FOREWORD

To you, the class of 1933, we dedicate this book, hoping that in some meager way it may help you to become acquainted with Miami, its history, traditions, and opportunities. We congratulate you on your selection of Miami as your Alma Mater and sincerely trust that you will live up to the honor and the ideals of those that have gone before you.

Since this book is intended mainly as a guide to you in helping you to become acclimated with Miami during your first few weeks here, we have attempted to meet this requirement primarily in the editing of this book. Special emphasis has been laid on those things with which you must become familiar immediately if you wish to fit into the life at Miami.

A book such as this should, however, be of use to the student body at large, and with this end in view we have also included such features as we believe to be of value to any student at all times of the year.

THE STAFF.

THE PRESIDENT'S GREETING

To the new students:

At this time you are taking on a new allegiance and a new title. You have become in the minds of everyone, students of Miami University, to enjoy the privileges this title confers and to represent us before the world.

I take this occasion to welcome you to the new relationship and urge you in all sincerity to avail yourself fully of these privileges it represents. Libraries, laboratories, a scholarly and sympathetic teaching staff, friendships, rich experiences, traditions—these are all around you, ready at your need.

Will you not devote yourself enthusiastically to the task of being a true son or daughter of Miami, as thousands have before you? If you do, we shall have a delightful and profitable time together.

Cordially yours,

A. H. UPHAM.
Old Miami

(Alma Mater)

Old Miami, from thy hill crest
Thou hast watched the decades roll,
While thy sons have questioned from thee
Sturdy hearted, pure of soul.

Old Miami! New Miami!
Days of old and days to be
Weave the story, of thy glory,
Our Miami, here's to thee.

Aging in thy simple splendor
Thou the calm and they the storm,
Thou didst give them joy and conquest,
Strength from thee sustained their arm.

Thou shalt stand a constant beacon,
Crimson towers against the sky,
Men shall ever seek thy guiding,
Power like thine shall never die.

Miami March Song

Miami old, to thee our love we bring,
To thee our hearts and minds will ever cling,
Thy fame of other days, thy gifts so free
Call us today to sing our praise to thee.

Chorus:
Love and honor to Miami,
Our college old and grand,
Proudly we shall ever hail thee
Over all the land:
Alma Mater now we praise thee,
Sing joyfully this day,
Love and honor to Miami
Forever and a day.

Thy elms, thy hills, thy skies of azure hue,
To them is deepest inspiration due,
Thy stately towers upon the hilltop fair,
To them do we our grateful homage bear.

On land and sea our hearts will ever be
The truest, bravest man can show to thee,
Our duty ever in our loyalty,
To guard thy name through all eternity.
Scalp Song

Yuh! Yuh! Yuh! Yuh!

...............to the word "war!"
The tribes go forth to war,
Their scalp-songs ring afar;
Bright the blood-red camp-fires gleam-
ing,
Mad with thirst the war-hawks scream-
ing.
Signal smoke soars high,
Beckons in the sky.
Old men shake their calabashes,
Warriors dance amid the ashes,
Maidens sobbing, war-drums throbbing.
War!
Sweet the vict'ry and the conquest,
Calm the rest among the slain;
Sons of centuries of heroes,
Seek the fruit, despise the pain.
Watch Miami, now,
See the foemen bow,
Far and wide their host is scattered,
Spears are broken, shields are bat-
tered;
Miami! Yuh! Yuh! Yuh! Yuh! Miami!
Race them, chase them, pound them,
hound them, Wow!
OLD MAIN BUILDING

"Old Main" has seen generations of students pass through the portals of Miami, has shared in their joys and sorrows, has passed through the vicissitudes of civil strife and now looks down calmly upon the "New Miami" of today. The central portion was built in 1818 and was the first permanent structure of the University. Then in 1858, the west wing was erected. It was finally completed in 1898 when the east wing was added.

HISTORY OF MIAMI UNIVERSITY

Miami University was the second institution of higher learning established by the State of Ohio. It was founded under the Federal Land Grant by act of the Ohio Legislature in 1809. One year later, the site of the college was located at the village of Oxford, in the center of the township set aside for educational revenues.

Because of the lack of sufficient funds, Miami was little more than an academy until 1824. In the fall of that year R. H. Bishop was secured as president and the school was raised to the dignities of a University. About this time the two literary societies, the Erodelphian and the Miami Union, were founded, and the struggles and rivalries of the two societies eventually led to the formation of the Miami Triad of Greek Letter fraternities, Beta Theta Pi, Phi Delta Theta, and Sigma Chi.

Until the time of the Civil War, Miami increased rapidly in size and prestige. It was during this period that she came to be known as "The Yale of the West," and credits received from Miami were recognized in all of the leading universities of America. But the coming of the Civil War marked the beginning of a dark period in the history of Miami. Many of the students joined the army of the North and many that of the South, so that the attendance was greatly curtailed. After the war there were no funds
available for the continuance of the University, and in 1873 the school was closed.

In 1885 the University reopened under the leadership of President McFarland. From this time on the rise of the school was rapid and without interruption. In 1887 women were allowed to enter the college for the first time. In 1902 the Teachers College was added, affording a thorough course for prospective grade-school teachers. The Bachelor of Science in Education courses for those wishing to prepare for teaching in high schools were added in 1914.

In 1928 the School of Business was established and this year will mark the establishment of the School of Fine Arts, so that Miami will consist of four separate and distinct colleges.

The University has thirty buildings in use. Fourteen of these buildings are dormitories, three are service buildings—a hospital, a power plant, and a storeroom; the remaining thirteen are devoted entirely to educational purposes.

THE ADMINISTRATION

The administration of Miami University is entrusted to a Board of Trustees and the administrative staff of the University. The Board of Trustees is composed of twenty-seven members, nine being appointed every three years by the Governor of the State of Ohio and confirmed by the Senate. The State Superintendent of Schools is ex officio a member of the Board.

The Administrative Staff is composed of the president, the deans of the various schools and of men and women, the registrar, the assistant to the president, and to the deans, and secretaries of these officers. The officers and their offices are as follows:

THE ADVISORY SYSTEM

In order to assure each student that he will have some member of the faculty to whom he may go for advice in his official relations to the University, the student body is divided into Advisory Divisions. These are made according to the course in which the student is enrolled and are also divided according to men and women.

The student is expected to take his problems concerning courses, enrollment, excuses for class absences, etc., to his advisor. In a word, the advisor is the official representative of the University to the student. In all there are eighteen advisory divisions.

UNIVERSITY RULES

1. Smoking in any University building other than the men's dormitories is strictly forbidden.

2. Drinking of intoxicating liquors of any kind is punishable by suspension.

3. Any organization wishing to use a room in a University building must present a written request to the Calendar Committee, which meets in the President's office, Benton Hall, at 11:00 o'clock each Friday.

4. All social events must have the sanction of the Dean of Women.

5. No student may maintain an automobile in Oxford at any time. Violation of this rule is followed by suspension.
Rules Governing Absences

Believing that the practice of passing upon absences for reasons other than those stated below, in rule a, is unsatisfactory to student, instructor, and director, the faculty has enacted the following regulations:

a. No excuse for absences from class attendance or other University appointments shall be granted except for confinement in the hospital for sickness or in case the student is debarred from class by order of the University physician. In such cases the absences shall be cancelled.

b. For every twenty uncancelled absences the student shall have one hour deducted from his credits made during the semester and any fraction over twenty shall be carried over to the next semester.

c. Uncancelled absences incurred in a class in excess of the number of times that class meets per week shall be doubled in the operation of paragraph b.

d. Absences incurred the day preceding and the day following a holiday shall be trebled in the operation of paragraph b.

e. Absences incurred by being taken from town for athletic, debate, or other performances under the direction of a member of the faculty shall be cancelled. Regularly chosen delegates to conventions of University societies, fraternities, and sororities, may have such absences cancelled, providing they were honor students the preceding semester.

f. Whenever a student is specifically reported, in writing, by an instructor to a director as being absent from class to such an extent as to make his own work notably inefficient or impair the morale of the class, the director shall drop the student from that class with a grade of "F."

g. Students who make 122 1/2 or above (high honor students by the Missouri rating) in a semester shall have all absences of that semester cancelled.

h. Any student having three uncancelled absences in physical education will be called before the Executive Committee and is liable to suspension.

AUTOS

The rule which prohibits the possession of an auto in Oxford during the school year, is one which is not burdensome, injurious, or unfair to the student. In fact, not only the faculty, but also a large part of the student body consider it a very desirable regulation.

In the first place an auto is not necessary for transportation within Oxford. No distance across the town is so great that it cannot be walked comfortably in ten minutes, while the average distance is about three blocks. In such circumstances an auto would be more of a bother than a help.

But besides that, the possession of an auto usually has a distracting influence on the mind of the possessor. It forms a center of interest which is at odds with the main purpose of the
University. This, together with the ever present danger of accidents when out with the “crowd,” is likely to be reflected in a lowered standard of academic achievement.

Finally, an auto adds materially to the cost of living, an item which few Miami students can afford to totally ignore.
MIAMI
STUDENT GOVERNMENT

Last year, because of a general dissatisfaction with the existing form of government and its inadequate handling of student affairs, a series of group meetings of faculty and students were held to discuss and draw up a new form of government for submission to the Student Body for their approval or rejection. This new form of government was passed by the Student Body and the University Senate by overwhelming majorities, and last spring went into effect. The only part which failed to meet with the approval of the University Senate was that regarding the Honor System, which was stricken from the Constitution at a special meeting last winter. The complete constitution follows:

CONSTITUTION

The name of the organization shall be the MIAMI GOVERNMENT FOR STUDENTS.

The purpose shall be to serve Miami by providing a government for students through a student-faculty cooperative plan.

Article 1

Section 1. The membership of the electorate shall consist of all duly matriculated students.

