FOREWORD

To you, the class of 1933, we dedicate this book, hoping that in some measure it may help you to become acquainted with Minnetonka, its history, traditions, and opportunities. We dedicate it to you as the class of 1933 as your Alma Mater and sincerely trust that you will rise up, as the last of those that have done before you.

Since this book is intended primarily as a guide to you, we have attempted to present the most essential facts and figures about Minnetonka so that you will have immediate help in making your immediate home here. A look at this book should, however, be of value to the student body at large, who will also benefit from such features as we believe, to be of value to any student at all times of the year.

THE STAFF.

THE PRESIDENT'S GREETING

To the new students:

At this time you are taking on a new role, that of a new title. You have become a part of everyone's student body of Miami University, to enjoy the privileges that life confers and to represent us before the world.

You have now become one to the new relationship and hope you in all sincerity to avail yourself fully of the opportunities to which the Libraries, Departments, a scholarly and sympathetic teaching staff, friendships, rich experiences, conditions—these are all around you daily as your first home.

You have been accustomed to the love of being a true son or daughter of Mogul, as these conditions demand of you, and should have a delightful and profitable time together.

Cordially yours,

A. H. Upsham
Old Miami

 Alma Mater

Old Miami, from thy hill crest
Thy laurel and silver bells shall rest
While thy sons have gained from thee
Greatness, honor, honor of all name.
Thou art the story of thy glory
The story of thy fame.

Adieu in the simple melody
When the calm and clear the storm
When the sun shall rise above the stars
Thy beautiful towers shall be withering
Thy splendid gates shall be closed
Thy glories shall be no more.

Chorus:

Love and honor to Miami
Our college old and great
Proudly we shall ever hold thee
Proudly we shall ever love thee.
Love and honor to Miami
Forever and a day.

Miami March Song

Miami old, true may our love we bring
To thee our hearts and minds will ever cling
Thy name of other days, thy gifts so free
Call to-day to sing our praise to thee.

Chorus:

Love and honor to Miami
Our college old and great
Proudly we shall ever hold thee
Proudly we shall ever love thee.
Love and honor to Miami
Forever and a day.

Thy elms, thy hills, thy skies of azure hue
To thee is deepest inspiration due
Thy charity lower upon the hilltops blue
To thee do we our grateful homage pay.

On land and sea our hearts will ever be
The trumpet, bravest man our show to be
Our duty ever in our loyalty
To guard thy name through all eternity.
Scalp Song

Yah! Yah! Yah! Yah!

The letters go forth to war,
Their scalp-songs ring afar.

Brilliant the blood-red war-drum gleam-

Med with thirst the war-hawks scream-

Shout! shout! ever high,

Racing in the sky

Old men make their war-bushes,

Warriors dance amid the adobe,

Marching with joy, war-drums thudding,

Sweet the vict'ry and the conquest.

Climb the rock among the sharks;

Forth the frigate, decks the main,

War! War! War! now,

See the塞men bear

Par and wide the battle's foot is scattered,

Fie, fie! The battle gods get batterred!

Miami! Yah! Yah! Yah! Miami!

Hate them, chase them, pound them, sound them, Wow!
Old Main Building

"Old Main" has seen generations of students pass through the portals of Miami, has shared in their joys and sorrows. From its beginning as a small structure in 1898 to its present imposing edifice, it has witnessed the growth and development of the university. The original structure burned in 1914, and the new building was completed in 1915.

Miami University was the second institution of higher learning established in Ohio. It was founded under the Federal Land Grant Act of 1862 and the Ohio Legislature in 1869. One year later, the site of the college was located at the village of Oxford. In 1881, the college was granted the authority to confer degrees and to charge fees for educational purposes.

However, the lack of sufficient funds was a major concern, and the college struggled financially. In the early years, a fund drive was conducted to raise funds to support the institution. The college was able to attract many students, and several sororities were established, including Beta Theta Pi, Phi Delta Theta, and Sigma Chi.

Until the end of the Civil War, Miami increased rapidly in size and prestige. It was during this period that the campus began to take shape as we know it today. Many of the buildings we see today were constructed during this time. The college was the first in Ohio to grant degrees to women, and this served as a model for other institutions.

After the war, Miami continued to grow, and its reputation spread. The university became known for its academic excellence and its commitment to the education of its students. Today, Miami University is a respected institution of higher learning, offering a wide range of programs to its students.
THE ADMINISTRATION

The administration of Miami University is entrusted to a Board of Trustees and the administrative staff of the university. The Board of Trustees is composed of twenty-seven members, who meet annually on the third Tuesday in October. It is elected by the alumni of the university for a term of six years, and its members are elected from the various schools and of men and women, by the regent; the summoned to perform the duties of the secretary of these officers. The offi-
cers and their offices are as follows:

THE ADVISORY SYSTEM

In order to assure each student that he will have some member of the fac-
culty to whom he may go for advice and guidance, the student body is divided into
Advisory Divisions. These are made up of students of the same major. A student is assigned to an
Advisory Division according to men and women.

The student is expected to take his problems concerning course enroll-
ment, excuses for class absence, etc., to his advisor. In a word, the advisor is
expected to assist the student to the best of his ability. If a student is satisfied with an
advisory division he may re-assign to another. He may change his advisory division as often as
he wishes. He must change his division by the last day of classes each term.

UNIVERSITY RULES

1. Smoking in any University build-
ing other than the library and auditorium is
strictly prohibited.

2. Drinking of intoxicating liquors of any kind is punishable by suspend-
ance.

3. Any organization wishing to use
a room in a University building must
present a written request to the Under-
side Division of the Dean of Men's
Office, Student Union, at 11:30 o'clock each Friday.

4. All social events must have the
satisfaction of the Dean of Women.

5. No student may obtain an
on-campus scholarship in Oxford at any time. Va-
nication of this rule is followed by sus-
pension.

48
Believing that the practice of enrolling upon the faculty of the University of Oxford for study and research without its authority is contrary to the best interests of the student, faculty and University, the faculty has enacted the following regulations:

a. No excuse for absence from class attendance or other University obligations shall be deemed sufficient to warrant absence from class if in the judgment of the Registrar the student is absent in violation of the regulations governing classes.

b. When a student is absent from class without a valid excuse, the student shall be required to make up the work missed before the end of the academic year.

c. A student who is absent from class without a valid excuse shall be placed on probation, and if the student is absent from class for a total of three (3) days, the student shall be expelled from the University.

d. A student who is absent from class for a total of five (5) days shall be expelled from the University.

