FOREWORD

Since this book is intended mainly as a guide to Freshment in helping them to become acquainted with Miami during their first few weeks here, we have attempted to make it as readable and interesting as possible. Special emphasis has been laid on those things with which they must become familiar. It is hoped that it will serve to help them fit into the life at Miami.

A book such as this should, however, be of some value to the student body at large. Because of the space limitations we have also included such material as we believe to be of value to any student at all times of the year.

A new feature of this year’s book is a map of the campus and the city of Oxford, showing the locations of the main buildings, dormitories, lecture buildings, cottages, and town buildings of importance to the student body.

THE PRESIDENT'S GREETING

To the new students:

At this time you are taking on a
new allegiance and a new title. You
have benefited in the minds of every
one of Miami University to
everyone the privileges this title confers
and to represent us before the world.

I take this occasion to welcome you
to the new relationship and urge you
to all stores to avail yourself fully
of those privileges it represents. Li-
brary, laboratories, a scholarly and
sympathetic teaching staff, friendships,
rich experiences, traditions—all around
you ready as your need.

Will you not devote yourself enthu-
siastically to the test of being a true
son or daughter of Miami, as thou-
sands have before you? If you do,
we shall have a delightful and profit-
able time together.

Cordially yours,

A. E. UPTAM
Old Miami

(Alma Zauter)

Old Miami, from thy high cliff
Thou hast watched the centuries roll,
While thy sons have coveted from thee
Steady-hearted, pure of soul.

Old Miami! New Miami!
Days of old and days to be
Weave the story of the glory,
Our Miami, here's to thee.

Living in thy simple splendor
Thou the calm and they the storm,
Truly didst give them joy to conquer,
Strength from thee sustained their arm.

Thou shalt stand a constant beacon,
Guiding towers against the sky,
Men shall ever seek thy guidance;
Power like thine shall never die.

Miami March Song

Miami, old, to thee our love we bring,
To thee our hearts and minds will ever cling.

Theys of other days, thy gifts so true,
Call us today to sing our praise to thee.

Chorus

Loves and honor to Miami,
Our village, old and grand.
Proudly we shall ever hail thee,
Even on the land.

Alas, alas now we praise thee,
Give joyfully this day,
Love and honor to Miami.
Forever and a day.

Thy aims, thy hills, thy skies of azure blue,
To them is deepest inspiration due,
Thy manly towers upon the hilltop fair,
To them do we our grateful homage bear.

On land and sea our hearts will ever be
The brightest, bravest man you know to be.
Our duty ever in our loyalty,
To guard thy name through all our life.
Scalp Song

Yah! Yah! Yah! Yah! to the word "war!"
The tribes go forth to war.
Their scalp-songs rang afar;
Bright the blood-red camp-fires gleam-
her.
Mock with thir'd the war-hawk's
screaming;
Signal on he near high,
Beakbone in the air,
Old men shake their maf-lamhs.
Warriors dance until the sun,
Maidsens paddling, war-drums throbbing.
War!
Sweet the victry and the conquest,
Calm the rest among the slain;
Sons of centuries of heroes,
Seek the path, despite the pain.
Watch Miami now,
See the foremost bow,
Far and wide their host is scattered,
Swords are broken, shields are hat-
tered.
Miami! Yah! Yah! Yah! Yah! Miami!
Have them chase them, pound them, bound them. Whoa!
HISTORY OF MIAMI UNIVERSITY

Miami University was the second institution of higher learning established by the state of Ohio. It was founded under the Federal Land Grant Act of the Legislature of Ohio in 1839. One year prior, the state of the cattle, the Ohio and Indiana counties, had petitioned the legislature of Ohio for a University to be located in that portion of the township set aside for educational revenue.

Because of lack of sufficient funds, Miami was little more than an academy until 1852. In the fall of that year R. H. Steely was selected as president. In 1856, Miami became an univer-
sity. About this time the two literary societies, the Epsilon Phi and the Phi Mu, were founded and the student body increased

mitted as students. In 1905, the college was ad-
nounced to be the Liberal Arts College from now on.