Section 2. No person having made a grade below a "C" average for the preceding semester shall be eligible for election to any office herein provided.

Section 3. The term of all bodies, legislative and judicial, shall be one year.

Article 2

Section 1. (a) There shall be a Student-Faculty Council composed of six faculty, chosen by the University Senate; six men students elected by the men students; six women students elected by the women students; and the student members of the Discipline Boards not already members of the Council. The student members, excepting those last named, shall be elected according to the Hare Proportional Representation System, from not less than six nominees each, for men and women, named by the retiring Council, or nominees named in a petition signed by ten students from the electorate of the nominee.

(b) The duties and powers of this Council shall be to study and discuss campus problems; to recommend to the students, faculty, and administration any changes deemed best for Miami; to cooperate with campus-wide organizations in the promotion of their programs; to apportion the Student Activity fees; and to determine the time and place of student elections.

(c) The Council shall elect from within its number a Chairman, a Vice-Chairman, and Secretary-Treasurer to perform the usual functions of these offices.

(d) These officers shall appoint with the approval of the Council the student members of the Disciplinary
Boards from the members of the Council or from the campus at large.

Section 2.  (a) There shall be a Women's Legislative Council composed of the women members of the Student-Faculty Council, and the members of the Women's Disciplinary Board not already members of the Student-Faculty Council.

(b) The duties and powers of this Council shall be to formulate social standards for the control of the women of the University. These standards shall, some time during the second semester and prior to the elections each year, be presented to all women of the University for open discussion.

(c) This Council shall elect from within its number a Chairman, a Vice-Chairman, and a Secretary.

Section 3. The Student-Faculty Council and the Women's Legislative Council shall each operate under by-laws established by their respective organizations. These by-laws shall be published in the Miami Student.

Article 3

Section 1.  (a) There shall be a Men's Disciplinary Board composed of five men chosen from the University Senate as it may direct, and two men students named according to Article 1, Section 1, d.

(b) This Board shall act in all men's disciplinary cases; and shall act jointly with the Women's Disciplinary Board in all cases involving both men and women, as provided for in Article 3, Section 3.

Section 2.  (a) There shall be a Women's Disciplinary Board composed of five women chosen from the University Senate as it may direct, and two women students named according to Article 1, Section 1, d.

(b) This Board shall act in all women's disciplinary cases; and shall act jointly with the Men's Disciplinary Board in all cases involving both men and women, as provided for in Article 3, Section 3.

Section 3. (a) There shall be a Joint Disciplinary Board composed of five members of the University Senate, and two student members, all elected by and from the Men's and Women's Disciplinary Boards sitting in a joint session for that purpose (i.e., of election).

(b) This Board shall act in all cases involving both men and women unless after consideration of each case it deems it wise to refer any case to the separate Board for trial.

Section 4. Each Discipline Board shall elect a Chairman from within its number.

Article 4

Amendments to this Constitution shall be proposed by a majority vote of the Student-Faculty Council, and passed by both (1) the University Senate, and (2) a majority of the students voting at a regular or called election, or two-thirds of students attending a mass meeting called for that purpose. On petition of fifty students, the Student-Faculty Council must take action on any suggested amendment, and if favorable propose it to the stu-
dent body and the University Senate for vote. Announcement of the amendment to be voted upon, and the time and place of election or mass meeting must be published at least one week previous to the time for voting.

**Article 5**

If adopted, this Constitution shall supercede the Constitution of the Student Government Association of Miami University prior to the second semester of the academic year 1928-29.

**WOMEN STUDENT GOVERNMENT**

When the old form of student government at Miami was abolished last year, the Women's Student Government Association, the women's division of the old form of government, was also abolished and a Women's Legislative Council was set up to take its place. It is the purpose of this organization to create a sense of unity and fellowship among the women, to promote and maintain high standards of university life, and to regulate all matters of student interest not falling under the jurisdiction of the faculty.

It is felt that the best results are obtained for the entire college by placing on the individual a personal responsibility for the development on the campus of a sense of loyalty to the traditions of the college, a sense of honor in academic work, in athletic activities and in social plans.

The members of this council are the women members of the Student-Faculty Council, and the members of the Women's Disciplinary Board not already members of the Student-Faculty Council. It also has a liaison with the chairmen of the halls and cottages, presidents of the different classes, the Y. W. C. A., the Girl's Athletic Association, and the literary societies, thereby forming a vital connection with all of the women's interests of the University.

**REGULATIONS FOR MIAMI WOMEN 1929-30**

Since the life of students on a campus must conform to the environment of the University and its aims, Miami women have agreed upon certain general considerations for the protection of their interests as individuals and as a group.

These considerations are embodied in the following standards of behavior which apply equally to all Miami women living in halls and cottages at any time during the college year, and before or after a vacation.

### House Life

**Quiet:** Evening study hours.

**Quiet:** Absolute, between 10:30 P. M. and 6:30 A. M.

**Closing hour:** 10 o'clock on all nights except Saturday. 11 o'clock on Saturday.

**Guests**—Guests are expected to abide by the standards in force for Miami women. Guests, including girls coming from other halls, sign in register, giving name of hostess and room number.

**Signing Out**—All students sign out for any absence from hall or cottage in evening, or for any absence from town during day or evening.
Social Life

Upperclass Students—All students may use Friday, Saturday and Sunday evenings for social plans in Oxford, ending them at closing hours of halls. The privilege of determining what other evenings may be used in this way is extended to those upperclass students who are maintaining a satisfactory academic record.

Freshmen—This privilege cannot be extended to freshmen until they have established a stable academic record. The "library date" is not open to freshmen.

Driving—It is a rule of the University that students may not keep automobiles during their residence in college. Automobile drives are not a part of student social life except as special permission is given by the heads of halls.

Dances—All women must return to their own halls and cottages within one-half hour after the close of a dance.

Absence from Oxford—Women may leave Oxford only with permission of heads of halls, except for daytime shopping trips which involve no social plans. Requests for overnight trips away from Oxford, other than to the student's own home, must be accompanied by a letter from parents, specifying arrangements for travel, escort, and hostess. If attendance at a dance is to be included in the trip, this fact must be specified in the parents' permission.

Smoking—Smoking is not permitted to Miami women.

"Bumming"—"Bumming" rides to and from Oxford is forbidden.

Chaperonage—Approved chaperonage is required for all meetings, dinners, or calls for any purpose whatever at a men's chapter house or dormitory.

Swimming—Since there are no adequate facilities for outdoor swimming, such permission cannot be given.

Picnics—Report picnics with men to heads of halls. Permission is not given on Sunday for Miami men and women to picnic together.

All Miami women are asked to conduct themselves in such a way as not to attract public attention, or to reflect upon the standards of Miami University.
ASSEMBLY VESPER SERVICES

Last year the old tradition of compulsory daily half-hour chapel services, was abolished and the non-compulsory weekly hour assembly was substituted in its place. But this latter plan, which was followed last year, failed to live up to expectations and as a result compulsory assembly periods have been returned. This new plan, which goes into practice this year, provides that every student must attend at least two of the four weekly hour assemblies held each month. Attendance will be checked and cuts will be recorded just as in classes.

This assembly will come at ten o'clock every Thursday morning and programs of sufficient interest arranged so that the students will want to attend. No classes will be scheduled for that hour so that all students will be able to attend.

The regular vesper program, started last year, will be continued this year, with the attendance entirely voluntary. As in the past, prominent speakers will be brought in from time to time, while at other meetings considerable attention is paid to music.

The vesper services are in charge of Mr. Wickenden, who is General Secretary of the Y. M. C. A., and the vesper committees of the Y. W. C. A. and Y. M. C. A.
DO!

Forget that you came from any particular high school. You are a MIAMI man now.

Keep an eye on your studies; they merit some consideration.

Get acquainted with your professors. They are a fine bunch of fellows.

Do all the good you can and keep the knowledge of it under your own hat.

Do not smoke in University buildings. It's "dangerous."

Take off your hat when "Old Miami" is sung.

Do all your work on week days. "P. A." on Friday, Saturday, or Sunday, or don't "P. A." at all. Go home before 10:30.

Keep quiet about your high school records. If they are of any interest, they are known already. Get acquainted with the student publications. Get out for some activity, and stay out.

Be a mixer and a credit to the University.

Learn the songs and yells and join in the rooting.

Go to Assemblies.

Go to class meetings and mix in class affairs.

Read this book through and follow its suggestions.

GET SETTLED

Having secured a room, get settled promptly. But remember that your landlord, or the University, has some few rights. In spite of the fact that you have come to live with them, please remember that someone will have to live in the same place after you are gone and conduct yourself accordingly.

Miami is a state school and therefore state supported. You are a part of the state and therefore help to support it. What you destroy is yours and you are the one who has to pay. Damages are levied upon any student or group of students who in any way injure the property of Miami University.

NEW STUDENTS

When you arrive in Oxford, whether by train or bus, you will find a Y. W. or Y. M. representative waiting for you. He or she will tell you where to go and what to do. Do not be afraid to ask questions; that is what they are there for, and, furthermore, they were freshmen once themselves and can sympathize with you.

If you do not know the number of your room, women should go immediately to the Dean of Women, and men to Mr. Morris, both of whom you will find in Benton Hall, and arrange for your room. Then hunt up the expressman and have your trunk delivered as soon as possible. Make your room comfortable the first day. You may not have time to pay much attention to it for a week afterwards, and a comfortable room is a great panacea for homesickness.
WHAT TO BRING

When you start packing up to come to Miami the following suggestions might be of some value in selecting and rejecting material:

In the men's dorms, sheets, pillows, and pillow-cases are provided by the University and laundered by the school service. A small charge is made at the beginning of the year to cover the expense. Blankets and comforts are furnished by the men themselves.

