, provided the cottage matron is notified, and permission is secured from the Dean of Women for the change.

SCHOLARSHIP DAY

An annual custom at Miami recognizes those members of the student body who have done exceptional work, or have shown

superior ability in any line of scholastic endeavor in Recognition Exercises at chapel some time during the spring semester. An address by some prominent educator is followed by the announcement of the elections to those honorary societies which recognize high scholastic attainment. At this time, the scholastic awards for the previous semester are also made. This includes the awarding of the Shearer Cup, the Phi Beta Kappa Fraternity Cup, and the Phi Beta Kappa Sorority Cup.

THE PHI BETA KAPPA AWARDS

Each semester the Phi Beta Kappa Scholarship Cups are awarded to the fraternity and sorority which make the highest scholastic average. The Fraternity Cup is awarded to the members of the organization exclusive of pledges, and the Sorority Cup is awarded to both members and pledges.

THE SHEARER SCHOLARSHIP TROPHY

This cup is awarded to the fraternity whose freshmen make the highest average.

HOSPITAL AND DISPENSARY

This building is situated on the south of the campus, opposite the Power Plant.

Much can be done for sick people if they are treated in time; therefore, all students who are sick or ailing in any way are expected to report at once at the hospital.

The doctors and nurses are always in attendance at the hospital and emergencies are taken care of at any time of the day or night, but other than emergency cases are expected to come for admission to the hospital or treatment in the dispensary at the regular hours which are 9:00 to 12:00 A. M. and 2:00 to 5:00 P. M.