The University has twenty-three build-
ings on its campus; nine are general build-
ings—hospitals, a power plant, and 3 dormitories; the remaining ten

The new Constitution is drawn up and approved, and copies of same are to be distributed among the classes and various sections of the student body. NEW RULES OF
WOMEN'S STUDENT GOVERNMENT
1928-1929

Since the life of students on a campus must conform to the environment of the University and its aims, the following regulations are established to maintain general considerations for the protection of their interests as individuals and as students.

These considerations are embodied in the following standards of behavior which apply equally to all Miami women living in halls and outside of any residence building for one or more years.

House Life
Quiet—everybody study hours
Quiet—gallivanting between 10 p.m. and 12 A.M.
Lights—closing hour—10:30 o'clock except Saturday—11:00 o'clock on Saturday.
Guests—All guests sign in register, guests of students permitted and regular guests are expected to obey the standards in force for Miami women.
All students sign out for any absence from hall or parties in evening or for any activities in the city.

Social Life
Entertainment with Men—All students may use Friday, Saturday, and Sunday evenings for social engagements, calling at dinner hours of halls, and meeting friends in the University. Students may use any evening in the week, conforming to the general regulations, in calling the magazine and reporting out.

Dancing—It is a rule of the University that students may not keep noiseless during their residence in college. Therefore, this rule is therefore be given by bands at halls only when this rule is not violated.

Every Miami man and woman is INDIVIDUALLY responsible for the student government and the Honor System.

Agenda II
If adopted, this Constitution shall provide the Constitution of the University and its aims from the University prior to the second semester of the academic year 1928-29.
Dances—All girls must return at once to their own halls and evacuate after a dance. Time limit—half hour after close of dance.

Request for attending any dances except those of the Men's Chapter House are received only in a letter from parents, specifying address to which for travel, societies, and location.

Absence from Oxford—Girls may visit the town only with permission of Dean of Women or heads of halls except for any single shopping trips which involve no social plans.

Smoking—Smoking is not permitted to Miami girls.

"Humping"—Under no circumstances to exist.

Chaperonage—Approved chaperonage is required for all meetings, dances, or calls for any purpose whatever at a man's chapter house or dormitory.

Swimming—In order there may be adequate supervision for any swimming, and to prevent accidents, it is desired that all girls wear swimming caps during all trips to the beach.

Dining—Resort of Women or heads of halls. Permission is not given on Sunday for serving men and women in public in order to draw public attention or to reflect upon the standard of Miami University.

These rules were drawn up by a committee of students and largely last spring and found satisfactory by both. All Miami girls are expected to obey and are given orders to inform the authorities in their interests and not with a desire to be repressive.

There is no half-way house along the highway of life.
NEW STUDENTS

When you arrive in Oxford, whether by train or bus, you will find a Y W C A or a YMCA (Young Men's Christian Association) waiting for you. Be sure who will be in charge of your arrival and get in touch with him or her. If you have any trouble, he will be glad to help you. Be sure to let him know what you want to do.

Women are also advised to be on guard and to be aware of the dangers of theft. If you are planning to stay for any length of time, it is wise to purchase a lock for your door and keep it with you at all times.

If you do not know the number of your room, women should go immedi-
ately to the Y W C A or a YMCA. They will be glad to help you find your room. The Y W C A or a YMCA will also have a list of the names of people who are living in the same building as you.

If you feel homesick or lonely, you may want to visit the Y W C A or a YMCA for a chat or a meal. They will be glad to help you find a place to eat or to take care of your personal needs.

GET SETTLED

Having secured a room, you will settle promptly. But remember that you can always change your mind. If you do not like your room, you may move to another one at any time. However, you should not expect to have your room fixed up to your specifications until you have lived there for a month or two.

Miami is a state school and therefore it is desirable to have students live in the dormitories. There are a number of dormitories in Miami, and you should choose the one that suits your needs best.

Damage is charged against any student or group of students who damage the property of Miami University.

Worry is the most popular form of suicide.

WHAT TO DO

When you start packing up to come to Miami the following precautions might be of some value in selecting and repairing your room. It is recommended that you choose a room that is easy to clean and is sympathetic with you.

If you are not familiar with the number of your room, you should go immediately to the Y W C A or a YMCA. They will be glad to help you find your room. The Y W C A or a YMCA will also have a list of the names of people who are living in the same building as you.