Women are required to bring their own sheets and pillow-cases. They are also expected to take care of cleaning their own rooms.

Miami is not essentially a fancy dress school. Rough clothing is worn very much by the men, especially in the winter time. Sheepskins, a heavy sweater and high shoes are worn a great deal.

Bring what you are accustomed to at home. No one is going to point at you because you are not dressed in the height of fashion. You are at school to study and not to learn the fine points about dress.

Bank accounts can be opened at either one of the two banks at Oxford or you can draw directly from home. The Oxford banks usually require that accounts with them be not allowed to run under fifty dollars.

Come prepared to pay for your room rent for one semester, several weeks' board, activity fee and other fees such as your lab fees, room key deposit and so forth. Registration fees will generally run up to about one hundred twenty dollars, depending on courses and various other factors.

And above all, come with an abounding curiosity to find out what it's all about, the determination to stick it out when it becomes hard and you get homesick, and the idea that you will get out of these greatest four years of your life just what you put into them.

FRESHMAN WEEK

Freshman Week was inaugurated at Miami three years ago. The purpose is to acclimate the freshman to the University before the return of the upperclassmen. All matters of student interest are explained and the year's work outlined to the student's greatest advantage. During the four day period the freshmen are divided into sections of twenty-five each, according to the course which they expect to pursue. Each group is under the direction of a faculty leader, a faculty assistant, and a student assistant who is a member of one of the Christian Association Cabinets.

The material outlined for the week is covered in about eight joint discussions and lecture meetings. The first meeting is given over to a careful explanation of the purpose and plan of the English, Psychological, and Physical examinations which are given. Two meetings are used to explain the different courses offered at Miami and to check up on the vocational aims of each student. Group meetings during the remaining part of the week are devoted to discussions of college rules and regulations, academic requirements, probation, absences, grades, honorary organizations, campus activities, fraternities, etc. Also a tour of
the campus is made so that every student may have a glimpse of the whole plant.

There will be no fraternity or sorority rushing until 4:00 Thursday afternoon after Freshman Week is over. Until that time upperclass students on the campus are pledged not to discuss the matter except as it is brought up in group discussions.

RULES FOR FRESHMEN MEN

These customs have grown up as a result of years of usage. They are few in number, but every first year man should take pride in following them in spirit as well as in letter.

1. All Freshmen buy their little gray and green caps the first Monday after registration. This rule applies to all except those who have complied with a similar requirement at another school for the period required. These caps are to be worn at all times while in Oxford, except when leaving or arriving in town. They are also to be worn between semesters and during the various holidays before the Spring Recess, while in Oxford.

2. On the last night before the Spring Recess, the Freshman class burn their caps with appropriate ceremonies in a huge bonfire on Cook Field. After the cap-burning, a dance is given in the Gymnasium.

3. All Freshmen men help to gather wood for the bonfires before each pep meeting in the fall. There is usually a good deal of competition at this time, as each Freshman class tries to build a bigger pile of wood than any previous class.

4. Freshman men meet all visiting athletic teams at the depot and carry their luggage. This is one of the most important regulations, for it is on its hospitality that a school is largely judged, and it is the duty of every Freshman to do all in his power to make Miami respected by the other schools with which she comes in contact.

5. In addition to carrying their luggage from the depot, Freshman men aid visiting teams in every way possible, both before and after the game. They also run errands for players and coaches of both the visiting and home teams during a game, keep the water jugs filled, and make themselves useful in every possible way.

6. After every athletic victory, whether played at Oxford or elsewhere, the Freshmen ring the bell in the Main Building for at least an hour. The longer the bell is rung, the better the impression gained of the Freshmen by their elders. Nuff sed.

7. No Freshman shall bring a date to any pep meeting or University athletic event.

8. All loyal Freshmen help decorate the Athletic Field for the Homecoming game. This is the big game of the year at Oxford, because of the return of a great number of alumni.

No Freshman is allowed to wear a tuxedo or formal dress-suit. This does not bar him from attending any of the formal social events such as fraternity dances or the Junior Prom.
GREEK LETTER SOCIETIES

Miami is famous among fraternities of the United States as the "mother of fraternities." Five national fraternities, three of them composing the renowned "Miami Triad," were founded at Miami during the hundred-odd years of her existence. Besides these, several national sororities were founded here.

There are now thirty Greek letter societies on the campus, thirteen fraternities and seventeen sororities. Each has from fifteen to fifty-five or sixty members depending on the nature of the society. Fraternities all have their own houses and most have their own boarding clubs. Sororities live and board in the University Halls.

Membership in one of these societies always comes through an invitation from the group and NEVER by application.

When making your choice of an organization, do not jump at the first bid you receive. Weigh the various groups carefully and see which one in your estimation is most compatible with your views and customs. On your decision will depend much of your social life during your four years at Miami. The following questions will be of help in making your choice:

1. Do the members of this group have the right attitude toward similar groups?
2. Are their principles regarding life and college affairs the same ones that I hold?
3. Am I financially able to join?
4. Will I be able to make myself a part of the group as it now stands?

5. Will I be able to meet all obligations of a fraternity?

If you should not receive a bid do not be disappointed. Your success in college is not dependent on being a member of one of these societies. They are incidental to the real purpose of college.

Greek-letter societies in the order of their establishment on the campus are as follows:

FRATERNITY RUSHING RULES

No fraternity is allowed to rush or pledge a man before THURSDAY, of Freshman Week, at 4:00 P. M.
Each fraternity is allowed only six men, not including Freshman Week assistants, in Oxford during Freshman Week to get their respective houses in condition. Those men are not allowed to make an approach to Freshmen as there will be no discussion of fraternities except in authorized group discussion.
An impartial faculty committee will have its headquarters in the Conference Room on the first floor of Benton Hall during the first week of school. To this committee all disputes and violations of rules should be reported.

Varsity Athletics

Miami's athletic teams rated second to one in winning Buckeye laurels during the past year. The Big Reds not only annexed the Buckeye track championship, but they also shared first place honors in baseball with Cincinnati. They also ran Wittenberg and Ohio Wesleyan a close second in football. Only a mediocre season was enjoyed in basketball. In cross-country the Big Red team finished third in the Buckeye meet.

Football

After an inauspicious start, marked by two defeats, Miami's eleven, composed mostly of Sophomores, began to function the last part of the season and after their decisive victory over Wittenberg was considered by many to be the strongest team in the Buckeye state.

The outstanding achievements of the season were the eighteen to nothing trimming handed Oberlin, and the eighteen to nothing victory over Wittenberg. In the annual Thanksgiving Day clash with Cincinnati, played in the usual sea of mud, the Big Reds soundly trounced their old rivals thirty-four to nothing. Miami's losses were at the hands of Denison and Ohio Wesleyan. The impetus received from the latter team molded the Red and White machine together and carried them to four consecutive victories. With eleven lettermen returning this year, most of whom are Juniors, the
prospects for a successful season are exceedingly bright. A number of candidates for Varsity positions will also come from last year’s Freshman team which was one of the best in recent years.

**Basketball**

The court team with a wealth of material from the preceding year seemed unable to get started and as a result the Big Red cagers enjoyed only a mediocre season.

However, the work of the new members of the squad was particularly encouraging during the latter part of the season when the team hit its old time form.

The outstanding event of the year was the 33-22 upset of Ohio Wesleyan at Delaware. The Bishops were leading the Buckeye race at that time and the victory was indeed gratifying to the Red and White supporters. Hard luck was encountered all season, losing several of their games by a scant few points.

With nearly all of last year’s letter men returning, and with a wealth of material from the 1928-1929 Freshman squad, the outlook for the coming season is exceedingly bright.

**Track**

The Big Red track team brought Miami its greatest athletic honor of the year by winning the fourth annual Buckeye meet at Delaware.

The team, composed mostly of Sophomores and Juniors, swept through the heaviest season in its history without a single loss.
In the opening meet of the year Georgetown was swamped by an overwhelming score. Next came the Ohio Relays in which Miami showed her heels to all other Ohio colleges by placing men in all of the eight events in which they were entered.

Cincinnati invaded Oxford in the next meet and were given a severe 100 to 31 drubbing. Gordon set a new mark of 49.7 for the quarter mile in this meet. Miami's third triumph was over Ohio Wesleyan, by the score of 78 -1-3 to 52 2-3.

The showing of the Red and White team at the Buckeye meet was indeed gratifying. Of the five new records made, four were established by Miami thincleds. Vossler broke the shot-put record when he hurled the missile 44 feet 9 5-8 in. which is nearly two feet farther than the former mark. Gordon lowered the quarter mile mark to 49.7 seconds. Davis also bettered his former record in the high jump by clearing the bar at 6 feet 6-5 in. Steinhauer, one of the Sophomore finds of the year, leaped 22 feet 10 in. to set another record in the B. A. A.

The prospects for a championship team next year are unusually bright. The team will lose only one man by graduation and they will be strengthened by a Freshman squad that won the Buckeye Association Telegraphic meet.

Baseball
Miami and Cincinnati tied for first honors in the Buckeye race with eight wins and two losses apiece. It appeared after losing the Decoration Day
game to Cincinnati that the Big Reds
would be relegated to second place,
but they came through with a smash-
ing victory in the postponed game with
Ohio Wesleyan to tie things up. In
the last game of the season the Miami
nine trounced Cincinnati 9 to 5, but this
did not figure in the Buckeye scoring
since it was only an exhibition game.

Miami played five extra-inning
games during the season; one of these
was the sensational eighteen-inning
game with Ohio University. Bass, the
Miami mainstay, went the route in
each of these extra-inning games.

Ohio State was handed her third
straight defeat by the Miami nine.

Three men will be lost by gradu-
ation, but plenty of good material will
be available from last year’s Freshman
squad.