Wherever a student is specifically required to attend class, he is required to attend class. In the event of an absence, the student shall be required to make up the work missed before the end of the academic year.

Students who make five (5) absences or more in a semester shall be required to attend class. No absences of that semester shall be excused.

Any student who is absent from class for a total of five (5) days shall be required to attend class. In the event of an absence, the student shall be required to make up the work missed before the end of the academic year.

The regulations of the University shall be enforced by the faculty, and any student who violates these regulations shall be subject to the penalties provided by the faculty.
University. This, together with the ever present danger of over-fitting when not well practiced, is standard of a university with a real concern for academic achievement.

Finally, an extra side matter: to the cost of living, an item which few Miami students can afford to lightly ignore.

Article 3

If adopted, this Constitution shall supersede, the constitution of the Woman's Government Association of the University prior to the second semester of the academic year 1925-26.

WOMEN STUDENT GOVERNMENT

When the old form of student government was abolished, in 1924-25, the Women's Student Government Association was established. This new organization was also abolished and a Women's Student Council was set up to take its place. It is the purpose of this organization to create a code of rules and regulations that should be followed by all students of the University, whether men or women, and to maintain high standards of university life, and to regulate all outside organizations whose member are enrolled or are on the rolls of the University under the jurisdiction of the faculty.

It is felt that the best results are obtained for the entire college by a council composed of students, and that the council will have a greater responsibility for the development of the college. The council is composed of nine members of the council, a group of administrators, and a group of faculty members. The council will meet weekly and will consider any matters that come up in their respective fields.

The members of this council are the women members of the Student Faculty Council and the members of the Women's Administration Board that are already members of the Student Faculty Council. It also has a council with the women members of the halls and cottages presidents. It is the duty of the council to give advice and counsel to the student organization with all of the women's interests of the University.

REGULATIONS FOR MIAMI WOMEN 1926-27

Since the life of students on a campus must conform to the environment they are in, the student association for all students has been set up for the protection of their interests as individuals and a group.

The regulations are based on the following standards of behavior which apply equally to all Miami women, whether members of the council or not. Women are expected to have a good time during the college year, but before and after a vacation.

House Life

Quiet: Evening study hours, Monday, 9:30-12 P.M. and 1-5:30 A.M. and during lunch, except on all nights except Saturday. 11 o'clock on Saturday.

Furnish: Guests are expected to abide by the regulations in force for Miami women. Guests, including girls coming from out of the halls, must be registered and must give name of honors and room number.

Signs Out—All students sign out for any absence from hall or cottage in the office of the director. Each student is expected to be back from town during 9:30 or evening.

25
Social Life

ASSEMBLY

Last year compulsory assembly periods returned to Miami. This new plan, which went into effect last September, requires students to attend at least two of the four weekly four assembly held each week. Students for the most part were pleased with this plan and two assembly just as is classes.

This assembly came at ten every Thursday morning and programs at 10:00 were always different or eight were anticipated. No classes are scheduled for that hour so that all students are able to attend.

When a man is wrapped up in himself he makes a very small parcel.
EI]<

Forgot that you came from any particular high school. You are a Miami man now.

Keep an eye on your studies; they merit some consideration.

Get acquainted with your professors. They are a fine bunch of fellows.

You all the good you can and keep your knowledge of it under your own hat.

Do not smoke in University buildings. (By chambers.

Get off your hat when "Old Miami" is near.

On all your work on week days. "F. A. - on Friday, Saturday, or Sunday, or you'll go "F. A." in all. Go home before this.

Keep quiet about your school friends. If they are of any social, they are known already. Get on acquainted with the student publications. Get out for some activity, and STAY OUT.

Be a mixer and a credit to the University.

Learn the songs and yells and join in the meeting.

Go to Assemblies.

Go to class meetings and mix in class affairs.

Read this book through and follow its suggestions.

GET SETTLED

Eating entered a room, get settled properly. Just remember that your table is not the only one in the dining hall, there are a few others. In spite of the fact that you have come to live with them, you are responsible for the property in the same place you are going to conduct yourself accordingly.

Miami is a state school and therefore expenses expected. You are a part of the state and therefore help to support it. What you destroy is yours and you are the one who has to pay. Dishrooms are littered with your remains or trash. Be a credit in the University eating hall.

NEW STUDENTS

When you arrive in Oxford, whether by train or bus, you will find a Y. M. or Y. W. representative waiting for you at the station with the best of intentions. He is there to ask questions, that is what they are there for. Furthermore, they are not going to waste time, but are munching at the business end of the work. Be sympathetic with you.

If you do not know the number of your room, where should you go immediately? To the Dean of Women and ask her. She will be glad to be of service.

If you do not know where to register, ask the Dean of Men. He will know. If you do not have a room, ask the Dean of Women. She will know.

If you are hungry, find the Dean of Men, and ask for a place to eat. He will know.

If you are cold, go to the Dean of Women and ask for a coat. She will know.

If you are homesick, go to the Dean of Men and ask to be placed in a good position for homesickness.
WHAT TO BRING

When you start packing up to come to Miami, the following suggestions might be of some value in selecting and ordering material

1. Dormitory supplies: sheet, pillow, and pillow-case are provided by the University and lavatory and bed sheets are laundered by the students. Students are not expected to wash or launder any other articles which are furnished by the Institute.

Women are required to bring their own soap and toilet articles to be dispensed at the dormitory. They are also expected to take care of cleaning their own rooms.

Men will not generally need a fancy dress suit. A good English tweed jacket and a pair of good trousers are sufficient for the winter time. Sweaters, a pair of good shoes, and a large overcoat are necessary.

Bring what you are accustomed to at home. No one is going to point at you. If you do not get dressed in the height of fashion, it will be because you have not been taught to study and one of the chief things you will have to learn is to dress and to look your best.

Chemistry students can be seen in a white coat and white gloves, while the gents can be dressed in their best.

Books can be purchased at the college book store. In addition to the books required by your instructors, you may also find books that interest you on courses and various other matters.

And above all, come with an abundance of courage to face up to what it all about, the determination to stick it out when it becomes hard and you get the idea that you are not up to the task of learning the things of life that are important to you in the years ahead.

FRANKLIN WEEK

Franklin week was inaugurated at Miami last fall. It is a week of the recita-
tion and extension of the work at Miami before the return of the upper
classes. All courses of study are
reviewed and the work is extended
beyond the usual requirements. This week suited the students' greatest
advantage. During the four day per week the teaching is divided into
three parts with the same courses in the mornings, the afternoons,
and the evenings. Each group is under the direction of a faculty
leader, a faculty member of the
school, and under the direction of
a member of one of the Christian Associ-
ation of Cadets.