If you feel homesick or lonely, you may want to visit the Y W C A or a YMCA for a chat or a meal. They will be glad to help you find a place to eat or to take care of your personal needs.

If you have any trouble, you should let him or her know what you want to do.
PRESHORN WEEK

Preshorn Week was inaugurated at Miami two years ago. The purpose is to acclimate the freshmen to the uni-
versity. During this period, sections of the under-
graduate student body student body, according to their interest are explained and the year's work outlined for the students. Each group is headed by an instructor, a faculty assistant, and a student assistant who is a member of one of the Christian Association Cabinets.

The material outlined for the week is covered in about eight joint discussions and in meetings. The first three days are devoted to a brief description of the various courses offered at Miami. There are two sets of courses, the Industrial and the Academic. After that some of the different courses offered at Miami are discussed in detail in order to determine the students' interest.

2. Each group has a director and a faculty assistant. Two meetings are held in which the different courses offered at Miami are discussed and in which the students are asked to discuss their interests. After these meetings, the students are given an opportunity to discuss their interests with the faculty assistant. A faculty assistant is assigned to each group and is responsible for the organization of the group.

3. The Preshorn Week is held in the fall and the freshmen are expected to participate in all activities. During this period, the freshmen have the opportunity to become acquainted with the various courses offered at Miami. They are also given the opportunity to make decisions about their future courses.

There will be no Friday or Saturday activity during Preshorn Week. The freshmen are expected to spend their time in class and in meetings. The freshmen are also given the opportunity to discuss their interests with the faculty assistant. A faculty assistant is assigned to each group and is responsible for the organization of the group.

4. Freshmen men meet all visiting students at the depot and carry their luggage. This is one of the most important regulations, for it is on the night of their arrival that a student is largely impressed by a college. The students who make Miami respect the other students with whom they come in con-

5. In addition to carrying their lug-
gage from the depot, freshmen men aid visiting teens in every way possi-
ble, both before and after the gates close. On the third floor, there are resident coaches of both the visiting and home
teams during a game, keep the waterjugs filled, and make themselves useful in every possible way.

6. After athletic victory, whether played at Oxford or elsewhere, the students of Phi Beta Sigma should be the first to enter the building for at least an hour. The longer the ball is r, the better the Phi Beta Sigma name is spread.tractive to those Fresmen by their elders. Nuff said?

7. No Fraternity shall bring a date to any nec meeting or University athletic event.

8. All loyal Phi Beta Sigma help decorate the Senior Field for the Homecoming game. Each may spend his Senior year at Oxford, because of the return of a great number of "alumni." No Phi Beta Sigma are allowed to wear a casual or formal dress suit. Thus doing would be an insult to the formal social events such as fraternity dances or the Junior Prom.

Phi Beta Sigma

All freshmen may be eligible for membership in Phi Eta Sigma, national honorary fraternity for freshmen. To be elected, a man must make an average of 93 on a scale of 100. The next step is required for Phi Beta Sigma in the fourth year. Besides being held within the University, all of the active members, in the end of the first semester a student can still be elected at the end of the very first semester. After the first three is the most important. The Phi Beta Sigma is really a recognition of scholarship.

CHAPEL, LUYPER SERVICES

Up to last year one of the Miami tradition was the monthly "11 o'clock," a local smallest study service for which Freshmen were required to be present one month and upperclassmen the other. This popular and important feature was abolished altogether.

The new plan is that each Sunday at four o'clock there will be a short Bumper service, attendance at which will be made compulsory until the remaining term. Two or three prominent speakers are brought in from time to time while at the other meetings considerable attention is paid to music.

The services are in charge of Mr. Wilkinson, who is General Secre-
tary of the Y.M.C.A.

Another old tradition in going this round is the compulsory daily half-hour service in the Chapel, up to the uncomplimentary wady how little is to be substituted. This will come at any time or every Thursday afternoon arranged so that cadets will want to attend. No classes will be scheduled during this hour and all students will be able to attend.

Whether this and the roper service plan will be continued after this year will depend entirely on whether the students will cooperate and make their membership worthwhile.

FRATERNITY RUSHING RULES

No fraternity is allowed to rush or pledge a man before THURSDAY, of Freshmen week, at the 4 o'clock service. The rule must be enforced by six men, not including Freshmen Week assistants, in order during Freshmen week. There are no exceptions to this rule. Those men are not allowed to make any approach of Freshmen as there will be no discussions of frater-
nity except in authorized group dis-
scussions.