Cross-country

The Big Red harriers were badly
handicapped by injuries throughout
the year and as a result placed only
third in the Buckeye meet. However,
individual members of the squad dis-
tinguished themselves by setting new
course records at Ohio University and
at Cincinnati. Dutton will be the only
man lost this year and with good ma-
terial available from last year’s intra-
mural team, should result in a fine
squad this fall.

Athletic Association

All students of Miami are members of the Athletic Association. By the payment of a student activity fee of five dollars at the beginning of each semester, each student becomes a member of the Association and receives a book of tickets which admits him or her to all intercollegiate contests at Oxford, in which Miami participates. These tickets are not transferable and unused tickets at the end of the semester are not redeemable.

The Athletic Board of Control

The Board is composed of five faculty members appointed by the President of the University and three students elected by members of the Athletic Association. This organization awards letters, approves schedules, and has control of all general questions and policies regarding athletics at Miami.
THE BUCKEYE ATHLETIC ASSOCIATION AND THE BUCKEYE ATHLETIC CONFERENCE

In the winter of 1925, several Ohio coaches met at Columbus to arrange more suitable schedules for their teams. At this meeting a schedule-making group, called The Buckeye Association, was formed with Miami, Wittenberg, Cincinnati, Ohio University, Denison, and Ohio Wesleyan as members. These schools did not formally withdraw from the old Ohio Conference at that time but did so in the latter part of May, 1926, because of the demand of the Ohio officials that the Buckeye dissolve. Thus there was brought into existence a new conference which was christened The Buckeye Athletic Association, with the six original schools as members.

In the latter part of the year 1925 these six schools at the request of the Ohio officials, returned to the old Ohio Conference but still kept their old schedule making rights. In 1928, when a new ruling was passed requiring all schools to place schedule making activities in the hands of the Conference, these Buckeye schools formally withdrew from the Ohio Board of Managers Association, which is the scheduling body of the Ohio Conference. This resignation was accepted in March 1928. In May, 1928, these six schools formally withdrew from the Ohio Conference and formed the Buckeye Intercollegiate Athletic Conference with the six original schools as members.

This organization now has its own constitution, rules, and by-laws as well as eligibility rules. The rules for eligibility in the new conference are more strict than those of the Ohio Conference, and each student is urged to read and study the rules of this conference which follow.

Intercollegiate Athletic Rules of the Buckeye Intercollegiate Athletic Conference

1. No one shall participate in any intercollegiate sport unless he be a bona fide undergraduate student, doing full work in a regular or special course as defined in the curriculum of his college.

2. No student shall so participate until he shall have been in attendance in his college for one full collegiate year subsequent to attaining the equivalent of freshman rank in the liberal arts course, or in a four-year engineering course. (Interpretations) (1) A second year of residence shall not be required of the student who changes colleges and then returns to his original college, unless he shall have participated in Intercollegiate athletics during his absence; (2) Summer Session work shall not be counted in determining length of residence.

3. No student shall participate in intercollegiate athletics upon the teams of any college or colleges for more than three years in the aggregate, and any member of a college team who plays in any part of an intercollegiate athletic contest does thereby participate in athletics for the year. (Interpretations) (1) Students who play in the first scheduled game
and in no other contest of the season, shall not be considered as having participated: (2) A student who begins his college work at the middle of the year and then satisfies the year of residence requirement of Rule 3 shall not be debarred by this rule from three full years of athletic participation.

4. No student shall be permitted to participate in any intercollegiate contest who has not passed the preceding semester at least twelve hours and made twelve credit points. An hour of "C" shall count one; "B," two points; "A," three points.

5. No student shall play in any game under an assumed name.

6. Any person participating in any athletic contest as a member of a collegiate team, while not a student in the institution represented is thereafter debarred from participating in intercollegiate contests under these rules.

7. A student who participates in intercollegiate athletics and does not complete the work of that term or semester shall not be permitted to compete in the same sport in his next year of residence until after the completion of a subsequent semester's work.

8. No person shall be admitted to any intercollegiate contest who receives any gift, remuneration, or pay for his service on the college team.

9. No student shall participate in any intercollegiate contest who has used, or is using, his knowledge of athletics or his athletic skill for gain. (Interpretations) (1) In the application of this rule the words "athletics" and "athletic skill" shall be interpreted as including gymnastics and gymnastic skill; (2) This shall not be intended to apply to Summer Play-ground work, to junior work in Y M. C. A. or to junior welfare work.

10. Participation of college students in athletic sports as members of professional or semi-professional teams shall render such students ineligible to membership in college teams; a semi-professional team being one which contains one or more members who are engaged for a whole or a part of the season for pecuniary compensation.

11. Athletic committees shall require each candidate for a team to represent the institution in intercollegiate contests to subscribe to a statement that he is eligible under the letter and spirit of the rules adopted.

12. All intercollegiate games shall be played on grounds either owned by or under immediate control of one or both of the colleges participating in the contest; and all intercollegiate games shall be played under college management, and not under the control of any corporation or association, or private individual.

13. The elections of managers and captains in each college shall be subject to the approval of the faculty committee on athletics.

14. College football teams shall play only with teams representing educational institutions.

15. Teams other than regular college or "Varsity" teams in all branches
of athletics shall play only with teams of their own institution.

16. The maintenance of a training table (in the sense of a table conducted wholly, or in part, at the expense of others than boarders) shall not be permitted.

17. At the beginning of each athletic season the Registrar of each conference school shall be asked to submit to each school in the conference a list of eligible athletes together with a transcript of the number of hours passed and the grades earned by each athlete in the semester preceding participation.

18. All athletic funds and accounts shall be controlled and audited by faculty members or by committees containing faculty members.

19. Any student who is a member of a representing college team and who plays on any outside team during the time that he is a member of the Varsity team or squad shall be thereby rendered ineligible for participation in that sport for the current college year.

20. Two years' participation and each subsequent year of participation in a junior college shall be considered as one year of competition.

21. Athletic participation in any college granting a four year degree shall be counted in determining the years of eligibility.

22. The names and scholastic records of all transfer students from without the conference shall be submitted to the conference for approval before such students can be declared eligible. (This means scholastic record in the institution from which the student transferred).

23. A student who has been in attendance at a Buckeye school for six weeks shall not thereafter be eligible to compete in athletics in any other Buckeye Conference school.

If in the judgment of the coach or the Board an individual making these technical requirements laid down until the Board makes the formal award, if in the judgment of the coach or the Board an individual making these technical requirements

BURKHARDT TROPHY

In 1926 A. E. Burkhardt of Cincinnati
donated a trophy to encourage inter-
collegiate competition between the
University of Cincinnati and Miami
University. The trophy is a twenty-
year cup and becomes the property of
the school having the greatest number
of points at that time.
In 1925-1926 Miami easily capped the
trophy by piling up a tremendous lead.
The score was Miami 23, Cincinnati 8.
Cincinnati retaliated, however, in 1926-
1927, and won the trophy in a fairly
close battle. The score that year was,
Cincinnati 18, Miami 13. In 1927-1928
Miami again won the cup by the same
score as in the first year. Last year
Miami barely won the cup again. The
score was, Miami 19, Cincinnati 12.
The total running score on the trophy
stands with three years won by Miami
and one by Cincinnati, with Miami hav-
ing 78 points to 46 for Cincinnati.

BUCKEYE TROPHY

This year marked the first time that
the Buckeye Intercollegiate Athletic
Conference awarded any recognition to
the school of that conference having
the best record in all athletics. This
trophy went to Ohio Wesleyan, who
nosed out Miami by one-half a point
on the basis of the four major sports
in the final compilation. The Bishops
amassed a total of 17 points to 16½
for Miami. The remaining four schools
fought it out for the rest of the points,
none threatening the lead of the two
leaders. Cincinnati was third with 14
points, Wittenberg fourth with 12½,
while Ohio University and Denison tied
for the cellar with 12 points apiece.
These points were figured on the
basis of six points for winning a chal-
lenge, five for second place and so
on down the line. Only the four major
sports of football, basketball, track
and baseball were considered in the
compilation. Some idea as to the
strength of the competition developed
in this conference is gained from the
fact that only one championship was
won. That was in track with Miami
winning.

year in the different sports are as fol-

INTRAMURAL ATHLETICS

Not many years back in the history of our colleges and universities and in the memory of most of us, there was only one system of athletics in the average size college or university. This system of intercollegiate athletics took care of a few trained and highly specialized athletes. Large sums of money were spent each year on the different branches of intercollegiate sport. Out of this costly system of athletics only a few students received any physical or body-building benefits.

Then came the World War and America's entrance into this mighty conflict. It was at this time during the intensive training periods that mass athletics and organized games brought out the excellent results of a systematic athletic training for the individual. Men were intensely interested in physical exercise if offered to them by the method of physical combat, that is: baseball, boxing, wrestling, etc. Thus it was that the now well-grounded system of intramural athletics found its beginning in the American army camps during the Great War.

This very important system of athletics was introduced into our colleges only a few years ago, and at the present time most of the universities and colleges are making Intramural Athletics an important feature of their campus activities.

Here at Miami University the intramural program is divided into three seasonable periods—fall, winter, and spring. During the fall season most of
the activities take the form of outdoor sports, such as speedball, playground ball, tennis, horseshoes, cross-country runs, and handball. In the winter season the Herron Gymnasium is the center of the festivities: Basketball, boxing, wrestling, fencing, foul shooting, indoor track, and athletic tests. Immediately after the spring vacation, Cook Field again becomes the scene of activities. Baseball, volleyball, horseshoes, outdoor track, and tennis are the sports that fill the spring calendar.

It would take too long to give a detailed description of our system of intramurals here at Miami, but it is understood that Miami University is second to no other college or university in organizing and conducting intramural athletics.

Every student is expected to participate in some athletic activity. An individual record is carefully checked after the close of each season. There is no penalty for not participating but the regular fellow and he-man always finds some athletic pursuit during his leisure time. Usually the best students in the University have a keen interest and take an important part in intramurals.