The material outlined for the week is reviewed and a great deal of
discussion is held. The review of the work is given over in a careful
explanation of the purpose and plan of the school. The psychological and Physi-
ological examinations and the physical examinations are given to all students. The different courses offered at Miami are given over in the practical sense of the word. The remaining part of the work is de-
dicated to discussions of college rules and regulations, academic require-
ments, social life, fraternity, conserva-
tion, fraternities, etc. Also a tour of
The campus is made so that every student may have a glimpse of the whole plant.

There will be no fraternities or sororities until the fall. During the summer months after Freshman Week is over. Until that time upperclassmen students on the campus are forced to live in the dormitories. The dorms are not completed yet nor are the classrooms for the "new" school, so changes will be made as the conditions of the rooms are seen.

Rules for Freshmen Men

These rules have grown up as a result of years of usage. They are few in number, but every first year man should take note of the following:

1. All Freshmen buy their little gray and green caps the first Monday after registration. This rule holds to all except those who have attained upperclass rank and are on the athletic teams. The caps are kept in the dormitories for the period required. Then they are to be worn at all times while in Oxford, except when leaving or entering school. They are kept in the dormitories during the various holidays before the Spring Exams, while in Oxford.

2. On the last night before the spring break, the Freshmen class have their "goodbye" and "good luck" party in the gymnasium.

3. All Freshmen must help to gather wood for the winters, before each fire meeting in the Fall. There is usually a fire meeting for each Freshman class, and on each Freshman class's turn to build a bigger pile of wood than any previous class.

4. Freshmen men meet all visiting athletic teams at the depot and carry their baggage. This is one of the most important duties of the first year man, and the oldest Freshmen will have to help others in the matter of welcoming the visitors. This is the duty of every Freshman to do all in his power to make their home feel like their own. This is a great duty, and Freshmen are supposed to take it very seriously.

5. In addition to carrying their children's bags, the Freshmen men are to help in the work of welcoming the visitors. They are supposed to help in the work of welcoming the visitors.

6. After every athletic victory, the Freshmen are to be present at the dinner at the Oxford Hotel. The dinners are held in the hotel and are usually held at 6 p.m. The Freshmen are to be present at the dinners, and at the dinners are supposed to be present at the dinners.

7. No Freshman shall bring a date to any P.E. meeting or University athletic functions.

8. All local Freshmen help decorate the Athletic Field for the Homecoming games. This is the duty of all Freshmen who are not on the football team, and it is a great duty. All Freshmen help in the preparations for the Homecoming games, and it is a great duty. All Freshmen help in the preparations for the Homecoming games, and it is a great duty.
KYTE LITTER SOCIETIES

Miami is famous among fraternities of the United States as the "mother of fraternity. Five national fraternity organizations are represented on the campus: Delta Theta Delta, Eta Sigma Phi, Sigma Chi, Sigma Delta Chi, and Sigma Delta Kappa. These societies, as well as the two national sororities on the campus, thirteen fraternities and seventeen sororities, each have their own distinctive characteristics and membership requirements. The number of members and the nature of the society vary among the different organizations, but members have their own homes, must love their own homes, and have a deep affection for their fraternity and their alma mater.

Membership in any of these societies is open to any student of good character, but the group and the individual are both essential for the success of any fraternity. The social life of the group and the individual is as important as the academic work. The group meets in the dormitories or in the fraternity house, and the individual must be able to take part in the activities of the group.

When making your choice of an organization, do not jump at the first one you see. Weigh the various groups of which you are a part and see if their activities are compatible with your interests and abilities. Your decision will depend much of your social life during your four years at Miami. You must have a genuine interest in the group.

Do the members of this group have the right attitude toward similar groups? Do they practice the principles required of them? Do they enjoy the company of each other?

5. Will I be able to meet all obligations of a fraternity? If you should not receive a bid to become a member of a fraternity or a sorority in college it is not dependent on being a member of one of these societies. They exist independent of the real purpose of college and other societies in the order of their establishment on the campus are as follows:

REMEMBER

That you are a MIAMI Man. Be proud of it.

That MIAM University will be judged by your conduct wherever you may go. Always let your conduct be above reproach and hold the great University that we all love.

That MIAMI has many traditions and we demand that all new students keep them alive and preserve them to each other. Let them be a bond much to every MIAMI Man and woman.

That MIAMI's courtesy at athletic contests is always recognized. Do your part to keep it so.

To write the folks at home every week.

Remember to attend the assembly on Thursday mornings. They will give you inspiration for your week's work.

To attend your own church services on Sundays. They will provide something those outside the University does not give.

To be courteous to faculty members.

That it is by service to humanity that Miami Man has ever become great. That the 'Miami Spirit' is intimately known. Do your part.

To be of some service.

Varsity Athletics

Niami's athletic teams rated second place in Rockets sports during the past year, and only missed first place by one point. The Big Reds did not only dominate their conference in football but also in basketball. In conference play the Big Reds placed second in all sports and took first in the Rockets meet.

Football

Getting away to a brilliant start by overwhelming Victorville over the weekend of the Homecoming. The victory was secured as the Big Reds hit a home run in mid-season to drop the tag most important game of the year. However, they came back strong to earn a victory over Westlake, ending their season with a 5-0 record, placing third in the Rockets race.

The two most outstanding victories of the year were the 3 to 2 win over the powerful Whittier team for the conference championship, and the spectacular 7 to 0 victory over the revamped Cincinnati team in the final game of the season. Cincinnati was played in the usual style of mud.

With ten lettermen returning this year, most of whom are veteran, the prospects for a championship season are exceedingly bright.
A number of candidates for Varsity positions will also come up from last year's freshmen from whom was one of the best performers.

Basketball

Starting the season with what appeared to be a wealth of matériel and experience, the Big Red were expected to show great promise of dominating the Big Seven conference. However, their season was punctuated by a number of injuries and inconsistencies, resulting in a season that was not as successful as expected.

In the pre-season games the Big Red showed promise of dominating the competition, but once the conference schedule was under way, they failed to hit their stride and fell before the other opponents numerously. At the same time, the Mambos seemed to find that their punch that would once be lethal had lost its effect, and the rest of the team seemed to lack the spirit and effort that made them one of the finest teams in the conference.

With five of last year's letterman returning, and with a wealth of material from the freshmen squad, the outlook for the coming season is exceedingly bright.