As partial faculty committee will not participate in the Outreaches meet on the first floor of Benedict Hall during the first week of school. To this committee all disputes and violations of rules should be reported.

RULES FOR SCHOLAR RUSHING

1939-1940

1. The actual rushing season shall start Friday of Freshmen week, September 29 at 6:00 o'clock P.M., and shall close Saturday, September 30 at 10:00 P.M.

2. The season may be held on Fri-
day, September 29, Saturday, September 30, and Sunday, September 30.

3. During the actual season, no rushes may be extended by any college or any group on any individual from 10:00 P.M. to 8:00 A.M. A period of five hours shall allow between rushes and approval-
after.

4. A time of silence shall begin Sat-
urday night, September 29, 10:00, lasting until 8:00 A.M. on Monday.

6. Write names of Freshmen legally.

THE QUESTION

With the ideals and traditions of a great school to help you, and with the chances for real success in school life to which you are so naturally entitled, are you going to remain a stranger? Are you going to be that individual who says, "Well, other people do the work while you look on," or are you going to take advantage of every opportunity to perfect yourself and to develop your ability? What you will get out of four years' work at Monmouth College or Wittenberg College or any other college will depend entirely upon what you will put in. The return is up to you.
GEORGE L. BISSET
Head of Physical Education Department

Coach Bisser in the several years he has been with Miami has established a record which few coaches have equaled. Perhaps the finest track team that Miami has ever seen and two cross-country teams is evidence of Bisser's ability. In addition he has built up the track team until it is one of the finest in Ohio.
Within the past year Miami's enviable position among the colleges and universities of Ohio has been manifest by the fact that the football team, only occasionally considered among the leaders of the state, has emerged as one of the more prominent. While other teams have been struggling along, Miami has maintained a place in the rear.

With a football team that swept through the bearing season by its history in glowing style, winning seven and losing only one game, the showing of the team in the final game against Michigan was most gratifying. Though the team emerged out of the Buckeye Athletic Association championship by their defeat at the hands of Wisconsin, the defeat was no foregone conclusion. Going into a tie with Michigan for the Ohio Conference championship, the team was able to tie the score at the twenty-three to nothing, clinching honors, and the thirty-five to seven victory over Ohio Wesleyan. In the Thanksgiving Day tilt, played at Columbus, the Redlegs again proved the Cincinnati Bearcats. The only black spot on Miami's reputation was the defeat three to nothing with the help of the hands of the Buckeyes of the Ohio State University, the Buckeyes' Athletic Association Champions. Meeting the University of Dayton, winners for the third time in eight years, Miami was able to win the game, the Big Red handing the upstarts their first Ohio Conference football defeat.

With plenty of better men, including two All-Ohio men, it is a wonder, and
with a wealth of material from the 1922 Freshman squad, the outlook for this season for the Big Nine is exceptionally bright.

The track team enjoyed one of the most successful seasons in many years, for twenty victories and three defeats. The team was always looking championship caliber, although人才 were felled by injuries. The array of talent on the squad was so deep that any number of junior regulars, the team played the number one teams that the state had to offer and everyone of the members of the Buckeye Athletic Association.

The three defeats that the Big Nine experienced were all at the hands of teams in the latter aggregations. Although they were not expected to defeat these teams, they defeated Cincinnati for the first time in forty years and tied with Ohio Wesleyan for second place in the R. A. A.

The two big events of the year were the 38 to 15 win over Muskingum, the 1922 Ohio Conference Basketball Champions, and the 40 to 28 win over the Chicago Maroons. The Chicago Maroons defeated the Buckeyes last year at Columbus, the 1926 Ohio Conference Champions. The victory over Chicago was the first basketball win over this team in four years. The most cherished was the fact that the defeat was on the Cleveland floor. These two victories are very bright as the entire first team and most of the first string reserve will be back again to make an even stronger team next year. Only freshmen and three men were lost by graduation.

Despite the fact that many of the members of the Big Nine track team were prevented from taking part in the spring sport because of injuries, the Miami track team gave a creditable showing of itself and played...
an important part in the track com-
petition of the state. Although faced
with the same problems as in previous
seasons, the work of the Big Red
squad was exceedingly gratifying and
gave excellent prospects for next year.