In order to give more of the new men of the University a chance to participate and likewise to increase the interest of the Freshmen in intramural athletics, several new features were initiated by the Intramural Department in 1927. These include, in the fall, a tennis tournament, open to all men of the Freshman class. In the winter a Freshman Inter-dorm basketball tournament and an indoor track meet. The special spring feature for the Freshmen is an outdoor track and field meet. All of these contests are open to a Freshman whether he be a member of a fraternity or not, and it is the earnest desire of the director of Intramural Athletics that all Freshmen take part.

W. A. A.

Where the Intramural Department of the University has developed a friendly spirit of athletic competition between the men, the Women's Athletic Association has carried out a similar undertaking among the women. It is in another sense the Women's Intramural department.

The Women's Athletic Association at Miami has complete control of all girls' athletics, maintaining its own organization and making its own awards for excellence in athletics. Women's athletics have been developed to a high point at Miami and interest in them is keen. The following constitution, revised and improved upon last year, should be carefully read by every girl who expects to go out for athletics, as it contains all the information regarding participation, points, rules, and awards.

MEE'S GREETING TO FRESHMEN

You have made a wise choice, and the "Y" welcomes you to Miami. It is a great school and you are sure to like it. We want to give you such a friendly welcome that you will always feel at home here. Our only excuse for existence is that we strive to be of some assistance to you. So give us a chance. If you need employment, we will try to locate it for you; if you want friends we will try to prove ourselves that; in other words, our chief idea is to be of service.

The "Y" has a varied program, but the thing in which we are most interested is to help make Miami more what you would like for your alma mater to be. If we are to succeed in this, we must stand for high ideals, good sportsmanship, for development of real men. It has been said that "a man's friends either make him or break him." There is another way of looking at this, however; it also means that we either make our friends better or worse for having known us. So as we begin school this fall, as we make new friends, let's remember this and instead of wondering just what this or that person's association will mean to us, let us try to do all that we can to bring out the good sides of our friends, to do something that will make it worth while to them for having lived with us.

We have a good time at college. We learn a great deal both from books and from life, but as we learn we must also develop character, or we will miss the greatest training college has to offer. There may be times when it will seem too hard to continue striving for the goal toward which we are working, when it will seem that it is not all worth while and we will be tempted to give it all up. Remember, though, football stars are made by tough scrimmages and real battles. Real men are made by an equally difficult fight.

Again may I remind you that this is your "Y" and it is a success only as it means something to you.

JOHN MEE,
President of Y. M. C. A.
The Miami Y. M. C. A. is an active group of men working toward a greater Miami by bringing forth the more worth while things about the campus and helping to create a closer relationship between the men. A controlling body of ten members elected by the men of the University and called the Executive Board regulates the general policy of the organization. The working out of the policy and the specific problems are taken care of by the cabinet of about fifteen members and the General Secretary, Mr. Wickenden, with his assistant.

PURPOSE OF THE Y. M. C. A.
1. To promote a positive moral and religious college spirit.
2. To lead students to faith in God.
3. To challenge students to devote themselves, in united efforts, to making the will of God effective in human society, and in extending the Kingdom of God throughout the world.

"Y" SECRETARY
Again Miami is honored by the services of Arthur Wickenden as general secretary. "Wick" graduated from Denison University with an A. B. degree in 1914 and came to Miami as "Y" secretary for two years. He was then called to the service when the country entered the World War. He entered the University of Chicago on his return and graduated from there with the B. D. degree in 1924. He then went to Waterloo, Iowa. In 1927 he returned to Miami and has again proved his worth and popularity.

He has a threefold job at Miami; the Y. M. C. A. General Secretaryship, director of the weekly vespers services, and instructor in Bible Literature. He has handled all three phases in a very capable manner the past year and with an assistant to relieve him of more of the work, will do more this year.

CAMPUS SERVICE
During Freshman Week the "Y" members are back and are entirely at the service of the Freshmen. They supply the information, carry grips, and are the general flunkies, helping wherever possible. Later in the year they help with the extra work at special events that the University needs done and at all times try to be of service.

CONFERENCES
Conferences with visiting speakers are arranged through one of the cabinet who gives the greater part of his time to arranging the programs of the speakers brought to Miami by the "Y."

"BIG BROTHER" WEEK
Each freshman is assigned to some upperclassman as he registers. This upperclassman watches over the men in his charge during the first few weeks of school and advises them when advice is needed. He also corresponds with them during the summer months so that the new men will not feel themselves strangers when they arrive in Oxford.

Bob Steman and Jim Merkel are chairman of the "Big Brothers" this year.

THE SOCIAL DEPARTMENT
During the year the "Y" arranges for a number of social events. The first of these is a get-together for
Freshmen men only and is held in the Gymnasium the first night of Freshman Week. Here the first year men have a chance to become acquainted. Speeches by the coaches, President Upham, Mr. Wickenden and Coach Rider were the features of the one held last year. Eats are served, so, of course, a good time is enjoyed by every one there.

Later in the week the Y. M. and Y. W. cooperate in giving a party for all first year men and women. Eats, games, and getting acquainted occupy the evening. It pays to attend and get acquainted in more ways than one.

Small social gatherings are held from time to time at the homes of various members of the faculty with the purpose of establishing a closer personal contact between the first-year men and women and their instructors. During the first semester of last year the two Y’s gave a weekly dance in Wells Hall. A nominal admission was charged and the dances met with such success that they will probably be continued during the coming year.

**STUDENT CONFERENCES**

Members of the “Y” attend a number of student conferences during each school year and during the summer months. A representative from Miami is sent to the Ohio Wesleyan Student Council meeting at which all the college “Y’s” in the state are represented.

The Council meets twice or three times a year and the members discuss the various problems which arise in their work.

---

**THE FOOTBALL BANQUET**

The Football Banquet which is managed by the Y. M. C. A., is given each year after the close of the season. It is attended by men only, and the players and coaches are guests. Speakers of repute are invited for the occasion and every effort is made to make the affair a memorable one. Only one hundred and fifty tickets are sold to the banquet, which prevents overcrowding of Ogden where it is held and assures a really enjoyable time for all. The toastmaster is usually some man of prominence in the state. Speeches by the coaches, the president and prominent players are features of the evening. It is at this time that the letters are awarded to the players. This banquet will probably be handled by the Blue Key this year, which is in a better position to take care of it than the “Y.”

**DISCUSSION GROUPS**

Discussion groups are held on Thursdays evening from 6:30 to 7:30 in the “Y” Assembly Room in Ogden Hall. Each series of three or four meetings is led by a member of the faculty. The subjects chosen are those which usually present rather perplexing problems to college students. Free discussion by the attending students is encouraged, the leader only giving enough of his own opinions to stimulate the thoughts of the others.
Y. W. PRESIDENT'S GREETING TO FRESHMAN GIRLS

To the newcomers at Miami the Y. W. C. A. extends the heartiest welcome. May your college years be rich and profitable; may the "Crimson Towers" come to hold for you the deep significance of dear associations. In establishing these associations we hope that you will consider the Y. W. C. A. your first friend.

Our organization embodies the highest ideals of Miami. Our watchword is "service," our goal, Christian character. Our extensive program has a place for YOU.

Our desire for you is that you may live abundantly. It is you who must carry on the vision of a greater Miami—who must light the way for those who are to follow. May you be worthy of your new responsibilities and happy in their fulfillment.

ADA MORGAN,
President of Y. W. C. A.

Y. W. C. A.

The Young Women's Christian Association is a voluntary organization of all the women who desire to enter in the promotion of a Christian program on the campus, to the end that a Christian attitude of mind and principles of life should be further inculcated in the student body.

MEMBERSHIP

The Y. W. C. A. welcomes into its membership every girl who is interested in helping to carry out the program based upon the purpose: "We unite in the desire to realize full and creative life through a growing knowledge of God. We determine to have a part in making this life possible for all people. In this task we seek to understand Jesus and follow him." No membership fee is required; any gifts to the Y. W. C. A. are made through the Miami Chest.

METHOD OF ORGANIZATION

The work of the Y. W. C. A. is carried on by the members who are on the different committees with the cabinet acting as the executive body. The cabinet is made up of the various chairmen of the committees, and the following act as advisors to the cabinet in making plans: the general secretary, Frances Helen Main, and an advisory board of ten faculty women:

Mrs. W. H. Shideler
Mrs. W. G. Richards
Mrs. J. F. Shreiner
Mrs. G. L. Peacock
Mrs. A. C. Wierckendend
Mrs. R. E. Tillotson
MEETINGS AND DISCUSSION GROUPS

During the year interesting Y. W. C. A. meetings will be held every two weeks on Thursday night at 6:30 where speakers, plays, pageants, and religious meetings will prove of educational and religious value. There will be other meetings of smaller groups in which questions of interest on the campus will be discussed.

FRESHMAN Y. W. C. A.

In order that the Freshman girls may have an opportunity to become acquainted with and to work in the Y. W. C. A. at the beginning of their college life, a Freshman Y. W. C. A. has been organized. As it is difficult for a Freshman to begin at once to work on a committee with upperclassmen who have more of a college background than herself. Freshman Y. W. holds an important place.

The Freshman Y. W. does two types of work: (1) its own meetings for which the girls themselves choose the speakers, plan discussions, investigate and make their own reports about campus organizations, and plan their social events; (2) the service that they give to the Y. W. C. A., aiding the ways and means department in selling eskimos at the basketball games, dressing dolls to send to Hiram House in Cleveland to be distributed to the poor children at Christmas, sending a gift to the Sister College in China, making money to send their own representative to Lake Geneva, and any other method of service.