Track

The Big Red track team is brought up by the high individual scores of members. Among the most notable is the Seneca Valley meet which was held last year at Delaware. This was a classic to a point, but the team swept without a single loss.
The Miami track stars showed up very well in some of the relay meets that they entered last year. In the Illinois relay, Gordon took first place in the two mile run, and his time was described as the most outstanding schools entered in the meet. The entire relay team of Wolf, Reynolds, Gordon, and Reed set a new record of 9 minutes 89 seconds for the two mile relay. Other prominent universities placed third and Wolf fifth. Yessler took third in the shot put, and the two mile run at the edge of the Miami relay second, the distance relay fourth, and the 440 relay second.

The results of the Buckeyes were

The first dual meet of the year was with Georgetown, who visited the University, and defeated the Buckeyes with a score of 105 to 39. Ohio with the highly profited, men from among the very best, from a long-time tracking.<br>

The prospects for a championship team next year are unusually bright. The team is sound, and well-balanced, and will be strengthened by a freshman record that won the annual Buckeyes Association Telegraphic meet.
Miami and Cincinnati again tied for first place honors in the Buckeye League. In a series of games played last season, Cincinnati that the Big Red would be ranked in second place but they came through in their second game with the Indians in a long drawn-out contest. This was the only game the Big Red won on the top of a 2 to 1 score.

Miami placed two extra inning games during the season. One of these was the sensational 1-1 game played against the Buckeyes, the other was against the mainstay of the state in each of these extra inning games.

Several good men will be lost by graduation, but there was such a good nucleus of talent that a strong first string has been chosen from last year's freshman squad.

Crow Country

Coach George Kiser's cross country team for 1929 was perhaps one of the best teams that have come out of Miami State in many a year. The distance runners went through a strenuous season without a single defeat, most of them placing high in the state in dual and conference meets.

The sensational running of Charley Shupard, who finished first in all meets except one and who broke the conference record for the mile, made him the outstanding cross-country man in the state.

Most of the team will be back this year and an excellent season is looked for.
In the winter of 1923, several Ohio coaches met at Columbus to arrange more suitable schedules for their teams. At this meeting, a schedule-making committee was appointed to compare present schedules with the proposed one. The Buckeye Athletic Conference, formed in 1923, was designed to improve the Buckeye schools' athletic programs. The conference included Ohio State, Cincinnati, and the six original schools in the Ohio Athletic Conference.

In the latter part of the year 1928, the six schools at the request of the Ohio State University joined the Ohio Athletic Conference to maintain a better body of the Ohio Conference. This conference was accepted in March 1929, and a new conference now formally withdrew from the Ohio Athletic Conference and formed the Buckeye Intercollegiate Athletic Conference with the six original schools as members.

The rules for eligibility in the new conference are more strict than those of the Ohio Conference, and each student is urged to read and study the rules. The only method of complying with the rules of the club is to be a regular or special member in the conference.

BURKHARDT TROPHY

In 1894, A. E. Burkhart of Cincinnati donated a trophy, to encourage intercollegiate athletics, to the University of Cincinnati and Miami University. The trophy is a twenty-four karat gold cup, 10 inches in diameter, 14 inches in height, and one pound in weight. The school having the greatest number of points at that time.

In 1925-1926 Miami easily captured the trophy by piling up a tremendous lead. Cincinnati can't win this year, according to the Miami sports editor. The score that year was Cincinnati 1, Miami 3. This year the winning team should be Miami, as the team is stronger than ever. The trophy will be awarded to Miami as the first year. In 1928-

1929 and last year Miami barely won the cup. The score both years was Miami winning the first three games, but losing the last two. This year Miami will beat Ohio, and the score will be Miami winning the first four games and losing the last two. Ohio will lose in the last two games.

Burkey's Trophy

Ohio Wesleyan University again has won the trophy awarded each year to the university having the highest in all-round athletic excellence. The Bishops scored 15 points in the four major sports out of a possible 20. Five points are given for first place and one for last place among the five categories.

Miami was second with 14 1/2. Ohio University was third with 14 1/2, Cincinnati fourth with 11 1/2 and Denison fifth with 1 1/2.

Weeks does not win a clear-cut championship, but tied with Cincinnati in basketball, finished second in football and third in track, baseball and third in baseball and fourth in track.
INTRAMURAL ATHLETICS

Not many years back in the history of our colleges and universities and in the memory of most of us, there was not the emphasis or attention to physical fitness and health that is so evident today. This system of intercollegiate athletics took time, and a few teams, and highly trained and talented athletes. Most athletic monies were spent each year on the different branches of intercollegiate athletics, and many of our young men who participated in athletics only a few students received any physical or body-building benefits.

Then came the World War and America's entrance into this mighty conflict. It was at this time during the intercollegiate training periods that most interest in physical fitness began to develop. In order to enlist all our young men and bring out the excellent results of a systematic athletic training for the indefinite future, the athletic directors of all our leading colleges and universities began to work with the physical education departments in the method of physical exercises of offered to them by the method of physical exercises were offered, such as in baseball, fencing, wrestling, etc. Thus it was that the new interest in physical fitness for all our young men and women, and a new system of athletics found its beginning in the American military camps during the emergency.

This very important system of athletics was introduced into our colleges only a few years ago, and at the present time most of the universities and colleges are making intramural athletics a permanent feature of their programs.

Here at Miami University the intramural program is divided into three seasons—fall, winter, and spring. During the fall season most of
the activities take the form of outdoor sports, such as speedball, playground ball, tennis, volleyball, cross-country running and track. These are supplemented by the year-round activities in the Harvard Gymnasium. It is the center of the Interfraternity Basketball, box- ing, wrestling, football, track, shooting, and swimming and gymnastics clubs. Its facilities also make it the home of the Harvard Yacht Club, the Harvard Canoe Club, and the Harvard Sailing Club. Cook Field again becomes the scene of activities; baseball, volleyball, horse- ball, and tennis are played here as well as the sports that fill the spring calendar.

It would take too long to give a detailed description of our system of Intramural Sports. To make it clear, we shall mention that there are two divisions operating simultaneously: one for men, the other for women. The men's division is further divided into two groups, the A and B, and the women's division is similarly divided. Every effort is made to encourage as many students as possible to participate in the Intramural activities. An individual record is carefully checked after the close of each season. There are various prizes awarded to the winners of the various events. In addition to the prizes that are given in the various sports, there are prizes for the most valuable player in each division, as well as for the most popular athlete.