In a tune-up meet with Ohio Uni-
versity, the Big Red trackmen had
brakemen run reshuffled in sweeping
on easy victories. Another feature
of note was the performance of the
sprints such as Jerry Famier who took
an exciting victory from the West End
in the 100 yards and with a near miss
indicated the probable margin of a few
points. At Wesleyan, the 100 and 400
sprints were won by a Big Red runner
in a time not far from the world's
record, although the Ohio Wesleyan
and Oberlin.

One of the most significant feats dur-
ing the year's competition was the one
by Whittaker who lowered the world
110 yard high hurdles record to 14
feet and 6 inches. Whittaker set
a new world's record when he threw
a 14' 6" high hurdles in Annapolis
and then duplicated the feat a few
weeks later at West End Park. Whittak-er's tremendous days in the field of
strength, the prospects for a cham-
perionship this year are exceedingly
bright.

The Big Red barriers for this year
captured the B.A.A. Cross-Country
championship. Last year the Ohio
Cross-Country barriers did not only
did the Red and White men carry the
Harriers' title but we also managed
ded and injuries to several
members of the team prevented them taking.
Only two men were lost by graduation and with the wealth of good material the prospects of the team next year are very bright.

The Big Red were named out of their third B. A. A. baseball championship when they lost a heartbreaking game to South Bend on December 24th. After going through the year unbeaten with only one tie against the Ohio Big Ten, the Red and Black lost the Big Ten title to the Wolverines of Ohio State in the opening game of the year at Detroit. The Red and Black continued to win until December 24th when the Wolverines scored a 3-1 victory. This was the only defeat of the year and with this lost the B. A. A. championship. Perhaps the most thrilling victory of the year was the 1-0 victory over the University of Chicago in the opening game of the year, a game the Red and Black scored a 1-0 victory over the Fighting Irish. The Red and Black showed the country that they were a team to be reckoned with and the team went on to win the Big Ten championship and the conference.

The Buckhards Trophy
In 1924 A. H. Burkhart of Cincin-

nati donated a trophy to encourage intercollegiate competition between the University of Cincinnati and the University of Miami. The trophy is a twenty-year cup and becomes the permanent possession of the team which has the highest score of points at the end of that time.

In 1924 Miami easily scored the trophy over the Buckhards that was a tremendous lead. The score was 14-13 over Cincinnati. The Miami team then won the championship and the trophy in a fair fight in the following year. The Miami team in 1922 won the championship again and the Buckhards cup by the same score that it had chalked up in 1924. The Miami team in 1923 won the championship with two years in a row. The Miami team had one victory over Cincinnati in 1928. The Buckhards scored 15 points to 11 for Cincinnati.

The few people speak of their great-
nesses the more we think of it.
THE Buckeye Athletic Association and THE Buckeye Intercollegiate Conference

In the winter of 1915, several Ohio coaches met at Columbus to arrange intercollegiate schedules for their teams. At this meeting a schedule-making group, called the Buckeye Intercollegiate Conference, was formed. This group included schools such as Cincinnati, Wittenberg, Ohio University, Denison, and Ohio Wesleyan as members. It was later, in the fall of the same year, that a second group formally withdrew from the old Ohio Conference at that time and did so in the latter part of May, 1916, because of the demand of the Ohio officials for a new conference made up of schools that were more interested and willing to bring into existence a new conference which was formed. This conference was the Buckeye Intercollegiate Conference, and it included the three original schools as members. In the latter part of the year three new schools, by request of the Ohio officials, were added to the list thus making a total of six member schools. This schedule-making group was dissolved in 1918, when a new ruling of the conference was made that all schools must accept the Ohio Conference schedule making activities in the hands of the conference board. These Buckeye schools formally withdrew from the Ohio Board of Trustees Association and formed their own conference, known as the Buckeye Intercollegiate Conference with the six original members. The Buckeye Intercollegiate Conference has its own constitution, rules, and by-laws as well as eligibility rules. The rules for all of the intercollegiate athletics in the Ohio Universities except the Ohio State University are followed by this conference and by all the schools affiliated with it. Each student is urged to read and study the rules of this conference which follow.