We need every Freshman girl. This is your best opportunity to begin Y. W.
C. A. work. If you are a Girl Reserve, you are interested at once; if you do not know what Y. W. C. A. is join Freshman Y. W. C. A. and find out—we think you'll be interested.

SPEAKERS
The Y. W. C. A. and the Y. M. C. A. cooperate in bringing to the campus outstanding speakers of national and international recognition.

WORLD FELLOWSHIP
That we may look beyond local interests and know what is happening of international importance, the world fellowship committee rather stimulates us to inform ourselves concerning international events. This year a large map with points of importance marked on it will interest us to read further. This map is located in the rotunda of the Library.

This committee also tries to encourage friendship between foreign students on our campus, helping in any way possible to welcome the foreign students into our campus life.

OFFICE
The Y. W. C. A. office is located at 120 Main Building and is available to all girls on the campus. Here will be found the use of a telephone free, magazines if you care to read, and a comfortable place to wait between classes. This room is yours; make use of it.

The general secretary has her office here, too. If you care to find part-time employment you may arrange for it through this office. For information or for a chance to get acquainted feel perfectly free to call at Miss Main's office as she is anxious to meet all the Freshmen women.

THE LAKE GENEVA SUMMER CONFERENCE
Each year, during the summer months, several delegates are sent from the Miami "Y"s" to the Lake Geneva, Wisconsin, Conference. The Y. M. C. A. conference is usually held in June, while that of the Y. W. C. A. is held during the month of August.

The conferences last for ten days each. Part of the expenses of the delegates is paid by the local Associations, which usually send ten or twelve to each conference.

Speakers of national importance address the students on the problems of the day, not only of the country as a whole, but also as applied to the individual campus.

Trips through the country near the conference meeting place are provided, and every effort is made to provide those in attendance with ten days of fun as well as inspiration.
Honorary Organizations

ALETHENAI LITERARY SOCIETY

Thereis chapter of the Althenai Literary Society was installed at Miami University for the purpose of stimulating interest in creative literary work among the students of the Liberal Arts College. Those eligible must have a general "B" average, a "B-plus" average in English, and be recommended by three professors.

DELTASOMICRON

Delta Omicron, a national musical sorority, was installed at Miami University in 1923 as an honorary organization, membership being open to those girls who were taking the public school music course. An average of "B" must be had and maintained for membership. The insignia of the organization is a gold lyre set with pearls. Musicals are given monthly by the members and a twilight recital in May to which the student body is invited.

DELTASIGMA PI

Replacing the old local Gamma Delta Nu fraternity, Delta Sigma Pi, national honorary business fraternity, was installed at Miami three years ago. Membership is based on interest shown in business lines and the subjects offered in the School of Business. Delta Sigma Pi is one of the leading business fraternities in the country.

ETASIGMA PI

Another national fraternity, installed here during the past few years, is Eta Sigma Pi, honorary Greek and Latin society. It attempts a two-fold pur-

pose in that it tries to stimulate interest in and appreciation of the classics besides promoting good fellowship and social interest among the classical students. Only those maintaining a high standing in the classical studies are eligible for membership.

KAPPA DELTAPi

Students who have done exceptional work in preparing themselves for the teaching profession may be elected to membership in Kappa Delta Pi, national honorary teaching fraternity. Candidates to the Nu Chapter, established here in 1923, are selected on the basis of a strictly "B" average from members of the Junior and Senior classes.

KAPPA PHI

Kappa Phi is a national Methodist university women's club, founded at Kansas University in 1916. The Lambda chapter was installed at Miami in 1922. The purpose of the organization is to provide religious training and a wholesome social life for college women. The slogan is, "Every university girl of today a leader in the church tomorrow." All Methodist girls attending Miami are eligible for membership.

LAMBDATAU

Lambda Tau is an honorary literary-journalistic society for girls who have shown exceptional ability in creative literary lines. It was primarily founded at Miami with the purpose of promoting literary interests in the University and putting out a literary magazine—The Miami. However, this has been discontinued and the society remains strictly honorary.
LIBERAL ARTS CLUB
The Liberal Arts Club of Miami University was organized in 1903 for the purpose of promoting the social life and literarv interest of the girls in the Liberal Arts College. Until 1908, all were eligible for membership. Since that year the entrance requirements have been a "B" average in all subjects, and a "B-plus" average in English.

PHI BETA KAPPA
The Iota of Ohio Chapter of Phi Beta Kappa, national honorary scholastic fraternity, was established at Miami in 1911. Membership is limited to members of the Junior and Senior classes who attain the high scholarship standard of the fraternity. To be eligible for election in his junior year the student must have an average of three-fourths "A" and one-fourth "B," and in his senior year one-half "B" and one-half "A." The averages are figured on all courses taken.

PHI BETA PHI
Phi Beta Phi is the honorary journalistic fraternity, founded at Miami in 1925. Membership is limited to thirteen men who have shown superior journalistic ability. Election is made after the first semester of the sophomore year. At present the society has as one of its primary objects the joining of some national group to take the place of Sigma Delta Chi which was withdrawn upon the discontinuance of the Journalistic department. Each year the fraternity issues a Yellow Sheet in which various phases of campus activity are treated sarcastically.

PHI GAMMA PHI
The two principal aims of Phi Gamma Phi, honorary French society, are to honor those students who have done especially meritorious work in French and essentially to stimulate an interest in French literature, art, and history. Conversation is stressed in each of the sixteen meetings held during the year.

PHI ETA SIGMA
The Miami University chapter of Phi Eta Sigma, national scholastic honorary fraternity for Freshmen, was established here in 1928. Membership is based solely on scholarship. Elections are held twice a year; at midsemester and at the end of the year. A Freshman failing to make the required average of 3.50 at the end of the first semester may still be elected at the end of the second if his average for the whole year is up to that required.

PHI MU ALPHAI
This organization, also called Sin- fonia, is a national professional music fraternity. There is no limit to the number of members, selection being based on ability, interest shown, and standing in college. Its policy is to present on the campus at least one program made up of American music during the year.

PHI SIGMA
Phi Sigma also chooses its members from the upperclassmen doing work in Botany, Geology, or Zoology. The Miami or Upsilon chapter was installed
on the campus in 1926. Meetings are held bi-weekly at which addresses are given by members of the faculty and visiting scientists. Membership is based on high scholastic achievement in any particular branch of natural science.

**BLUE KEY**

Blue Key, a national men's society, was established on the Miami campus two years ago. It has for its professed objects the performance of many tasks which the administration and some organization of students can best work out together.

Last fall this organization was in charge of the Freshmen, having general supervision over the class, with regard to the wearing of freshmen caps, their class elections, and instructing them in Miami traditions and customs.

The organization also cooperates with the Athletic department in taking care of visiting teams and housing them at the big meets. It cooperates with the administration at Commencement time, helping to register and take care of visitors. No doubt this year the Blue Key will have charge of the "M" banquet which is given each year in honor of the football team.

**Departmental Clubs**

Miami boasts of several active departmental clubs which are carrying on extra work for students interested in any special branch of learning. They are all carried on with the help of the members of the faculty of the different departments and present interesting and valuable programs at the meetings. Some of the typical departmental clubs are briefly described.

**BOTANY CLUB**

The Botany Club is an organization for the advancement of Botanical Science. Meetings are held every two weeks in the lecture room in Brice Hall. Papers are read or reports given by members of the club on topics of general interest. Occasionally outside speakers are obtained to address the club. First year students are associate members while advanced students have the standing of full-fledged members.

**THE GERMAN CLUB**

Students who are taking second-year or more advanced German are members of the German Club. German is spoken at all meetings of the club. The members of the German Department provide the programs, which vary from speeches to plays. Lantern slides of Germany are often made a part of the program.
THE SOCIOLOGY CLUB

The Sociology Club was formed under the auspices of the Sociology Department in 1924. The purpose of the club is to hold informal discussions on questions dealing with the field of social service. To be eligible for membership a student must either be taking an advanced course in sociology or be making "A" in an elementary course.

THE MATHEMATICS CLUB

Meetings of the Mathematics Club are held bi-weekly at which times papers of interest to mathematics students are read by the members. It draws its members from advanced students in the department.

Class Honorary

CWEN

Cwen, sophomore girls' honorary society, was established on the Miami campus in the spring of 1925. Its members are chosen from the outstanding girls of the freshman class for their scholarship, interest and activities, and personality. Its purpose is to encourage like traits in the girls of the next freshman class. Other active chapters already established are at the University of Pittsburgh and the University of Wisconsin.

MORTAR BOARD

Mortar Board, senior girls' honorary fraternity, selects its members from the junior class on the three bases of service, scholarship, and leadership. Its purpose is to provide cooperation between the senior honorary societies for women, the individual chapter aims being to render the greatest amount of service possible to the school of which it is a part.

It was founded at Syracuse in 1918 by representatives from existing senior honorary societies at Cornell, Michigan, Ohio State, and Swarthmore. At present there are thirty-one chapters located at leading universities.

PODACS

Podacs is a group of outstanding freshman girls selected from the various social organizations. Each year one freshman girl from each group is selected to the society which has as its aim the creating of a spirit of friendliness and good feeling among the girls of the different groups.

And remember ALL the time that your studies merit some consideration, and that it is much easier to keep up than to make up.
“THE AMERICAN ASSOCIATION OF UNIVERSITY WOMEN”

“Every woman graduate of Miami University is eligible to membership in the American Association of University Women. This national organization of college and university women was established in 1882, incorporated in 1899 and today has an enrollment of twenty-three thousand members. Its headquarters and club house are in Washington and its four hundred and one branches represent every state in the Union, most of the large cities of the country and many of the smaller cities. Through these branches college women meet socially and unite in educational service to their communities. In many of the city branches, club houses are maintained for the local members.