In order to give more of the new men at the University a chance to get into the sport of Intramural activities, several new features were introduced by the Interfraternity Basketball Association last fall. Among these were the intramural tournament open to all men of the freshmen class, in the winter a men's basketball league, a men's track league and an indoor track meet. The special spring feature for the freshmen is an outdoor track and field meet.

All of these contests are open to a freshman whether he is a member of the fraternities or not. They are held on the Interfraternity grounds and include such events as the 100-yard dash, the 440-yard dash, the broad jump, the long jump, and the shot put.

Where the Intramural Department of the University has developed a friendly spirit of competition and sportsmanship, it has carried not a smaller burden of administration than the outside clubs, but a larger one. The Association has grown in size from day to day, and its organization and activities have become more and more important.

The Women's Athletic Association was organized in the fall of 1930. It is a branch of the University's Intramural Department and is composed of all female members of the University. The Association has carried on an active program of sports and activities, and has worked hard to promote the interests of women in athletics.

The following activities are offered:

1. A women's basketball league.
2. A women's track league.
3. A women's tennis tournament.
4. A women's cross-country running.

The following awards are given:

1. The Women's Athletic Association Trophy for the most valuable player in each division.
2. The Women's Athletic Association Award for the most popular athlete.
3. The Women's Athletic Association Award for the most valuable player in each division.
4. The Women's Athletic Association Award for the most valuable player in each division.

The following events are held:

1. A women's basketball league.
2. A women's track league.
3. A women's tennis tournament.
4. A women's cross-country running.

The following awards are given:

1. The Women's Athletic Association Trophy for the most valuable player in each division.
2. The Women's Athletic Association Award for the most popular athlete.
3. The Women's Athletic Association Award for the most valuable player in each division.
4. The Women's Athletic Association Award for the most valuable player in each division.

AMOS'S GREETING TO FRESHMEN

You have made a wise choice, and the freshmen among you to whom it is new, I welcome you to Santa Clara. It is a privilege to welcome new students to Santa Clara. You are welcome to Santa Clara. We want to give you, such as friendly welcome that you will always cherish it as a happy and memorable experience. The prerequisite to all existence is that we strive to be of some assistance to you. So also as a choice. If you need employment, we will try our best to do so, if you have any success, we will give you such assistance that, in other words, our chief idea is to be of service.

We have a good time at college. We find men gain and gain from small and intimate things. We cannot develop character, nor will our college training college have to offer you, if you do not work at it. It is not too hard to continue striving for the goal toward which we are working. It will seem that it is not all worth while and we will be tempted to give it up. But we will be warned and not discouraged. Real men, indeed, find college work difficult. Again may I remind you that this is your "N" and it is a success only as it means something to you. Josiah D. Amos

President of Y. M. C. A.

The Miami Y. M. C. A. is an organization of the men of the campus and its chief function is to provide religious and moral guidance among the students.

"V" SECORETY

Arthur C. Wintzenben, the General Secretary of the Association, is a graduate of Miamisburg University. He entered the Miami Wesleyan College in 1909, and graduated in 1911. He continued his studies at the University of Chicago, and received his M.A. degree. After six years in the ministry of the church, he was invited to become the General Secretary of the Association. He now serves as General Secretary of the Association, and as Professor of Religion. He
Association is continuing to have as its
secretary a man of Mr. Winkenden's
experience and training.
A senior student is employed each
year to serve as Assistant Secretary.
Next year the position will be
filled by a junior. A student is
hired each summer to help with
the work of the Association.

FRESHMAN CAMP
One of the most significant phases of the
Association's program is the freshman
camp held each summer. The camp for girls
dates back to the opening of the college in
1906; the camp for boys was inaugurated
in 1912. A group of student and faculty leaders
hold camp over the summer and the Fresh-
man class is then organized by the students
themselves. They have the opportunity for
forming friendships with those new and with
one another, and the opportunity for
participating in all the activities and events
and responsibilities of college life. The camp
dates are September 12-14. Freshmen who have attended
the camp in past years have found it a
valuable experience and those who have not
ever receive an invitation to attend the
camp should do all in his power to avail
himself of the opportunity.

FRESHMAN '97
Freshmen who are interested in the
work of the Association organize their
own activities. The council usu-
ally is composed of twelve members.
This group promotes inspirational
meetings, dormitory discussion groups,
freshman parties, and planning various
social activities for campus such as organ-
ing an orchestra, and serving lunches to
the freshmen. The council elected at the
beginning of the year is made up of the
dehon's, David G. Clay, as the officers
and chairman of the Freshmen-V
committee.

SOCIAL ACTIVITIES
During the year the 'G' T' arranges a
number of social events as the year advances.
The first of these is a cotillion, held for
all freshmen, and is held in the
operative house. The second is the Fresh-
mans' Cotillion, held in the
downtown opera house.
Ballet. Here the first year men
have a chance to become acquainted
with the women of the Freshmen-V
and meet other men. The
season of social events is finished
with the Freshmen-V cotillion
which is held in the
operative house. The Freshmen-V
and the Freshmen-V cotillion, with some energetic
entertainment numbers are features of this
program. Freshmen-V are served and
enjoyed by all.
Later in the year, the Y. M. and
Y. W. cooperate in giving a party for
all first year men and women. Get-
ing acquainted, dancing, and general
entertainment is held at
the social in the
operative house. The events are
enjoyed by all.

Mr. BROTHER
Each freshman who applies for ad-
mission to the college is required to submit
an application. No one writes to him during the

An important service rendered by the Y. W. C. A. is that of bringing notable speakers to the campus to give addresses and lead discussions on vital topics. Series of discussions are also presented from time to time, especially by faculty members. Free discussion follows a typed presentation by the speaker, and many questions are asked in the Assembly room of Ywca Hall.

CONFERENCE
In addition to the conferences on the campus the YWCA gives men to attend significant student conferences off the campus. Each year a delegation is sent to the Student Conference at Lake Junaluska, N. C. In addition, student conferences are held in the Army. Some of these conferences are held in the Army. All of these conferences are held in the Assembly room of Ywca Hall.

Other activities included in the pro-
gress of the year are the coeducational teams in sports, an employment service, the operation of a recreation building, the publication of an independent, and a publication of a student magazine, and publication of a student magazine.

The student body of the Association is growing in size, and participation is increasing. The student body is asked to contribute according to their ability.