Intramural Athletics

Not many years back in the history of our colleges and universities, and in the infancy of most of us, there was no provision made for any organized athletic events for students to participate in other than the average high school or college of that day. The system of intercollegiate athletics took care of a few over-trained and highly specialized athletes. A few years ago the idea of intramural athletics was established, and here we have a system of intramural athletics existing today to benefit the average and college student. This system of intramural athletics in the colleges is divided into two different branches of intramural sport. One, that of the officially organized system of activity, and the other, that of the student organization and athletics, and the benefits derived from each of these systems vary from school to school and are the systems that give the spring activity.

In the winter season the Homest System in the system of Intramural Athletics is the season of football, basketball, bowling, wrestling, fencing, field hockey, gymnastics, and many other activities. These activities are the sports that fill the spring calendar.

The Athletic Board shall withdraw all awards from men who do not finish the season of the sport he is participating in, under penalty of being dropped from the roster.

true we have no football team, but
we have good sportsmanship, for develop-
ment of real men has been said to be
found in athletic pursuits. If you make
new friends, let's remember this
instead of wandering just what
the best of the "Y" is. A friend means
more to us, so try to do all that
we can to bring out the good sides of
our friends, to do something that will
make a worth while to them for having
been here.

We have a good time at college. We
learn a great deal not from books
and from life, but as we learn we
must also develop character, or we
will miss the greatest training college
has to offer. There may be times when
we would not want to go out, but that
striving for the goal toward which we
are working, when it will soon be
over. It is all a matter of years and
work, and may be tempered to prove
all of the "Y". Remember
that health and safety are
made by play and sportsmanship and real
battle. Boys are made by an equally dif-
ficult task.

Again may I remind you that this is
your "Y" and it is a success only as it
means something to you.

Intercollegiate debate in Miami is divided into two departments, one for men and the other for women, each department being composed of two teams, each team consisting of two members and a counselor, coach, and schedule. The men's debate takes place during the first week of February and the women's in March. The first debate of the year was conducted in the auditorium as part of March before the spring vacation.

Last year Miami participated in an international debate when three Miami undergraduates joined the teams of Minneapolis and Yale to discuss the question: "In a free government, should the leading students of the colleges in the United States be educated in public schools or in private institutions?" The debate was held at Harvard. The debate was well attended and there was much humor introduced by both sides as the English style of debating was used.

All Sophomore, Junior, and Senior women may be candidates for the debate squad from which the teams are selected to represent the University. Two years of credit are given in the junior or senior year, whose members of the debate team, whose members are awarded gold medals by the University. The University also awards gold medals to those participating and they are also eligible for appointment to the national honorary forensics society.

Men's and Women's Debates were held last year with Butler College, DePauw University, Wooster, and Albion College of Michigan.

FRESHMAN DEBATE

Last year was the first time in the history of Miami University that Freshmen were permitted to participate in an intercollegiate debate. The Freshmen, after the petition by the Faculty and the University of Cincinnati, were granted to continue these debates as they desired. The Freshmen had won the training of the previous year and were therefore given the privilege of having a Freshman Debate.

The annual custom of having a Freshman Debate was observed under the auspices of the Fraternity. The Freshmen challenged the Sophomores and the debate was held in Beekman Amphitheater during the latter part of the year. The contest was considered a very chilly. The contest was considered a very chilly.
Chess, the ancient sport of kings, was given a start as the newest intercollegiate sport at Miami during the last meeting of the college with the promise of being put across on a big scale during the coming year.

In response to a clam to the state Intercollegiate chess title by the University of Miami, the Intercollegiate Chess League was organized and matched at Miami. The first match was played with the U. C. C. U. in the classrooms of the Occidental Chess Club on March 15 and was won by the University of Miami. In a few months a league will be on the way to increase the interest in the game. There were six men on each side. A series of matches was planned at Miami on May 16, with seven men composing the Miami team. The first match was won, and the second was lost by the Miami team.

Though Miami's long awaited team lost both contests, there was considerable interest. Interest in the sport has been on the increase at Miami, but there is need for new talent. Miami's ranks, coupled with some hoped-for talent among the Presbyterian College team, provide the basis for an interesting meet this year. There have been no discouragements from the organization of an intercollegiate chess league in southern Ohio, and there may be one in Cleveland, Cincinnati, and other schools which have or will organize chess teams.