Membership in the American Association of University Women carries with it membership in the International Federation of University Women. This Federation is made up of the national associations of Great Britain, Canada, the United States, France, Belgium, Italy, Spain, Sweden, Norway, Denmark, Finland, Holland, Czecho-Slovakia, Austria, India, Australia and New Zealand. Its headquarters are in London. Through its biennial conferences, its international fellowships and its encouragement of international hospitality, it aims to promote higher education for women throughout the world and to bring about friendship and sympathy among the educated women of all countries.
Public Speaking

INTERCOLLEGIATE DEBATE

Intercollegiate debating in Miami is divided into two departments, one for men and the other for women, each working independently of the other in regard to subjects, coaches, and schedules. The men's debates take place during the latter part of February and the early part of March. The women's contests follow in the latter part of March before the spring vacation.

All Sophomore, Junior, and Senior men and women may try out for the debate squads from which the teams are picked to represent the University. Two hours of credit are given to those members of the debate group whose work is satisfactory to the coach. The college awards gold medals to those participating and they are also eligible for election into Tau Kappa Alpha, national honorary forensic fraternity.

Debates last year were held with Butler College, DePauw, Wittenberg, Denison, University of Cincinnati, Albion College of Michigan, University of Florida, New York University, Carleton College of Minnesota, Western State Teachers College of Michigan, Washington and Lee, Loyola of Chicago, and Ohio University.

This represented the greatest debate program in the history of Miami University and plans are now on foot to make this year's program even greater.

FRESHMEN DEBATE

Following the policy of two years ago, Freshmen intercollegiate debates were held again last year and with as great a success as formerly. Under the direction of former varsity debaters, men's and women's teams were developed which met the yearly representatives of Earlham College, Ohio Wesleyan and Wittenberg.

The tremendous success with which these two attempts at Freshmen debates have met has led the public speaking department to carry on similar undertakings next year with a much wider program.

Attempt was made to continue the annual Freshmen-Sophomore debate, but although the Freshmen issued a challenge, it was not taken up by the Sophomores and the debate was not held.

MORTAR BOARD LOYALTY CONTEST IN PUBLIC SPEAKING

All Sophomore, Junior, and Senior women may enter the Mortar Board Loyalty Contest which usually takes place after the spring vacation. The four best speakers are chosen to take part in the finals which are held in Benton Auditorium.

The contest is sponsored by Mortar Board, the Senior girls' honorary fraternity. Cash prizes of $30.00 and $15.00 are awarded to the winners of first and second places.

CWEN CONTEST IN PUBLIC SPEAKING

The Cwen contest in public speaking is open to all the Freshmen women of the University.

Cwen, national honorary society for Sophomore women, sponsors the con-
test and makes the awards. The winner of first place receives a cash prize of $15.00 and the winner of second place is awarded $10.00.

FISKE CONTEST IN ORATORY
The Fiske Oratorical contest was established and endowed in 1921 by Otis B. Fiske, LL. B., Ph. D., in honor of his father, Dr. Charles Henry Fiske of the class of 1863.
All Sophomore, Junior, and Senior men may enter the preliminaries from which the four best speakers are chosen for the finals which are held in Benton Hall. The winner is awarded a cash prize of $40.00 and the second best receives an award of $20.00.
Last year John Nenninger won the contest and Parham Kelly was second.

INTERCOLLEGIATE CHESS
Chess, that ancient sport of kings, seems to have found its place in the sun at Miami, during the past year, and gives promise of going across on a far bigger scale next year.
During the past year a number of matches were held with the chess representatives of the schools near Miami, and while the Big Red strategists were not always successful, they gave a good account of themselves on all occasions.
The increased interest in this sport evidenced last year has led to the planning of a far greater program next year. It is hoped to form an intercollegiate chess league among the schools of southwestern Ohio. The first step in this direction was taken last year.

Publications

RECESSIO
The "Recessio," the Miami University year book, is published near the end of the second semester, giving a complete pictorial and written review of the happenings of the school year. This annual is published by a staff selected from the Junior class and is under its direction and supervision.
The editor is chosen by the head of the English Department who acts upon the recommendations of the retiring editor. A staff is chosen by the editor, composed of about twelve members of the Junior class. This staff is assisted by Sophomores who are usually candidates for the editorship.
A Business Manager is chosen by the secretary of the Board of Trustees, who acts upon the recommendations of the retiring manager. Candidates for the managership from the Sophomore class compose the entire business staff.
As suggested by its name, the "Recessio" endeavors to give a complete summary or review of the preceding year. It is a very complete pictorial and written review of the scholastic year. Perhaps a "lion's share" is given to the Seniors, but the other classes are not forgotten.

MIAMI STUDENT
Established in 1826, the "Miami Student" is the oldest college newspaper west of the Alleghenies. Making its appearance on Tuesday and Friday evenings, the paper is the four-page semi-weekly mouthpiece of the University. It give a complete review of the hap-
penings on the campus whether athletic, forensic, scholastic, or other news of campus and country-wide college activities.

A circulation among the students of one hundred per cent is maintained as the subscription price is included in the student activity fee which is paid by every student upon registering for the semester.

The editor is chosen by the head of the English Department and the President acting upon the recommendation of the retiring editor. A four per cent commission, taken from the total receipts for the entire year is given to the editor as compensation together with three hours' credit in English.

Last year the "Student" staff was awarded credit hours in English so the editor had the power to add or subtract from his staff of assistants as he wished. Such a policy will be followed again this year. Tryouts for the staff are held at the beginning of the fall term and those selected must have had a course in journalism, or its equivalent in actual work on some paper.

Regular "beats" are assigned to reporters and a "dope sheet" is posted for each issue. Thus the work is made to conform as nearly as possible with that on any large metropolitan daily.

The business manager of the "Student" is appointed by the President and Mr. Roudeshult acting upon the recommendation of the retiring manager. He also receives compensation for his work.

The "Student" is under the direct supervision of Mr. McGinnis of the English Department, who acts in the capacity of adviser.

**MIAMI DIRECTORY**

The Miami Directory is put out by the University shortly after the school opens for the fall term. It contains the names, home addresses, campus addresses and Oxford phone numbers of the students registered in the University. In addition it contains a list of all the faculty and administration members with their offices, addresses and phone numbers. It also has a list of the class presidents, officers of the Student Senate, Student Council, Y. M. C. A. and Y. W. C. A. The University calendar is also included.

**THE "M" BOOK**

This is it. It is sometimes known as the Handbook. It is the Freshman's "Bible" and he should read it from cover to cover, assimilate its contents and digest them thoroughly. It is published mainly for the yearlings, so, reader, if you are a Freshman, peruse its contents thoroughly, or if you are an upperclassman read it so you can answer the Fresh questions intelligently.

The editor is appointed by the President and General Secretary of the Y. M. C. A. The editorial staff is appointed by the editor. The book is made possible through the cooperation of the organization listed in the front.

**THE NEWS LETTER**

The News Letter is the University publication which is issued with the purpose of keeping a close bond between Miami and her alumni who are scattered all over the world. It details the doings of the different departments of the school in a brief and concise manner, giving the results of athletic contests and containing all other information of interest to the alumni.
Musical Organizations

MIAMI MUSICAL ASSOCIATION

The Miami Musical Association is composed of a group consisting of a faculty member, elected members from each musical organization on the campus and one man and one woman elected from the student body at large. Elections are held in the early spring and plans for the ensuing year are immediately made by the new members. The share of the organization is the musical activities of the University as a whole. The organization sponsors a musical course which consists of the highest types of musical productions. A drive for the sale of season tickets for this musical course is conducted in the fall.

MUSICAL TRYOUTS

Every fall notices are given out inviting any persons interested in the various musical organizations to try out for them. Individual tryouts are given and from these the members of the various groups are chosen. A fee of four dollars is collected at the beginning of the season to cover any possible absences should the candidate be chosen. If he fails to be selected his money is refunded.

MADRIGAL CLUB

One of the oldest and best-established of the musical organizations sponsored by the Music Department is the Madrigal Club. It is made up entirely of women's voices and has an enrollment of from 25 to 30 members. Since 1969 the club has given an annual series of concerts in Oxford and the surrounding towns which have been universally well received. The best quality arrangements and scores are obtained for their use and intensive practices are held throughout the scholastic year. A small gold "note" is presented to each member as a token of her membership.

VARSITY BAND

The Varsity Band consists of 40 to 50 pieces. Eligibility for membership is based upon tryouts held early in the year and the interest shown in the work. The band plays for all home football games, featuring marching formations which climax in a marching "M." Last year the band made the trip to Springfield for the Wittenberg-Miami game and also made the annual trip to Cincinnati for the Miami-Cincinnati classic on Thanksgiving Day. The band also plays for the home basketball and baseball games. Rehearsals are held weekly and end in the annual spring concert. One semester hour of credit is awarded for regular work in the band.

THE ORCHESTRA

Under the direction of Professor Roy Williams, the orchestra holds bi-weekly rehearsals. Membership consists of between thirty and forty pieces which are selected by individual tryouts early in the fall. The annual concert is presented in Benton Auditorium.
MIAMI MEN'S CHORUS

The Glee Club at Miami is known as the Men's Chorus and has been under the capable direction of William Ross, who has greatly widened its scope of activities. In addition to appearances on the home platform the club makes several trips during the year. The annual tour was made during the Christmas holidays last year and included stops at Dayton, Cleveland, Norwalk, and Marion. Membership in the club is restricted to upperclassmen and Freshmen who have a "B" average and have successfully passed an individual tryout.

THE ARION CHOIR

The Arion Choir made its initial appearance at Miami last year under the name of the Vesper Chorus. It is composed of both the Madrigal and Glee Clubs along with the numerous other independent singers on the campus.

Only on special occasions does the chorus sing. There is always an Easter and Christmas program however, under the direction of Professor Aubrey Martin.