Y. W. PRESIDENT'S GREETING TO FRESHMAN GIRLS
At the commencement at Miami the Y. W. C. A. extends the heartfelt welcome to the freshistas. May the "Crimson Trousers" meet to hold the deep affection, the deep respect that you carry in your heart. We are glad that you are here, and we wish you success in all that you do. We hope that you will consider the Y. W. C. A. your first friend.

Our organization embodies the high

LAURA LEE THOMPSON,
President of Y. W. C. A.
Can you shut, plug, read, write, draw, talk, lead meetings, arrange, feed and manage parties, make heavy waves, or can you beat me in the pool? Not only can I do any of these, but I can do them all at once. Y. W. C. A. needs you and you need the Y. W. C. A.

Organization

The Y. W. C. A. welcomes into its membership every girl who is interested in helping to carry out the work of the Y. W. C. A. at home and abroad. To those who are interested in the work of the association, every opportunity will be given for taking part in its activities.

What to do

To fill your fellow sister's place.
To serve in your own chair.
To write about the work.
To teach your class.
To图为 your house.
To look at our choirly back-colored events.
To attempt to solve our own problems.
To read the "Moral Housekeeping."

BIG SISTER MOVEMENT
Every freshman girl is given a Big Sister, an appreciative girl, who writes to her during the summer, who helps
her become acquainted and adapted to college life at Miami. Like a girl to whom you can go with any difficulties, for she will be a real friend, ready to
help any time. Big Sister Day will be May 24, 1929, and Big Sister Day will be May 25, 1929.

PREFRSON Y. W. C. A.
Franklin Y. W. C. A. is the big thing for all freshmen girls, the three secretaries, Dorothy Clark, Mary
Lou Steckle, and Laura Lee Thompson, work very hard on their projects, and have Jill good fun with the other girls and with you.

Every girl should know what fun it is to love things with other people and for them, you will learn in Franklin Y.

There are various things to do, such as to dress for service work, make ushers to look after your duties, money to
make to send a girl to summer camp, making up cards for those who are going to leave and trying to
learn. No matter what your in-
terest is, you will find something in Franklin Y. W. C. A.

For every girl there is a special place given to her, and she will have her own card, and be surprised with all the other girls too when the
dress is given to her, and she will get

Meetings are held in the carriage hall, and the Y. W. C. A. room on Thursday evening, 7:30. Look for the
notice of the beginning so you be on the look out and get in on it very first.

31
The sophomore girls  who are leaders of Freshman V have chosen a certain symbol and suggest that at the end of the first semester every freshman girl bring to the meetings and have the finest member of the class have a special pin which may wear this symbol if she desires.

We want every freshman girl to come into Freshman V and enjoy its good time and help make the future fellowship of freshmen girls complete.

In the future meetings, we will have a chance to have a class in the Y.W.C.A. work on the campus. If you are a Girl Reserve, you are interested all the way. If you aren't, just come along and find out—we know you will be interested.

MEET-A-BODY HOUR

The Y.W.C.A. holds no regular meetings for the membership, but always holds a Hi-Hour every Friday afternoon from four to five o'clock in the Y.W.C.A. You may join the meetings by inviting a friend.

The Hi-Hour will consist of an hour of informal discussion on some subject of interest, with girls on their own campus.

The purpose of the Meet-a-Body Hour is to supply the need of the young girls for conversation and to develop the interests in the cultural things of life. These discussions will really attempt to give a broad, practical picture of the world of which we would like to know and enjoy and never take the time to learn about ourselves.

SUMMER CONFERENCE

From the by-ways and beeches of the state of the Middle West via Ford, Hudson,  Morris and railroad camps we have come to the Y.W.C.A. summer camp for the last time of 609 girls from all the colleges of the region. Whatever the campus problems are inferiorly com- posed, too many of them were so close to their hearts that they could not be left for the time being.

There are no problems but just the degree for a good outdoor time is a necessity that these girls have. There is a plus of living, packing and talking with older college girls, they come. There must be something vital which makes many girls desire to come together in the fresh air and we have the problem that grows in. We are all seeking happiness in pain. It is in many different places. The inspiration during college comes from a lecture conference, or plan to have this experience for yourselves some time.

Y.W.C.A. THE PROGRESS OF BECOMING

When we meet a person with a radiant life, we are at home. Growing maturely, interested in our friends, in our old acquaintances, in our knowledge, or love, or experience, one comes into contact with our families and they become more and more important until it seems, if we may say so, that they become a sort of self and we feel that we are not, and that the one is, and that the one is an Exaltant-People-In-The-Making.

We write in the fellowship of the Y.W.C.A. for this purpose.
HONORARY ORGANIZATIONS

AETHEMAI LITERARY SOCIETY

Theatre chapter of the Alpha Xi Literary Society was installed at Miami University for the purpose of stimulating an appreciation among the students of the Liberal Arts College. Those eligible must have a "P" average and being in their final year at Miami University. It was initially organized in the fall of 1929, and was reorganized in 1933. The chapter has continued to flourish ever since.

DELTA OMEICON

Delta Omicron, a national musical society, was installed at Miami University in 1923 as an honorary organiza-
tion of women for the purpose of promoting and maintaining high standards in music and encouraging and recognizing girls who were taking the public school music courses. An average of "P" must be held and maintained for membership. The purpose of the organization is the furtherance of appreciation of music and the promotion of high musical endeavor. Musicals are given monthly by the members and a variety night in which the student body is in-
vited.

DELTA SIGMA PI

Negotiating the Alpha Chapter, Delta Sigma Pi fraternity, was installed at Miami three years ago. Membership is based on academic excellence, leadership qualities, and character. The chapter meets in the School of Business. Delta Sigma Pi is one of the leading business fraternities in the country.

ETA SIUMA PHI

Another national fraternity, installed here during the past few years, is Eta Sigma Phi, honorary Greek and Latin society. It attempts a two-fold purpose in that it tries to stimulate interest in and appreciation of the classics leading and adding interest among the choral students. Only those main-
ings a high average in the classical studies are eligible for membership.

KAPPA DELTA PI

Students who have done exceptional work in preparing themselves for the teaching profession may be elected to membership in Kappa Delta Pi national honor society. The Miami chapter, established here in 1933, are selected on the basis of a faculty "P" average from the junior to the senior classes.

KAPPA PHI

Kappa Phi is a national Methodist university women's club. Founded at Miami in 1915, the Miami Laumba chapter was installed at Miami in 1922. The purpose of the organization is to promote the interests of the Methodist movement. The society is open to college women who are members of the Methodist church and who are interested in the spiritual life of the church.