Never tell all you know: save some for need.

The Ojio Club at Miami is known as the Miami's Chorus and is under the supervision of the music faculty. It is composed of all men who have greatly extended their scope of activities. In addition to appearances on the home platforms the club makes several trips during the year. The

annual tour was made during the Christmas holidays last year and included stops at Dayton, Cleveland, Norwalk, and Martin. Membership in the club is restricted to upperclassmen and freshmen who have a strong interest and ability passed an individual tryout.

Last summer the Chorus made a tour to Europe under the sponsorship of the Arts and Sciences, which Miami students and alumni took advantage of the opportunity offered for the first time. The group included a complete unit of the Campus Choir, the local music orchestra, and the band. The tour included the countries of Great Britain, Holland, and Belgium, and concluded with a concert in Paris. The trip cost the students approximately $25 per person for the entire trip, covering all expenses.

For fear of giving to life I've missed a lot of joy,

GIRLS' ROOMING FACILITIES

Miami has five dormitories for women. The number of Miami women in residence at any one time. The three halls, Bishop, Hopfhurt, and Wells, are considered alike in appearance and in general facilities. Junior and four-year sophomore, Fast and West Halls are fitted with the latest equipment and entirely new furniture. The halls and as many Freshmen as there are space for. None more are on the hall lists in order of receipt of deposit fees and as vacancies occur more girls are added. The halls are all on main street near the town of Cedar. There are in use now about twenty-two rooms varying in capacity from four to fifteen.

They are administered by responsible matures, and students there are subject in every way to the Student Body. Each hall has its own living and dining rooms. The girls from the cottages come into the hall dining rooms for their meals and are thus brought into contact, realize with each other more than their immediate cottage group.

Each hall is under the direction of the Freshman class, elected by the girls of that hall. This member resident in the hall, appoints such committee as she deems to be in the interests, and selects the provost.

The furnishings of students' rooms in dormitories are fairly uniform. They consist of single beds (provided only with mattresses), dresser, study table, and straight chairs. The students supply woven curtain and all personal furnishings as they desire in the way of tables, rugs, etc.

Many of the beds in cottages are double and bed clothing should therefore be furnished accordingly.

It is possible to make some definite selection of a cottage-room by correspondence with the matron of the cottage, but it is more frequently the case that they are assigned to the student. In either case, the departure of the student is accompanied by the vacating of the room and the selection of rooms and combination of roommates is made at the opening of the year.

When assignments of rooms are made and students are called for the summer, it is impossible to change afterwards. In case of unforeseen circumstances making some provision to fill the place in hall or cottage, it is impossible to make some change in rooms. Therefore, the selection of rooms, provides the cottagers mating in uniform, and permission is secured from the Dean of Women for the change.

Be optimistic—even a bursted watch is right twice a day.
Several years ago the members of the Student Body were advised with the utmost earnestness of the need for raising funds to aid worthy organizations. Each Christian Association and charitable institution worked to carry out its own campaign. This year the campaign not only maintained its former drive but went beyond, collecting many times more money. In March, it was decided to do some fund raising in each organization, aiming to make each one a specific aim to each organization, was made sure by a specific campaign. This year was able to support these institutions, and to help others. We feel that this drive will be even more successful this year. The drive will be successful this year.

OGDEN HALL

Ogden Hall is the large new dormitory for upper-class girls. It is used primarily for independent study and as a men's union for all the men of the campus. The fine large guns Room is open to all men to smoke in and is well furnished.

The Y.M.C.A. offices are located on the first floor in the Ogden Hall Assembly Room and the Y. Conference Room. In the basement are the Post Office and the Y.M.C.A. Game and Candy Room.

FRESHMAN GIRLS' DAY

Each fall, one day is set aside where the Freshman girls are required to the sophomore girls to wear the most excitable clothes they have. These clothes are often made of tule, mantilla, straw hats, canary, green, red ribbons, and lace fronts. The older girls appear as formal as it is possible for them to do. It also brings a feeling into the Freshman girls that they are able to see those who belong to the class and who does not. The day is always taken in the spirit of good fun and no hard feelings are admitted.