Dramatics

YE MERRIE PLAYERS

Ye Merrie Players controls the dramatic activities at Miami. A point system is used in determining membership; thus much hard work and active interest in dramatics is required before one can become a member. Points are made by taking part in or assisting in Ye Merrie Players productions.

Founded in 1910, the organization has been active ever since. Two plays are presented each year, one at the midyear and another at commencement, the plays being carefully selected for their high quality. Officers are elected annually from the membership. A greater interest in dramatics is the aim of this live organization.

THE DRAMATIC WORKSHOP

This is a sub-organization to Ye Merrie Players. Approximately every three weeks, plays are presented before a selected audience of critics. Plays which are voted or selected as the best are again presented, but this time before a paid audience in the Workshop Theater located in Main Building. The plays are usually the work of Ye Merrie Players. Its activities are under the supervision of the Dramatic Department.

MIDYEAR PLAY

Shortly after the end of the first semester, the students present a play under the supervision of Ye Merrie
Players. Tryouts are open to everyone. The plays selected are of the highest quality obtainable and their presentation is looked forward to by the entire student body. A nominal admission is charged to cover the expense of the production. "The Quest of the Quezarre," written by Mr. Gates, head of the Public Speaking department, was presented last year.

COMMENCEMENT PLAY

During Commencement Week Ye Merrie Players present a play for the benefit of the many visitors. The same play is presented to the undergraduates before they leave for their homes. Credit towards membership is given for participation in this play as well as in the midycar play. At the June commencement "Hay Fever" was presented.
BUILDINGS

Here are given the principal buildings of the University. No doubt you will have them all well in mind by the end of your first week in Oxford, but this list together with the map in the rear of the book will help you in getting around during the first few days.

Main Building, the oldest building on the campus, is chiefly occupied by classrooms used by the College of Liberal Arts. The University Commons, a dining room for men, is in this building.

Brice Hall, the science building, provides laboratories and classrooms for the departments of Geology and Zoology.

Benton Hall contains the Auditorium, used as the University Chapel, which seats about 1,100, and the administrative offices.

Alumni Library was made possible through the gift of Andrew Carnegie, was built jointly by Mr. Carnegie, the alumni, and the State, at a total cost of \$220,000. It houses the University library of 100,000 volumes and seats four hundred students in the reading rooms.

McGuffey Hall is devoted entirely to the School of Education. It has been built in four sections at a total cost of \$360,000. The south wing accommodates the McGuffey training school of five hundred pupils.

Chemistry Building is wholly devoted to chemistry. It contains a lecture room with elevated seats, a library, offices, and four large laboratories. This building was erected as only a temporary structure and will be replaced by a new fireproof building, construction of which will begin this fall.

Irvin Hall, a classroom building for the Liberal Arts college, and the School of Business. The north and east sections provide the classrooms and offices, while the south section houses the departments of Botany and Physics. The School of Business is also located in this building.

Observatory houses a twelve-inch refracting telescope.

Industrial Education Building is a three-story, fire-proof structure, housing the mechanical drawing, wood-working, and metal-working departments.

Herron Gymnasium has been used in the past by both men and women. This old building will be replaced by a new gymnasium and field house, which is to cost nearly a million dollars when completed. The work on the new structure will begin this fall, and when completed will be used by the men and Herron will be used by the women.

East and West Halls are girls' dormitories, housing principally freshmen and sophomore girls.

Bishop, Hepburn and Wells Halls are girls' dormitories, housing upperclass girls.

North, South, and New Freshman are men's dormitories housing freshmen men.

Fisher Hall, a freshmen men's dormitory and also a men's student center.

Caroline Scott Harrison Memorial, a freshmen girl's dormitory and girl's student center.

Ogden Hall, upperclassmen's dormitory, and the men's student center on the campus.
THE LIBRARY

Miami has a large and well equipped library. The main reading room seats approximately 250 people, and the reserve reading room about 150. In all, the library contains about 100,000 volumes.

Library rules which apply to all students, and, if learned, will save new students much inconvenience, are as follows:

1. Books may be secured by signing for them at the desk in the rotunda. A fine of two cents per day is charged for books kept longer than the specified time.
2. Books may ordinarily be kept for two weeks.
3. A card-index of all volumes is provided, listing them by title and author. Books can be called for by number only.
4. Admission to the stacks may be obtained by application to the Librarian. In special cases, a card is issued allowing the bearer to enter the stacks at any time.
5. Back numbers of magazines may be obtained at the desk.
6. Reserved books may be obtained at the reserve desk in the basement.
7. Reserve books may not be removed from the library except at the close of the day, and must be returned at 8:00 the next morning. Books withdrawn Saturday evening may be retained until Monday morning at 8:00.
8. A fine of ten cents an hour for the first two hours, and five cents an hour after the first two, is charged for every reserve book kept after the time limit expires.

9. The Library is open on Sunday afternoons from 2:30 until 5:00, but the stacks are not open and no books may be withdrawn.

MIAMI CHEST DRIVE

Several years ago the members of the Student Body were bothered with numerous calls to contribute to various worthy organizations. Each Christian Association and charitable institution made a separate campaign each fall. These continuous appeals were not only monotonous to the students, but were themselves many times unsuccessful. In 1925 it was decided to unite these under a Chest system. A budget, allotting a specific sum to each organization, was made out by a special committee of faculty and students. Then early in the fall a drive was put on to raise this money. The whole campus, faculty and students, united in the program of altruistic giving, by which, in one liberal donation, they were able to support these institutions.

In the past four years this drive has been successful. We feel that it will be even more successful this year. This drive will give you a chance to help support the local Y. M. C. A. and Y. W. C. A. to contribute to off-campus projects. Last year money was sent to a loan fund for students in the Florida tornado area, to Grace Steinback, a Y. W. C. A. Secretary in China whom the Y. W. C. A. at Miami has helped to support for several years, a boys' school in Bagdad, and the International Student Service which has replaced the Student Friendship Fund in aid for needy students in Europe.
GENERAL INFORMATION

GIRLS' ROOMING FACILITIES

Miami has six dormitories for women which house about three-fourths of the number of Miami women in residence at any one time. The three halls, Bishop, Hepburn, and Wells, are assigned largely to upperclass students, Seniors, T. C. Sophomores, and a few Juniors and four-year Sophomores. East and West Halls are filled with upperclass girls not assigned to other halls and as many Freshmen as there are places for. The Caroline Scott Harrison Memorial Hall, which is to be opened this fall, will be used as a Freshmen girls' dormitory. Names move up on the hall lists in order of receipt of deposit fees, and as vacancies occur more Freshmen become eligible to hall places. A number of Freshmen, however, are assigned to University Cottages, which are homes located in the town of Oxford. There are in use now about twenty-two cottages varying in capacity from four to fifteen.

They are administered by responsible matrons, and students there are subject in every way to the Student Government regulations prevailing in campus dormitories. The girls from the cottages come into the hall dining rooms for their meals and are thus brought into constant contact with larger numbers than their immediate cottage group.

Each hall is under the direction of the Hall Chairman elected by the students. She cooperates with faculty member resident in the hall, appoints such committees as she desires to carry on the hall interests, and selects the proctors.

The furnishings of students' rooms in dormitories are fairly uniform. They consist of single beds (provided only with mattress), dresser, study table, and straight chairs. The students should supply pillow and all other bed clothing, and such other personal furnishings as they desire in the way of curtains, rugs, etc.

Many of the beds in cottages are double and bed clothing should therefore be furnished accordingly.

It is possible to make some definite selection of a cottage room by corresponding with the matron of the cottage, but it is more frequently the case that the Dean of Women assigns to a cottage its full capacity, and the selection of rooms and combination of roommates is made at the opening of the college year.

When assignments of rooms are made and students are settled for the semester, it is impossible to change without forfeiting one's room rent or making some provision to fill the place in hall or cottage. It is possible between semesters, however, to make some change in rooms, provided the cottage matron is notified, and permission is secured from the Dean of Women for the change.

Be optimistic—even a busted watch is right twice a day.

SCHOLARSHIP DAY

An annual custom at Miami recognizes those students who have done exceptional work, or have shown superior ability in any line of scholastic endeavor in Recognition Exercises at chapel some time during the spring semester. An address by some prominent educator is followed by the announcement of the elections to those honorary societies which recognize high scholastic attainment. At this time, the scholastic awards for the previous semester are also made. This includes the awarding of the Shearer Cup, the Phi Beta Kappa Fraternity Cup, and the Phi Beta Kappa Sorority Cup.

THE PHI BETA KAPPA AWARDS

Each semester the Phi Beta Kappa Scholarship Cups are awarded to the fraternity and sorority which make the highest scholastic average. The Fraternity Cup is awarded to the members of the organization exclusive of pledges, and the Sorority Cup is awarded to both members and pledges.

HOSPITAL AND DISPENSARY

This building is situated on the south of the campus, opposite the Power Plant.

Much can be done for sick people if they are treated in time; therefore, all students who are sick or ailing in any way are expected to report at once at the hospital.

The doctors and nurses are always in attendance at the hospital and emergencies are taken care of at any time of the day or night, but other than emergency cases are expected to come for admission to the hospital or treatment in the dispensary at the regular hours which are 2:00 to 12:00 A. M. and 2:00 to 5:00 P. M.

MIAMI IS CALLED
"THE WESTERN MOTHER
OF FRATERNITIES"

Here were founded in 1839 Beta Theta Pi, in 1848 Phi Delta Theta, in 1855 Sigma Chi, in 1909 Phi Kappa Tau, and in 1921 Sigma Delta Rho.

In the ninety years since 1839, one hundred thousand initiates have turned to Miami as the shrine of their fraternity.

Back to this shrine it is fitting that Phi Delta Theta has brought its General Headquarters. From 208 East High the business affairs of the entire organization are conducted. The doors are always open to visitors.