CHI DELTA PHI

Chi Delta Phi is an honorary literary-journalism society for girls who have shown exceptional ability in the field of journalism. It was established here at Miami with the purpose of promoting literary interests in the University and getting out a literary magazine. The Miami chapter has continued to flourish ever since.

The society remains strictly honorary.
LIBERAL ARTS CLUB

The Liberal Arts Club of Miami Uni-
versity was organized in 1941. For the
spring semester, the club met for an
hour and a half each Wednesday to
engage in literary and dramatic activi-
ties. The club includes members of the
freshman class and the junior and senior
years. The objectives are to furnish a
forum for discussion of literary and
theatrical subjects and to provide a
means for students to meet socially.

The BETA KAPPA

The Iota of Ohio Chapter of Phi Beta
Kappa, national honorary fraternity in
fraternity, was organized in 1941. Phi
Beta Kappa is composed of the senior
and junior classes who attain the high
scholarship standard.

The averages are figured as the
average of senior, junior, and sophomor-
course work. The averages are as fol-
loew:

PHI BETA FI

Phi Beta Phi is the honorary jour-
nalistic fraternity, founded at Miami
in 1941. Members have a copy of the
monthly newsletter called "The Phi
Betta." The club meets on the first
and third Wednesday of each month.

Each year the fraternity issues a
yearbook, which contains information
about members and activities. The
yearbook is created by the members.

The two principal aims of Beta Fi
gram is to advance French women to
the professional or business world,
especially in the teaching profession,
and especially in the teaching profession,
as well as to stimulate an interest
in the teaching profession. The phi
Delta chapter is the oldest in the
university. The Constitution is divided
into two parts: the constitution and
the by-laws. The by-laws are revised
annually. The Constitution is accepted
by the Faculty Senate and the Board
of Trustees.

CONSERVATION

Conservation is stressed in each of
the various meetings held during the
year.

PHI BETA SIGMA

The Miami University chapter of Phi
Beta Sigma, national scholastic hon-
orary fraternity for freshmen, was
established in 1941. Membership is
limited only to scholastic merit.

PHI MU ALPHA

This organization, also called Sim-
pleton, is a national professional music-
fraternity. The chapter at Miami is
based on an interest, interest shown, and
membership in college. Its policy is to
promote interest in music by means of
a program, made up of American music
during the year.

PHI SIGMA

Phi Sigma also chooses its members
from the upperclassmen by working in
literary, science, or music. The Miami or Episcopalian chapter was installed
BLUE KEY

Blue Key, a national men's society, was established on the Miami campus 1931. Its chief purpose is to foster the performance of many tasks which the administration and some organization of students can best work out together.

The executive board cooperates with the academic dean and is taking care of the many activities of the organization. It has charge of the Blue Key Banquet, which is held each year. Blue Key members are also active in athletics and campus activities.

THE SOCIOLOGY CLUB

The Sociology Club was founded under the Department of Sociology in 1934. The purpose of the club is to hold informal discussions on questions dealing with the field of sociology, to provide a social function during the academic year, and to prepare the members for an advanced course in sociology or in making "A" in an elementary course.

ROBOTICS CLUB

The Robotics Club is an organization for the advancement of the science of engineering. Meetings are held every two weeks in the Engineering Hall. Papers are read or reports given by members of the club on topics of general interest. Members of the club are not required to address the club. First-year students are especially encouraged to attend. In addition to the regular meeting, the clubs also hold social functions.

THE GERMAN CLUB

Students who are taking two or more advanced German courses are members of the German Club. The members of the German Department provide the program which varies from year to year. The members of the German Club have made the program a part of their study.

INTERCOLLEGIATE DEBATE

Intercollegiate debates in Miami are divided into two departments, one for freshmen and another for seniors. The debates, which are conducted independently of the other, are held in separate rooms and are judged by different panels. The men's debates take place during the latter part of February and March, while the women's debates are held in the latter part of March before the spring vacation.

All sophomores, junior and seniors majoring in speech are eligible to participate in the debates. The criteria for participation are set by the debate committee and are designed to ensure that the debates are held at a level of excellence.

The Debates hold last year were held with Miami College, Ohio University, and Western Reserve University. The committee consists of Professor William G. Allen, Assistant Professor of Speech, and a number of assistant professors.

During the year, the committee will hold a number of practice debates to prepare for the formal debates. The dates and places of these debates will be announced as they are scheduled.

FRESHMAN DEBATE

Following the policy of two years ago, freshmen intercollegiate debates were held again last year and will also be held this year. The direction of these debates rests the responsibility of the freshman debating society, which is composed of three members.

The objs were selected from a variety of departments and are chosen to represent the interests of the students.

The freshmen debates are held in the same room as the men's debates, and the same panel of judges are used.

The freshmen debates are considered to be a valuable learning experience for the participants, and they are designed to help the students develop their skills in public speaking.

FISIC CONTEST IN GRAVITY
The Phi Mu Dramatic contest was estab-
lished and endowed in 1931 by
Girly J. Fiske, Jr., Ph. D., in honor
of Charles Henry Fiske
of the class of 1894.
All sophomores, junior, and senior
men may enter the preliminary from
which the four, two, and one represen-
tatives are chosen to appear in the final
round in Boston Hall. The winner is award-
ed a cash prize of 300 and the sec-
t ime place receives 100. The contest
was last year. Perhaps Kelly was the
contest and senior (lyceum was second.

INTERCOLLEGIATE CHESS
Chess, that ancient sport of kings, has
found a place in the activities of the
student body of the College. A club has
been formed, and given promise of going
strong in a far bigger scale next year.

The increased interest in this sport
among the boys that has been noticed in
the planning of a fire-society program
next year, it is hoped to form an
intercollegiate chess league among the
schools of northwestern Ohio. The
interest in this venture was taken
last year.

PUBLICATIONS

The "Resevoir", the Miami University
year book, is published every two
years and each number is a tempta-
tively pictorial and written review of
the happenings of the school year.
This action is published by a staff
selected from the junior class and is
entirely under the direction of the
editor.
The "Observer" is chosen by the head of
the English Department who assigns
the editor. A staff is chosen by the editor
composed of about twelve members of the
Junior class. The staff
is responsible to the English Department.

A Business Manager is chosen by the
faculty of Business Administration.
The manager is responsible to the
retrieval manager. Candidates for the
managership must be from the business
school. The manager is assisted by the
classes and is considered by his
classmates to be an "officer of the year.
It is a very responsible position and
yes, the manager's job is considered
year. Perhaps "Man's Chair" is given
to the seniors, but the other classes are
not forgotten.

MIAMI STUDENT
Established in 1858, the "Miami Stu-

A destination among the students of the University for over a century is the Miami Literary Magazine. A forum for creative writing in all forms, it is a publication that reflects the diversity and talent of the University's students.

The editor is chosen by the Board of Directors, and is responsible for overseeing the production of the magazine. The magazine is available for purchase or can be read online.

This year, the Miami Literary Magazine is proud to present a special issue featuring works by some of the most talented writers on campus. The editors are excited to share this collection of writing with the University community and beyond.

The Miami Literary Magazine is a great way to stay connected with the creative writing community at Miami University.
The degree of the different departments of the school is a local and irregular manner, giving the results of athletic contests and containing all other information of interest to the alumni.

**Musical Organizations**

**THE GLEE CLUB**
Membership in the University Glee Club is limited to thirty-two men. At no time have more than forty-five been allowed to make use of these men are chosen, as a competitive force, basis from among the membership of the Men's Chorus, an organization which is open to all men desiring to sing. The Glee Club is used as a means of training to augment the University Glee Club in local performances. It has a membership of over 100 men during the year.

The University Glee Club gave quite a number of interesting performances this year. They made a trip to Cincinnati in Miami Days, where the club broadcasted through WAVE; a trip to Dayton to hear the World Famous Orchestra; and a tour through southern Ohio, visiting various high schools.

**MADRIGAL CLUB**
One of the oldest and best established of the musical organizations with a permanent life is the Madrigal Club. It is made up entirely of women's voices and has an enrollment of from 50 to 40 members. Since 1923 the club has given an annual series of concerts in Oxford and the surrounding towns which have been uniformly well received. Men are invited to attend the concerts held for their use and intensive practices are held throughout the term. The director of the Madrigal Club is presented to each member as a token of her membership.

**VARSTY BAND**
The Varsity Band consists of 10 to 14 members. Uniformity is maintained by the use of same instruments year after year and the interest shown in the work. The band plays for all home athletic contests and for several functions which climax a march. Last year the band made the trip to Springfield for the Wittenberg-Miamisburg game and also made the trip to Richmond for the Miami-Cincinnati classic. On Thanksgiving Day, the band played for the football game and for the reception at the Governor's Mansion. Recitations are held weekly and in the annual spring concert are performed. One semester hour of credit is awarded for sufficient work in the band.

**THE ORCHESTRA**
Under the direction of Warren Kraft, the orchestra holds weekly rehearsals. Membership consists of the finest of the instrumentalists between junior and senior years. The orchestra plays for the university, individual recitals and at the annual spring concert. The quartet concert is presented in Willard Auditorium.
YE MORRIS PLAYERS

Ye Morris Players controls the dramatic activities of the school. The system is used to determine membership; thus much hard work and active interest in dramatics is required. Points are made to improve a member's chances of joining Ye Morris Players productions.

Poundeds in Stansted organization has been active over the years. Two plays are presented each year—one of the comedies or a musical is included. The plays are carefully selected for their quality. Casts are selected through tryouts, and an active interest in dramatics is the aim of this fine organization.

THE DRAMATIC WORKSHOP

This is a sub-organization of Ye Morris Players. Occasionally they have their own performances or produce material for Ye Morris Players. The dormant Workshop is transformed into a selected audience of critics. Plays which are voted or selected as best are presented to the general public. They are held some time before a paid audience in the Workshop Theater located in the Music Building. The plays are usually classified as comedies or musicals. These plays are chosen by the Workshop leaders and the Dramatic Department.

MIDYOR PLAY

Shortly after the end of the first semester, the Dramatics selects a play under the supervision of Ye Morris players. Tryouts are open to everyone. The plays selected are of the highest quality obtainable and their presentation is looked forward to by the student body. The Dramatics is charged to cover the expenses of the production.

COMMENCEMENT PLAY

During Commencement Week Ye Morris Players presents a play for the benefit of the money of their plays. The company play is presented to the undergraduates before they leave for their homes. Credit towards membership is given to the members who participate as well as in the midyear play. At the next commencement "One Show Off" was presented.
THE AMERICAN ASSOCIATION OF UNIVERSITY WOMEN

Every woman graduate of Miami University qualifies for membership in the American Association of University Women. This national organization of college and university women, founded in 1880 and today, has an enrollment of twenty-six thousand members. By individuals in the United States, Washington and its four hundred and one national and state headquarters represent every state in the Union, most of the large cities of the country and many of the smaller towns. Its members are progressive women who meet socially and work in extra-curricular service in their communities. In many a community it maintains for the local women a meeting place for intellectual and social association.

Membership in the American Association of University Women carries with it membership in the International Federation of University Women. This is a federation of women's colleges in thirty countries, covering all continents except the Orient and New Zealand. Its headquarters are in London, through its general council and its standing committees and its encouragement of international hospitality, it aims to promote higher education for women throughout the world and its near eighty affiliated national associations and organizations in the United States and national women of all countries.
BUILDINGS

Here are given the principal build-
ing of the University, the dates men-
tioned being those of their dedICA-
tion.

Main Building, the oldest building on
the campus, is simply grouped, by
the Library, by the Slaght Hall of
Arts, by the Davis Building of the
Liberal Arts. The University Commons
a dining room for men, is in this build-
ing.

Belle Hall, the sciences building, pro-
vides laboratories and quarters for the
departments of Chemistry and An-
atomy.

Barton Hall contains the Auditorium,
used for the University Chapel, which
is located in the same building.

Cavendish Library was made possi-
 ble through a gift of Mrs. D. Meig of
Andover. The gift was received by the
University in 1904, and the building
was opened in 1905.

Library is a fine building for the
size and location of the University.

Botany Hall is devoted entirely to
the School of Botany. The botany de-
partment is housed in a large building
which was erected as early as 1892.

Chemistry Building is wholly dedi-
cated to chemistry. It contains a large
room with elevated seats, a library, of
which there is a collection of 2,000
volumes, and a large laboratory with
six laboratories.

The botanical building was erected as

perary structure and will be replaced
by a new negligent building, construc-
 tion of which will begin this Fall
for the Liberal Arts college, and the
School of Business in the north, and
the botanical building and offices, while the south section houses the Departments of Botany and
Physics. The School of Business is
also included in this building.

Herbarium, a twelve-week refresher
College.

Industrial Education Building is a
building of the University, the provi-
sion of mechanical drawing, wood-
working, and metal-working equip-
ments.
